The Cohort 6 High School performed accordingly on LEA Goals for: Increased Attendance/Climate and Culture; Increased Graduation Rate and Decreased Dropout Rate; Increased Achievement in Reading; Increased Achievement in Math. From FY2014 - FY2016, Gage Park High School averaged 85.6% attendance rate, 9.1% overall M/E on standardized PSAT assessments, and 59.5% average graduation rate. Data from 2015 and 2016 show considerable growth in these metrics, as well as a significant improvement in climate and culture metrics, under the present administration. 2014-2015 Attendance - 79.7, Behavior/Discipline - 85.74 (Groups 1-3), Behavior/Discipline - 14.27 (Groups 4 - 6), Graduation Rate - 56.6, Drop Out Rate - 5.2. 2014-2015 Attendance - 85.6%, Behavior/Discipline - 77.83% (Groups 1-3), Behavior/Discipline - 22.18% (Groups 4 - 6), Graduation Rate - 56.6, Drop Out Rate - 6.2. 2014-2015 Attendance - 91.4%, Behavior/Discipline - 93.46% (Groups 1-3), Behavior/Discipline - 1.4% (Groups 4 - 6), Graduation Rate - 62.6, Drop Out Rate - 1.6. Increased Attendance. Attendance has increased 5.9% from FY 2015 to FY 2016; and 5.8% from FY 2016 to FY 2017. Increased Improvement in Climate/Culture. Concerning the FY 2016 and FY 2017 metric comparisons: Increase in Behavior/Discipline, Groups 1 - 3 due to effective use of In-School Suspension and other in-school Restorative Practices used in tandem with our MTSS/SEL system of supports. Peaceable re-integration of student back to the mainstream of school life is prioritized. There is also a sharp decline in Groups 4 - 6 behavioral infractions and the Dropout Rate. Increased Graduation Rate/Decreased Dropout Rate. Graduation rate has increased 2.5% from FY 2015 to 2016 with an additional increase of 3.4% from FY 2016 to FY 2017. Dropout Rate has exhibited a sharp decline from with a drop of 4.6% under the present administration. We have put in place several interventions in order to continue to drive this rate down in order to meet the LEA objective of the one-year school drop-out rate decreasing by 3% annually, such as supporting students with our attendance team (Check In & Check Out), along with our partners: "A Knock at Midnight" (attendance) "Strive, Grow, Achieve" (teen parenting) "Gad's Hill" (counseling) "Communities in Schools" (counseling, attendance) Increased Achievement in Reading and Mathematics. This year, the state of Illinois has decided to make the switch from the ACT's college entrance exam to the SAT, tests typically given each spring to 11th-graders across the state. As such, GPHS has utilized SIG funds to obtain an outside vendor (Academic Approach) to provide interim assessment data tests with complete analyses (for Gr 9 - 11). This test, administered in October, will serve as the baseline for goal-setting for each succeeding interim assessment to be given around the end of each quarter (December and February/March). We are using this information to design our instructional program to support our students and meet our school objectives. Based on the data, we are establishing a school-wide emphasis on reading throughout all content areas, focusing on CCSS ELA RS 9-10.1 "Key Ideas & Details: Cite specific textual evidence to support analysis of science and technical texts, attending to the precise details of explanations or descriptions". We are providing staff several supports to accomplish meeting this school-wide objective: providing professional development to teachers on ELA strategies to incorporate into their lessons; having teachers identify and provide packets of missing/remedial work for students who need additional supports (Tier 2); and meeting with teacher leadership teams to plan and monitor efficacy of implementation. We are also working in our departmental teams to implement a school-wide assessment tracking system to measure 75% or more student proficiency in the reading, math and writing areas indicated by the baseline interim assessment. This system is projected to be in place by mid-November, before the end of Q1. Results from the levels of mastery will drive teacher/department re-teaching efforts. Lastly, we have each content area department (English, Math, Specials, SS, Seminar) develop a 'Pacing Guide' that has been incorporated into the unit/lesson plan scope and sequence for the year, in which the "high-lever" areas for remediation are addressed PRIOR to the actual administration of the PSAT/SAT test, scheduled for April 4, 2016. We have aggressively projected that by the next interim test administration (Q2, December) a 5% increase of students' achievement from present levels, which is to be repeated each quarter, resulting in a 15-25% by the end of the school year, per student. GPHS used an outside vendor; Academic Approach to administer a 5 week interim assessment. 9th and 10th grade students took the PSAT assessment and 11th grade students took the SAT assessment. INTERIM ASSESSMENT BASELINE DATAPSAT/SAT Overall Composite 9th-690, 10th - 763, 11th - 831; Reading 9th - 332, 10th, 366, 11th - 395; %tile 9th - 5, 10th - 9, 11th - 15; Math 9th 357, 10th-397, 11th - 436; %tile 9th - 6.5, 10th - 13th, 11th - 22

