Material Orders

College Board will order both standard and nonstandard materials on behalf of schools

- The College Board will determine your materials order for the SAT, PSAT 10, or PSAT 8/9 based on:
 - The number of students included in the pre-ID file submitted by ISBE, based on January 2020 data in ISBE's Student Information System (SIS).
 - The number of students and the types of approved accommodations for eligible grade levels via the College Board's SSD Online system.

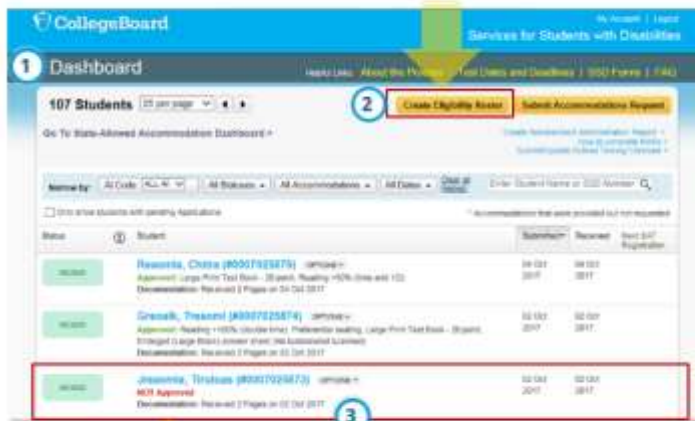

Nonstandard Material Orders

- Nonstandard materials will be shipped for all eligible grade levels based on accommodations approved and in pending status in SSD Online by the deadline. This includes College Board-approved accommodations, state-allowed accommodations, and EL 50% extended time support.
 - PSAT 8/9 – Grade 9
 - PSAT 10 – Grade 10
 - SAT – Grade 11 and Grade 12
- Therefore:
 - You will receive materials for a student who may not be required to test (e.g., grade 12).
 - You will receive materials for a student who may not have an approval in SSD Online yet. Be sure to monitor the dashboard for status of approval before administering the test with accommodations.
- If you submit a request for accommodations or supports after the deadline, you will need to contact the SSD Office by calling the IL Educator Support line in order to ensure materials can arrive in time for testing.
- Pre-ID labels will be shipped to each school listed as the “Testing School” in the SAT and PSAT Pre-ID report so they may be affixed to student answer sheets.

Nonstandard Materials

College Board will order both standard and nonstandard materials on behalf of schools

- To ensure you receive the correct nonstandard materials for the students testing with accommodations at your school, please confirm the following:
 - The student's accommodations are entered under your school's AI code and the student appears on your Eligibility Roster.
 - Instructions for transferring students to your SSD dashboard are included in the [SSD e-module](#).
 - The student's expected graduation date aligns with the test they will be taking. For example, if the student will be taking the SAT, then their expected graduation date should be between May and December 2020.
 - Instructions for updating a student's expected graduation date are included in the [SSD e-module](#).
 - If you are associated with a high school district that is responsible for testing a 15-year old student with an IEP currently served at an elementary school district, and their graduation date is listed as 2024 or beyond in SSD Online, you will need to contact the SSD office to request PSAT 8/9 nonstandard materials for testing.
