SUBPART A: APPROVAL OF PROGRAMS

Section 401.2 Regulatory Intent

An SBE approved provider under this Part shall administer special education programs. These programs are appropriate when an IEP Team determines that no less restrictive setting on the continuum of alternative placements is appropriate within the home district to meet the student's needs. This requirement shall not preclude the SBE approved provider from serving other students placed via alternative means, so long as the services provided to the student placed pursuant to the decision of a public school district's IEP team are sufficient and appropriate for the student to make progress.

Section 401.10 Application for Eligibility

Each provider seeking to become eligible to contract with Illinois public school districts to serve students with disabilities under Section 14-7.02 of the School Code shall be subject to the ISBE approval process described in this Section. The provider shall be a nonpublic special education program designed to serve students with disabilities. In accordance with 23 Ill. Adm. Code 226.330 (Placement by School District in State-Operated or Nonpublic Special Education Facilities), ISBE-approved nonpublic special education programs shall provide a highly specialized option for public school districts to use when an IEP Team determines that no less restrictive setting on the continuum of alternative placements will meet the student's needs. ISBE approval shall be specific to individual programs offered by a provider, and the same type of program conducted at two separate facilities shall be treated as two separate programs for purposes of approval. Public school districts shall not use a program not approved in accordance with the requirements of this Part to serve students with disabilities under Section 14-7.02 of the School Code, except for facilities used for emergency and student-specific placements pursuant to 23 Ill. Adm. Code 226.330(g) or (i).

- a) An application for initial ISBE approval of educational programs and/or residential programs, presented on forms supplied by the State Superintendent and containing all the items enumerated in this subsection (a), shall be submitted to the State Superintendent. Each application shall include the following:
 - 1) An accurate, written description of each program for which ISBE approval is requested shall include the following:
 - A) The disability categories and ages of students with disabilities for whom it is specifically intended;
 - B) The purpose and scope of the provider and its specific program services;
 - C) The data that will be collected on the programmatic outcomes achieved by those students, which shall reflect the students' learning goals as described in their respective IEPs;
 - D) The maximum number of students the program is intended to accommodate; and
 - E) A description of the program's philosophy and methodology behind working towards reintegrating students into the general education environment or supporting students towards their least restrictive environment.

- 2) A written plan for the administration and organization of the programs, including, but not limited to, the following:
 - A) A plan for the allocation of space solely for program purposes; and
 - B) An organizational chart that reflects the provider's governance, administrative, and educational structures.
- 3) The provider's proposed calendar for the program for which approval is sought. The proposed calendar shall meet the following requirements:
 - A) Regular School Year
Each provider's operating schedule shall include at least 176 days of student attendance for at least 5 instructional hours per school day during the regular school year. Related services listed in the student's IEP are included in meeting the instructional hour requirement. Instructional hours shall not include lunch, passing time or recess, unless otherwise specified by the individual student's IEP. A provider may have two full-day parent/teacher conferences. This option reduces the required number of student days to 174.
 - B) Educational Programming Outside of the Regular School Year
If programming takes place and is operated at a facility located within Illinois, it shall consist of at least 120 hours of instruction. Programming operated at a facility in another state may consist of fewer than 120 hours of instruction if approved by the responsible authority in that state. This subsection (a)(3)(B) will be effective beginning with the 2020-2021 school year.
- 4) A copy of one of the following inspection reports, indicating no violations:
 - A) the State Fire Marshal's most recent inspection report for the facility, which shall be no more than 36 months old at the time the application is approved;
 - B) if the State Fire Marshal's report is unavailable, an inspection report for the facility from a local governmental agency that is no more than 12 months old;
 - C) For an Illinois facility that is subject to the provisions of 23 Ill. Adm. Code 180 (Health/Life Safety Code for Public Schools), the report of the regional superintendent's most recent inspection

 - xii) Health/Life Safety Code for Public Schools (23 Ill. Adm. Code 180)
 - xiii) Special Education (23 Ill. Adm. Code 226)
 - xiv) Contested Cases and Other Formal Hearings (23 Ill. Adm. Code 475)
 - xv) Illinois Purchased Care Review Board (89 Ill. Adm. Code 900)
- 6) If the facility is located in Illinois and offers a residential component, evidence of the facility's current licensure, certification or approval by the responsible agency of Illinois government. The requirements of this subsection (a)(6) shall apply to contractual agreements for placements entered into on or after July 1, 2018. Nothing in this subsection (a)(6) shall be construed to disrupt, impact or nullify current contractual agreements for placements unless the IEP team determines another placement is more appropriate or the student reaches an age at which the student is no longer eligible for services under the IEP.
- 7) If the facility is located outside Illinois, evidence of the facility's current licensure, certification or approval to operate its educational and/or residential programs in the state where it is located, including a copy of

the standards or criteria used by the responsible agency in that state. If the state in which the facility is located does not regulate the program, the program is ineligible for ISBE approval. The requirements of this subsection (a)(7) shall apply to contractual agreements for placements entered into on or after July 1, 2018. Nothing in this subsection (a)(7) shall be construed to disrupt, impact or nullify contractual agreements for placements in effect on or before June 30, 2018. A sibling of a student who is placed pursuant to a contractual agreement in place on or before June 30, 2018 who is also served under Section 14-7.02 of the School Code may be placed at the same facility after July 1, 2018 if the sibling's IEP team determines that is the most appropriate placement.