2. Describe any significant programmatic changes that will take place during the fiscal year. *

CHALLENGES AND SUCCESSES (Around the 4 Key SIG Goals) Increased Attendance/Climate and Culture. Challenges. We had been awarded two attendance grants, which allowed us to purchase several items (technology, food items, field trips) we used to incentivize students. This was a major contributor to the rapid increase in attendance at the school. Those grants are now exhausted, and we are challenged now to present keep up the momentum within present SIG parameters. We have scheduled field trips (each quarter) for students who reach the school's objective (95% attendance, no grades less than a 'C' and no more than 1 behavioral infraction - called the "C-1-95 Club") through SIG funds. Challenges. We are soliciting our school partners (i.e., MB Financial Bank) to provide food items (i.e., EOY picnic for C-1-95 students), as CPS has mandated that funds can no longer be used to supply food. Challenges. Sufficient security staff to monitor all possible exits from the building in the event of students who leave school before the end of the school day. Two particular exits have minimal supervision (1st floor center door and the stairway near door 7). We have often acquired additional security staff from the district, but there is no commitment for this extra help to be provided on a day-to-day basis. Successes. Our MTSS services, including: the In-school Suspension Room, Peace Room (now staffed with a full-time coordinator, half-paid for by SIG funds), "Hoot-Buck" student reward system, Quiet Time Meditation program, along with our partners that provide additional Tier 2 & 3 supports (City Year, Umoja, Gad's Hill, Communities in Schools), have greatly contributed to the reduction of Group Levels 4 - 6 behaviors. Increased Graduation Rate/Decreased Dropout Rate. Successes. Our graduation rate metric is comprised of three domains - the FOT rate, the four year Cohort Graduation Rate and the One Year Dropout Rate. Each of these domains have experienced significant increases (FOT and Grad Rate and a decrease (1 year Dropout rate) during the current tenure of this administration. SY15, FOT rate - 74, 4yr grad rate - 56.6, 1 year Dropout rate - 5.2; SY15, SY16 FOT rate - 81, 4yr grad rate - 59.2, 1 year Dropout rate - 6.2; SY17; SY17 FOT rate - 83.1, 4yr grad rate - 62.6, 1 year Dropout rate - 1.6. Percent change FOT Rate +9.1%; 4yr grad - +6.0%; 1 yr. dropout - -3.6%. Increased Achievement in Reading; Increased Achievement in Math. Challenges. We are aware of several factors which presented themselves as hindrances to student growth in reading and math: Additional teacher coaching/PD around both the Gradual Release of Responsibility (GRR) model and the school-wide focus of administering the CCSS ELA RS 9-10.1 (citing textual evidence to support claims), which was based on the data revealed in the Academic Approach baseline data. We are currently adjusting our annual PD calendar to deliver this professional development. All content area classrooms will aid in increasing the reading metric around this important standard. We noted also, that the district had scheduled a baseline PSAT but it was not as useful for driving instruction in the immediate as we

were told that the results would not be forthcoming until mid-December. It was for this reason that the decision was made to utilize SIG funds to provide for the use of Academic Approach to both provide the PSAT/SAT assessment for GR 9 - 11 as well as provide complete comprehensive analysis (via CCSS and SAT domains) in order to improve student outcomes in reading and math. Yet another challenge Success: We have successfully integrated two computer based intervention programs "ThinkCerca" (reading) and "Khan Academy" (math) into the curriculum. We are focusing on utilizing these programs during our Wednesday (25 minute class schedule days) and during our 9th period "Resource/Intervention" periods. Describe any significant programmatic changes that will take place during the fiscal year 2017 (200 words or less). The most significant programmatic changes are related to our modified Block schedule, the instructional model and our professional development content. Block Schedule. Our block schedule has several features that align with the school and LEA objectives for improving student achievement. It has a period "9", which provides a time slot for implementation of intervention and/or enrichment programming on a daily basis. It also has a period "0", where additional enrichment and instructional opportunities are afforded to students and/or staff. Every Wednesday features a 'colloquium', where students are released early (2:10 pm) and teachers have an hour to plan/participate in PD, followed by an additional 30 minutes of teacher 'flex time'. During the shortened period students may do one of several tasks, including: "check in" with their grades/progress, complete missing assignments, taking a short assessment to determine mastery of current ELA or math objectives. Instructional Model. Our instructional model will be uniform for FY17, "Gradual Release of Responsibility" (GRR). GRR was used on a limited basis during FY 16; this year is the full school roll out of the framework. Professional Development The GPHS Professional Development Team has outlined the PD thrust for the next 3 years. Each year has a more in-depth focus on GRR, lesson/unit/assessment planning, incorporation of technology, across curricular projects and increasing student cognitive engagement. The current focus of the PD calendar is currently under revision, based on the data/evidence gathered from classroom observations. The 3 areas of priority are: GRR, student engagement, and correctly articulating CCSS to student task complexity.

