

Career Challenge! Math at Work

The Illinois Mathematics and Science Academy (IMSA), in partnership with the Illinois State Board of Education (ISBE), is launching a pilot project to integrate middle school mathematics and career awareness. This fully-funded project will provide online teacher professional development and virtual student field trips.

Project Highlights:

- Learn to give students an opportunity to practice math standards in problem-based scenarios while exploring a variety of careers.
- Get access to classroom technology for improving remote instruction capabilities.

One-day online workshop focused on aviation careers and mathematics

Students participate in a challenge focused on space exploration and mathematics