- 8) For instructional programs, summary information about all professional staff positions, and copies of the relevant credentials of persons employed in those positions, demonstrating that the facility has sufficient staff available who are qualified pursuant to the requirements of Section 401.240 in order to operate the program.
 - 9) For instructional programs, summaries of related services provided by the facility's professional staff or available to the provider under contract, demonstrating that the provider has sufficient related services available to operate the program.
 - 10) For programs serving students for whom behavioral interventions may be appropriate, a description of the provider's formalized approach to the use of these interventions, subject to the limitation stated in Section 401.140(a). Starting with the 2019-2020 school year, providers using disciplinary or behavioral techniques or interventions prohibited in Illinois are not eligible for approval in Illinois, except as otherwise provided in Section 14-7.02 of the School Code.
- b) Upon submission of an initial application for an educational or combination program, the provider will be required to complete a scheduled nonpublic special education orientation. The orientation shall be completed prior to a final determination being made on the application. Providers that have completed a compliance monitoring review that yielded no findings within the last five years are exempt from orientation.
 - c) If the application is complete and the facility is located in Illinois or within 50 miles of Illinois, ISBE staff shall conduct an on-site review and evaluate the facility and the programs offered for the purpose of verifying the accuracy of the application, evaluating their compliance with the other requirements of this Part, and recommending approval or disapproval of the programs.

- 1) An out-of-state program conducted more than 50 miles outside of Illinois shall be approved without a site visit from an Illinois representative if the following conditions are satisfied:
 - A) The educational program is an approved special education program in the state where the facility is located and this approval was granted in light of the information gathered during a site visit by a representative of the responsible agency;
 - B) The residential component, if any, is regulated by the responsible agency in the state where the facility is located; and
 - C) The application provides evidence that the requirements of Section 410.140 will be met.
- 2) An out-of-state program conducted more than 50 miles outside of Illinois that was approved in the state where the facility is located without a site visit by the responsible agency may be visited by a representative of ISBE in order to verify the accuracy of the application and determine whether the requirements of this Part have been met so that Illinois approval can be granted.
- d) A program determined to comply with this Part shall be designated as "Approved" and shall be available to Illinois public school districts to serve students with disabilities under Section 14-7.02 of the School Code beginning on the day the application is approved if the other requirements of Section 401.110 of this Part have also been met. The provider operating the facility shall be notified in writing of the date of program approval.
 - 1) Initial approval shall end on the last day of the program's approved calendar for the school year in question, unless approval is changed pursuant to Section 401.30.
 - 2) A program shall serve only the specific student demographics described in the approved application. All program changes or additions to disability categories or services, age range service, or changes in location shall be approved in a manner prescribed by the State Superintendent prior to that change or addition being made.
- e) An initial application that does not meet the requirements of this Part shall be provided with a notice of the specific deficiencies. If the deficiencies have not been remedied in their entirety within one year after receipt of the notice, ISBE

shall deny the provider's approval.

- f) An application for renewal of ISBE approval, consisting of all the components set forth in subsection (a), shall be submitted for any subsequent period in which a provider seeks to contract with Illinois public school districts to serve students with disabilities in the facility under Section 14-7.02 of the School Code. The submission deadline shall be the March 15 prior to the beginning of the school year in question. If March 15 is not a business day, the deadline shall fall on the next business day. The ISBE approval process for any subsequent period may also involve on-site reviews, at the sole discretion of the State Superintendent.
- 1) The denial of an application for renewal of ISBE approval shall cause the program approval status to change to "nonapproved" subject to the procedures set forth in Section 401.30(c).
 - 2) Renewed approval generally shall be valid for two school years, ending on the last day of the program's approved calendar for the second school year, unless approval is changed pursuant to Section 401.30. The first renewal of ISBE approval for a new program offered by a provider that already operates other approved programs shall be granted for the number of years that will place it on the cycle already established for that provider.

