**Kindergarten Individual Development Survey**  
Every Illinois Child Ready for Kindergarten

## **KIDS District Data**

**Ed360 Dashboard and SIS Reports**

Fall 2019 KIDS Data Release

**Equity • Quality • Collaboration • Community**

# Background

- The Kindergarten Individual Development Survey (KIDS) began as a pilot with select districts in 2014.
- Statewide implementation of KIDS began in fall 2017.
- Ninety-nine percent of districts collected KIDS data in fall 2019.
- The KIDStech application provides individual districts and schools with summary reports and student-level results by teacher.
- The full KIDS tool includes 55 readiness measures.
- ISBE requires districts to collect only the **14 State Readiness Measures** for each kindergartner within the first 40 days of school. Districts have the option to collect up to the full 55 measures and also have the option to perform the observations again in the winter and spring.

# Accessing KIDS Results

- During the KIDS data collection window, districts use an online application called “KIDStech” to submit observation ratings. Teachers can access classroom and student level reports for their own schools immediately after the data is entered.
- KIDS district-level results are now available in the **Student Information System (SIS)** and **Ed360**.
- The fall 2019 KIDS data will officially be under a “review period,” under embargo, and not available to the public until August 24, 2020. ISBE will publish a public summary of statewide and district-level KIDS data in August.
- The data in SIS, Ed360 and the public release only pertain to the 14 State Readiness Measures.

# KIDS Results in SIS

- All districts can run KIDS reports using the Student Information System (SIS).
- Functionality, such as navigation and data export, will be consistent with other SIS reports.
- SIS KIDS reports will provide the same data as KIDS reports from Ed360.
- District Administrators must grant appropriate access to each individual in SIS.
- Please note: The KIDS Contact in your district receives all KIDS information. You can update the KIDS Contact information for your district in the Entity Profile System in IWAS. View instructions in the EPS Guide at [www.isbe.net/Pages/Entity-Profile-System.aspx](http://www.isbe.net/Pages/Entity-Profile-System.aspx).

# KIDS Results in SIS

- The KIDS reports will be available just like any other SIS report.
- The reports can be found under the “Reports / Early Learning” menu options.

The screenshot shows the Illinois State Board of Education Student Information System (SIS) interface. The top navigation bar includes the Illinois State Board of Education logo, the text "Student Information System", and "View Report". The left sidebar contains a menu with items: Home, Student, Search SID, Request New SID, Multiple SID, Exit Enrollment, Assessment Pre-ID, Assessment Correction, Assessment Unassigned, Adjusted Cohorts, Early Learning, Teacher, Batch Files, Reports (circled in red), Help, and Log Out. The main content area displays a list of report categories under the "Student" heading: Assessments, Bilingual, Demographics and Enrollment, Discipline, Early Learning (circled in red), Homeless, Individual Student, Regional Safe School, and Special Education. Below this are sections for Course Assignments (Student and Teacher Reports, Missing Courses), State Reporting, Prenatal, and Miscellaneous Reporting. A footer bar contains contact information for the Call Center and copyright information.

# SIS KIDS Summary Report

Select the school within your district, the school year, the term, and additional demographic information, if desired.

Select “View Report” or “Create PDF Report” to generate the report.

The screenshot shows the SIS interface for the Illinois State Board of Education. The header includes the logo and name of the board, the title "Student Information System", and the page title "View Early Childhood Kindergarten Individual Development Survey (KIDS) Summary". A session timeout of 19:59 is displayed. A left-hand navigation menu contains links for Home, Student, Search SID, Request New SID, Multiple SID, Exit Enrollment, Assessment Pre-ID, Assessment Correction, Assessment Unassigned, Adjusted Cohorts, Early Learning, Teacher, Batch Files, Reports, Help, and Log Out. The main content area is titled "Early Childhood Kindergarten Individual Development Survey (KIDS) Summary" and contains several filter options: School (All Schools), School Year (2018), Term (Fall), Demographic Group (ALL), Gender (Both, Male, Female), and Race/Ethnicity (All Races). Below these filters are two buttons: "View Report" and "Create PDF Report". The footer contains contact information for the call center and copyright information for 2008-2018.

# KIDS Results in Ed360

- KIDS is available in Ed360 as a menu option in the Academics area.
- Functionality including navigation, drill down and data export, will be consistent with other Ed360 data.
- Data in Ed360 can be viewed from an Admin view (district and school summary plus drill down to classroom and student details) or from a Teacher view. Teachers can see classroom summaries and student details.
- Find information about granting user access to **Ed360** on pages 3-6 in the Ed360 [Opt-in Guide](#) and in this [Ed360 + EIS video](#) module.
- A district superintendent may opt their districts into Ed360, a free and mobile-friendly data dashboard developed by ISBE.
- Learn more about Ed360 at [isbe.net/ed360](https://isbe.net/ed360).
