

# Illinois State Board of Education

100 North First Street  
Springfield, Illinois 62777-0001

## EVALUATION FOR PREVIOUS QUALIFICATIONS

### EDUCATOR EFFECTIVENESS DEPARTMENT

Previous qualifications can be added to the ELIS accounts of educators who first became qualified to teach a subject and grade range on or before June 30, 2004. The educator may qualify with 16 semester hours of coursework in the applicable content area (except for Safety and Driver's Education). All coursework must be completed through a regionally accredited institution with a C- grade or higher. Remedial coursework (which normally is coursework below the 100-level) cannot be used. The licensure specialist, regional superintendent, or assistant regional superintendent may complete the evaluation and upload this worksheet into the educator's ELIS account in the Images section once completed.

NAME	IEIN	DATE
REGIONAL OFFICE OF EDUCATION	EVALUATION COMPLETED BY
