AFNR Stakeholders

The **Illinois Committee for Agricultural Education (ICAE)** is a group of professionals tasked with advising the Illinois State Board of Education on agricultural education. Pursuant to Illinois School Code, (105 ILCS 5/2-3.80), the thirteen-member committee is composed of members representing the following groups: six members from ILCAE, two secondary agricultural teachers, one agricultural literacy representative, one community college agricultural teacher, one adult agricultural education teacher, one university agricultural teacher, and one FFA representative. To learn more about ICAE, please visit the ICAE webpage at www.isbe.net/icae.

In addition to ICAE, agricultural education in Illinois is supported by a collaborative effort of middle and high school educators as well as post-secondary institutions, student organizations, advisory groups, leadership committees, and partners in the agricultural industry. We thank all stakeholders for their continued support of agricultural education in Illinois.
