Local Educational Agency Assessment

The Illinois State Board of Education is required by the U.S. Department of Education, as authorized by the Every Students Succeeds Act, Title IX, Part A – Homeless Children and Youths, Section 722(f)(5), to monitor Local Education Agencies (LEAs) to ensure compliance with federal education regulations for children and youth experiencing homelessness.

The purpose of this assessment is to allow an LEA to evaluate and improve services and supports for students experiencing homelessness in your community. This review, along with a more comprehensive needs assessment, can enable an LEA to more effectively coordinate efforts to identify and eliminate barriers to the academic success of children and youth experiencing homelessness.
