<td>Continuation Application</td>
<td>IWAS</td>
<td>Annually – Release date may vary. Submitting by announced deadline will be vital to getting a July 1 start date.</td>
<td>Program plan, goals, and budget for upcoming year.</td>
<td>Grantees that want to receive continued funding will be required to complete an annual Continuation Application provided by ISBE. Continuation funding beyond the initial grant period will be based on the grantee’s progress toward meeting the objectives stated in the approved proposal.</td>
</tr>

<td>Expenditure Reports</td>
<td>IWAS</td>
<td>Minimum of quarterly; may be submitted more frequently. Quarters end March 30, June 30, Sept. 30, and Dec. 30.</td>
<td>Fiscal – Expenditures must align to approved budget and have occurred within program window.</td>
<td>Expenditure reports are required on a quarterly basis. Expenditure reports show ISBE the spend-down occurring within your grant and ensure you’re complying with spend-down in the NOFO/RFP. Expenditure reports are due on the 20th of the month following the end of the quarter. Expenditure reports cannot be submitted until an approved budget is on file with ISBE (via Continuation Application).</td>

### Illinois Benchmarking and Data Collection – Updated Grantee Responsibilities Under New GPRA

- **Staffing and demographic information about participants remain the same.**
  - Grantees will upload student rosters, along with numbers and types of staff, during each term.
  - *It is EXTREMELY IMPORTANT to have accurate student ID numbers in order for data to be pulled accurately.*
- **Student participation reported in hours.**
  - *ALL students* enrolled in programming will have attendance/participation data reported according to the hourly bands by grade level.
  - No "30-day regular attendance" goal. All students enrolled must be part of data collection.
  - Hourly bands: Less than 15 hours; 15-44 hours; 45-89 hours; 90-179 hours; 180-269 hours; 270 hours or more.
- **Teacher survey required for every student** enrolled in programming for Grades 1-5.
  - Grantees can choose to survey teachers of participants in other grades for local evaluation or internal program use.
  - There is not one required survey. Grantees should ensure their survey addresses changes in behavior, homework completion, and participation in class. Grantees have flexibility beyond that to ensure surveys are reflective of program goals and needs.
  - Survey should be given to a core academic teacher (math or reading preferred).
- **Activities offered, reported by new Government Performance and Results Act (GPRA) measures.**
  - Grantees will report hours per term each type of activity was provided.
  - Number of students participating in each activity category will also be reported.
- **Many of the other new GPRA measures will be collected by ISBE and loaded into the Benchmarking tool for grantees. These include:**
  - State assessment data for students in Grades 4-8.
  - GPA for students in Grades 7-8 and 10-12.
  - School day attendance data for students in Grades 1-12.
  - In-school suspension data for students in Grades 1-12.
