

## Business Rules for: Calculating District Average Daily Attendance (ADA)

The following are the business rules for determining an ADA from the school calendar and the SIS Student Attendance record.

1. ADA will be calculated for every public school district except Illinois Department of Juvenile Justice.
2. The state charter districts are calculated separately and manually added into the resident district.
3. An attendance record is collected for each month for each student enrolled for at least a day during the month.
4. An attendance record consists of number of days during the month that the student was:
  - a. Days Present
  - b. Days Absent – Unexcused
  - c. Days Absent – Excused
  - d. Medically Homebound
  - e. Hospitalized
5. There are 9 ADA periods.
  - a. Period 1 is from the first day of class to the end of September.
  - b. Period 2 to 8 are the months from October through April.
  - c. Period 9 is from May 1<sup>st</sup> through the last day of school.
  - d. No attendance is collected for summer school.
6. A students' days of attendance is the sum of the Days Present.
7. The actual attendance is the sum calculated above \* the percent time of day.
  - a. If the student is present 50% of the day and was present 20 school days during the month the attendance is  $20 * .50 = 10$ .
8. The Students being served in a state funded school are not included in the calculation. The state funded schools are:
  - a. 190220200636301 - Phillip J Rock and School
  - b. 651089000803001 - Illinois School for the Deaf
  - c. 651089000803002 - Illinois School for the Visually Impaired
  - d. 651089000803003 - IL Center for Rehab & Education
9. The days of attendance are split into claimable and non-claimable counts based on the student/enrollment.
10. The students must be enrolled in Kindergarten through 12<sup>th</sup> grade.
11. Pre-K special education students are also claimable in their resident district unless they meet a rule defined below.

Approval records are matched by these rules:

  - a. Begin date of the approval record is greater than or equal to the enrollment begin date,
  - b. Begin Date of the approval record is less than or equal to the exit date of the enrollment.
  - c. If the enrollment is null the current date is used for the comparison.
12. Pre-K general education students are counted as non-claimable in their resident district.
13. A non-claimable student/enrollment is one that:
  - a. The student is a special education youth-in-care (YIC) student.
    - i. The attendance is non-claimable in the resident district.

- b. The parent pays tuition for the student to attend a district outside their residence.
  - i. The attendance is non-claimable in the district serving the student.
- c. The student is a YIC, in general education and living in a group home.
  - i. The attendance is non-claimable in the resident district.
- d. The resident school of the student is deactivated.
  - i. The attendance is counted as claimable in the resident district.
  - ii. The attendance is counted as non-claimable in the serving district.
- e. The student is in a county detention center.
  - i. The attendance is counted as non-claimable in the district of the detention center.

14. A claimable student/enrollment are all students in their resident district that are not marked as non-claimable by the rules above.

Report Logic:

The columns for Period 1 through 9.

- 15. The claimable days for a period are the sum of the days of attendance for the associated month for all claimable students for the month.
- 16. The non-claimable days for a period are the sum of the days of attendance for the associated month for all non-claimable students for the month.
- 17. The days in session for a period is calculated from the school calendar.
  - a. A school attendance day is a day coded with a school calendar code as noted in the table attached below.
- 18. The claimable ADA for a period is the claimable days of attendance divided by the number of days in session.
- 19. The non-claimable ADA for a period is the non-claimable days of attendance divided by the number of days in session.

The columns for the Total line (Row 10)

- 20. The claimable, non-claimable and days in session are the sum of rows 1 through 9.
- 21. The claimable ADA total (Col. 6) is the total claimable for the year divided by the total days in session for the school year.
- 22. The non-claimable ADA total (Col. 7) is the total non-claimable for the year / total days in session.

The total calculated as Row 11

- 23. The ADA for the resident pupils for whom tuition is paid to another LEA is calculated as: Sum of the claimable days for students where the serving district is not their resident district divided by total days in session for the school year. Examples where the serving district is different from the resident district are:
  - a. The student is attending a Career Technical Center.
  - b. The student is being served by a special education coop.
  - c. The student is being served by a private facility.
  - d. The student is being served by a coop high school. There are two currently, Paris and Henning-Bismarck Cooperative HS.
  - e. The student is being served by another public school district.

ADA Calculation

- 24. The 9 month ADA calculation is the total claimable ADA (Row 10 Col 6) – Students whose tuition is paid to another district (Row 11) + the total non-claimable ADA (Row 10 Col. 7).

25. The districts best 3 months ADA is the sum of the Claimable Days of attendance for the highest 3 months ADA divided by the sum of the days in session for those months.
