The information requested in this application is required by 23 Ill. Admin. Code Part 425 for a nonpublic school to achieve "Recognized" status through the Illinois State Board of Education (ISBE). Questions or concerns should be directed to the ROE/ISC Department at (217) 785-9998. An application for initial recognition may be submitted at any time; however, applications received late in the school year will be held until the next school year. Please ensure you have the latest version of this form from <https://www.isbe.net/nonpublicprograms>.

A decision to assign recognition to a nonpublic school is based on the following steps (see 23 Ill. Admin. Code 425.50):

1. The following pages must be completed fully by responding to each item in one of the following ways:
 - a. "Yes" indicates the school meets the requirements for that item. A brief statement indicating where the evidence of compliance may be found (e.g., "Board policy manual," "Student files," "laboratory," etc.) must be supplied in the space provided.
 - b. "No" indicates the school does not meet the requirements for that item. Any item marked "No" must be resolved prior to the compliance visit.
 - c. "N/A" indicates the item does not apply to the school.
2. After an application has been deemed complete and in compliance with applicable rules and regulations, a compliance visit will be scheduled. At some point after the compliance visit has concluded, ISBE will review all applicable information and make a determination whether the school shall be issued recognition status.

This application may be completed electronically and then printed for signature or may be printed and then completed and signed. In either case, the document is submitted in paper form with an original signature to:

A note concerning recognition:

The recognition status assigned to the school is a result of the school's compliance with relevant statutes, regulations, and rules as evidenced in part by the on-site review of the institution recorded in this document. Feedback data and input were gathered from each team member to complete this report. Please note the following regarding the assignment of recognition status:

- **Full Recognition** – The school complies with all relevant requirements.
- **Recognized Pending Further Review.** The school exhibits areas of noncompliance that are not serious enough to warrant probation and can be corrected prior to the end of the school year following the school year in which they were identified. When a school is recognized pending further review, the chief administrator may, within 30 days after receipt of notification to this effect, request a conference at which representatives of the school will have an opportunity to discuss compliance issues with representatives of the Illinois State Board of Education (ISBE).
- **Probationary Recognition** – The school shall be placed on probation if it
 - A. Exhibits deficiencies that present a health hazard or danger to students or staff;
 - B. Fails to offer required coursework;
 - C. Employs personnel who lack the required qualifications;
 - D. Fails or refuses to serve students according to relevant legal requirements; or,
 - E. Prolongs or repeats instances of noncompliance to a degree that indicates an intention not to comply with relevant requirements.

When a school is placed on probation, the State Superintendent shall schedule a conference at which representatives of the school will discuss compliance issues with representatives of ISBE, unless the chief administrator has appealed the school's status as provided in 23 Ill. Admin. Code 425.50. Within 60 days following this conference, the school's chief administrator shall submit to the State Superintendent a plan for corrective action that conforms to the requirements of 23 Ill. Admin. Code 425.50(f).

Non-recognition – The team found the school to be greatly out of compliance such that remediation will require considerable time and effort or the school has been in probationary recognition yet failed to address deficiencies noted and to implement successfully a plan of remediation approved by the State Superintendent of Education as described in 23 Ill. Admin. Code 425.50.

Appeals – A chief school administrator who wishes to appeal a school's placement on probation or non-recognition shall submit to the State Superintendent of Education a written statement of appeal within 14 days after receiving notification of the recommended status in accord with 23 Ill. Admin. Code 425.70:

- A. Within 30 days after receipt of the appeal, the State Superintendent or a designee shall convene a hearing to review all pertinent information, including the procedures that led to the recommended recognition status. Representatives of the affected school shall have an opportunity to present evidence demonstrating that the school complies with the requirements of the 23 Ill. Admin. Code Part 425.

No later than 30 days after the conclusion of the hearing, the State Superintendent shall inform the chief school administrator of the school's recognition status. The decision of the State Superintendent of Education shall be a final administrative decision, subject to the Administrative Review Law [735 ILCS 5/Art. III].