Section 401.20 Notification Requirements

- a) A provider that operates a facility subject to the requirements of this Part and intends to cease operations, to move to a new location, or to discontinue any of the facility's approved programs shall ensure that the State Superintendent and each public school district with which it has entered into contracts for services receive no less than 40 business days' written notice of that intention. A provider shall also notify the State Superintendent in writing, so that the notification is reasonably calculated to be received at the State Board of Education's office at 100 North First Street, Springfield, Illinois 62777, within 40 business days after the following:
- 1) Any change in its educational administration and organization, as described in its SBE approved application; and
 - 2) Any change in the number, type or duties of the professional staff positions identified as part of the application for SBE approval or in the licensure status or credentials of any individual employed in such a position, provided that the change does not affect the program's or facility's compliance with the requirements of this Part.
- b) A provider shall notify the State Superintendent in writing, so that the notification is reasonably calculated to be received at the State Board of Education's office at 100 North First Street, Springfield, Illinois 62777, within five business days after the following:
- 1) Any change in the facility's compliance with applicable fire prevention regulations or other federal, state, and local laws, ordinances, or regulations, as described in its approved application pursuant to Section 401.10(a)(5), or in the physical facilities used;
 - 2) Any change in the facility's approval or licensure to provide a residential program as described in its approved application;
 - 3) Any change in the facility's approval or licensure to operate in a state other than Illinois as described in its approved application;
 - 4) Any change in the number, type or duties of the professional or paraprofessional positions identified as part of the application for SBE approval of an educational program or the education component of a combination program, or in the licensure/certification status or credentials of any individual employed in such a position, if the change will affect the program's compliance with the requirements of this Part.

- A) If any professional staff position subject to the notification requirements of this subsection (b)(4) remains vacant, the provider shall provide written notification to the State Superintendent and to the placing public school districts after 20 business days and again after 40 business days of its attempts to permanently fill those positions and of other efforts, including the use of substitutes, undertaken in order to provide necessary instruction and related services to the students enrolled.
- B) If the State Superintendent determines that the provider has not reported staffing changes in a program as required, the State Superintendent shall change the approval status of the program accordingly, pursuant to the provisions of Section 401.30.
- c) Should a provider elect to terminate a student's placement in a facility under this Part, the provider shall give written notice to this effect to the contracting public school district at least 20 business days prior to the date of termination, unless the health and safety of any student are endangered. The notice shall include the reasons for the termination.
- d) Notification to the State Superintendent regarding any breaches of test security or other testing irregularities in connection with the State assessment shall conform to the requirements of Section 401.145.

(Source: Amended at 42 Ill. 6471, effective March 21, 2018)

Section 401.30 Changes in Approval Status

SBE approved programs that serve students with disabilities under Section 14-7.02 of the School Code, whether located in Illinois or out of state, shall be evaluated periodically by the State Board of Education. The evaluation may take place for any reason, with or without prior notice to the provider, and at the sole discretion of the State Board of Education and may involve an on-site review. The evaluation shall result in either retention of approved status or assignment of one of the following statuses:

- a) A status of "Approved with Administrative Review" shall be assigned when an instance of noncompliance by an approved program is first identified during a school year and the State Superintendent determines that that noncompliance does not substantially affect the safety of, or provision of appropriate education to, the students enrolled. The State Superintendent shall outline each area of noncompliance in a written report with the corrective actions and timeline required to remedy each area. The provider shall have 80 business days to remedy all areas of noncompliance.
 - 1) Every 20 business days after notification that it is approved with administrative review (up to the 80 business day timeframe for this status), an affected provider shall file with the State Superintendent a progress report describing actions taken to correct the instances of noncompliance identified.
 - 2) If the State Superintendent determines that the provider has corrected the instances of noncompliance within the time allotted, the program's "Approved" status shall be restored.
 - 3) If the State Superintendent determines that the provider has failed to correct the instances of noncompliance within the time allotted, a status of "Pending Further Review" shall be assigned to the program. A provider that is subject to the requirements of this Part shall not accept a new student from a public school district into a program whose status is "Pending Further Review". Upon notification of the "Pending Further Review" status, a public school district shall not make new placements into those programs and shall identify alternative arrangements for the students, or were recurrent instances of minor noncompliance, in the event that the State Superintendent notifies the district that the violations are not remedied.
- b) A status of "Pending Further Review" shall be assigned whenever a program is determined to be in noncompliance with one or more requirements of this Part that may substantially affect the safety of or provision of appropriate education to

students but that does not constitute imminent danger, or exhibits recurrent instances of minor noncompliance. The provider shall have 40 business days to remedy the noncompliance.

- 1) No more than 10 business days after receipt of notification from the State Superintendent of Education that program approval status is pending further review, an affected provider shall submit a written report to the State Superintendent describing its plans for correcting the noncompliance identified and the actions taken to correct it. Every 10 business days thereafter, an affected provider shall file with the State Superintendent a progress report describing the actions taken to correct the instances of noncompliance or the expiration of the 40 business day timeline.
- 2) If the provider demonstrates that it has corrected all instances of noncompliance within the time allotted, its "Approved" status shall be restored.
- 3) If the provider has corrected the instances of noncompliance that may substantially affect the safety or the provision of appropriate education to students, or were recurrent instances of minor noncompliance, but has not remedied other instances of noncompliance, its status must be changed to "Approved with Administrative Review".
- 4) If the provider fails to demonstrate within the time allotted that it has corrected the instances of noncompliance that may substantially affect the safety or the provision of appropriate education to students, its status shall be changed to "Nonapproved". If the State Superintendent determines the provider is demonstrating progress toward correcting instances of noncompliance that may substantially affect the safety of or the provision of appropriate education to students, and any continued instances of noncompliance do not constitute imminent danger, then the provider will be assigned a subsequent status of "Pending Further Review". If the provider exhibits recurring instances of documented noncompliance, its status shall be changed to "Nonapproved".
- 5) A provider that is subject to the requirements of this Part shall not accept any new students from public school districts into any program whose status is "Pending Further Review". Upon notification of the designation of "Pending Further Review" status, a public school district shall not make a new placement into those programs and it shall identify alternative arrangements for its students in the program, for implementation in the event that the State Superintendent notifies the district that the violations are not remedied.

- c) A status of "Nonapproved" shall be assigned to a program or programs previously assigned a status of "Approved with Administrative Review" or "Pending Further Review" when the nonpublic facility or any of its programs exhibits substantial and/or recurrent instances of noncompliance, showing that the provider is consistently unable to meet the approval requirements of this Part. A program may be determined "Nonapproved" without previously having been assigned a status of "Approved with Administrative Review" or "Pending Further Review," if any instances of noncompliance that present imminent danger to the students exist or if the State Superintendent verifies that the provider has unilaterally and intentionally ceased providing appropriate education pursuant to a public school district's contracts and one or more students' IEPs.
- 1) A status of "Nonapproved" voids the provider's eligibility to contract with Illinois public school districts to serve students and receive funds under Section 14-7.02 of the School Code in the nonapproved programs for the remainder of the school year.
 - 2) Providers shall be given 10 business days' notice by the State Superintendent before nonapproval becomes effective, unless imminent danger to students precludes that notice. The State Superintendent shall also give 10 business days' notice to affected public school districts to enable them to implement other arrangements prior to the effective date of nonapproval, as required.
 - 3) The provider of any previously approved program placed on nonapproved status shall be afforded an opportunity for a hearing pursuant to the Illinois Administrative Procedure Act [5 ILCS 100] and the State Board of Education's rules for Contested Cases and Other Formal Hearings (23 Ill. Adm. Code 475). Unless the State Superintendent identifies that the reasons for nonapproved status are a danger to student health or safety, a request for a hearing shall stay the effect of the change in status and the program shall remain at the last assigned status prior to nonapproval pending the outcome of the hearing.
- d) Any provider whose license or approval to operate a residential program is revoked shall immediately have its residential programs nonapproved and will be ineligible to provide residential services to students under Section 14-7.02 of the School Code. An admissions hold placed on a residential program by the residential program's licensing agent will constitute a reciprocal admissions hold barring public school districts from making new placements to that provider residentially.

- e) Any out-of-state provider whose license or approval to operate a program is revoked by the responsible authority in the state where its facility is located shall immediately have its affected programs nonapproved and will be ineligible to contract with Illinois public school districts to serve students under Section 14-7.02 of the School Code. An admissions hold placed on a residential program by the residential program's licensing agent will constitute a reciprocal admissions hold barring public school districts from making new placements with that provider educationally.
- f) Nonapproval of a program during a school year shall be cause for termination of all the provider's contracts with Illinois public school districts for that program, and the provider shall be ineligible to contract with Illinois public school districts for the nonapproved program.

SUBPART B: PLACEMENT AND EDUCATION OF STUDENTS

Section 401.110 Use by Public School Districts

Each public school district shall be responsible for monitoring the performance of each program where its students are placed, to ensure that the implementation of each student's IEP conforms to the applicable requirements of all applicable federal and State laws and regulations, including, but not limited to, 23 Ill. Adm. Code 226 (Special Education). Contracting with a program in accordance with this Part does not relieve the district of the responsibility for ensuring that the student will receive all programming and related services required by the IEP, whether from one source or from multiple sources. In addition, except for emergency and student-specific placements made pursuant to 23 Ill. Adm. Code 226.330(g) or (i), no public school district shall place any student in a special education program that is subject to the requirements of this Part, nor shall the provider of any program accept placement of any student under Section 14-7.02 of the School Code, unless all the following conditions have been met:

- a) ISBE has approved the program for the school year for which placement is sought;