The applicant hereby certifies and assures the Illinois State Board of Education that:

Federal Program Assurances

1. Use its School Improvement Grant to implement fully and effectively an intervention in each Priority school that the LEA commits to serve consistent with the final requirements published by the United States Department of Education (ED).
2. Establish annual goals for student achievement on the State's assessment in both reading/language arts and mathematics and measure progress on the leading indicators in section III of the final requirements published by the United States Department of Education in order to monitor each Priority schools that receive school improvement funds.

ED 1003(g) final requirements can be viewed at: [USDE Guidance for School Improvement Fund](#)

State Program Assurances

1. Implement a new evaluation system for teachers and principals incorporating student growth as a significant factor along with other factors as described in Public Act 096-0861 Section 24A-7 no later than the start of the current school year. 3. Report other program information required by the Illinois State Board of Education (ISBE) or the U. S. Department of Education (ED).
4. Submit quarterly financial expenditure reports as of September 30, December 31, March 31 and June 30 to ISBE within 20 calendar days after the last day of each quarter.
5. No subcontracting is allowed without prior written approval of the State Superintendent of Education. See item 6 of the State Assurances tab for the type of information that must be submitted with the proposal about any proposed subcontracts to be funded with the grant.
6. Contact ISBE for prior approval to discontinue a contract with a Lead Partner or other approved subcontractor.

12. The LEA will contract and work with an external provider, hereto referred to as a Lead Partner organization, which it will screen and select from the Approved Partner list on the ISBE website. If the LEA decides to propose an unapproved Lead Partner, the LEA must submit a request for approval to ISBE prior to the execution of a subcontract funded with SIG funds in which it describes how the LEA recruited, screened, and selected the provider. The proposed Lead Partner is required to submit an application to ISBE and to detail their experiences and record of success in supporting academically underperforming schools.
13. The LEA will contact ISBE to notify if there will be a change in Principal for approval of the recruitment and selection process. Recruitment and selection of a new principal must meet the same requirements as outlined in the original proposal.

FINANCIAL TERMS

7. Payment under this grant is subject to passage of a sufficient appropriation by the Illinois General Assembly or sufficient appropriation by the U.S. Congress for federal programs. Obligations of the Illinois State Board of Education will cease immediately without further obligation should the agency fail to receive sufficient state, federal, or other funds for this program.
 8. An applicant must not obligate funds prior to the start date of the project set forth in the final Grant Agreement. The project's start date cannot precede the start of the fiscal year for which the funds are appropriated.

Vouchers for payment will be submitted to the Office of the Comptroller according to the payment schedule attached to the final Grant Agreement. The payment schedule shall be based on the projected date of expenditures. Payments will be withheld from scheduled amounts if expenditure reports show excess cash on hand.
 10. An approved budget may be amended by completing the Budget Summary form to show the new amounts required and attaching an explanation for the changes. An amendment to the Grant Agreement must be entered into whenever any individual cell changes by more than \$1,000 or 20 percent, whichever is larger. An amendment to the Grant Agreement must also be entered into whenever an award recipient proposes to use funds for allowable expenditures not identified in the currently approved budget, if the scope of the project is expected to change, or if the overall grant award must be increased.
 11. Obligation of funds for items or services based on amendments cannot be encumbered prior to the date of receipt at the Illinois State Board of Education of a substantially approvable budget amendment provided the scope/intent of the approved project has not changed. If the scope/intent of a project changes based on an amendment, programmatic approval must be obtained prior to the obligation of funds based on the amendment. The Illinois State Board of Education shall be the final

determiner of whether an amendment changes the scope/intent of a project. The begin date of the project cannot precede the beginning of the fiscal year for which the funds are appropriated. Requests for budget amendments must be received by the Illinois State Board of Education no later than thirty (30) calendar days prior to the project ending date for which the amendment is being sought.

12. Funds granted for the operation of this project must be used exclusively for the purposes stated in the approved proposal/application and must be expended in accordance with the approved budget and the award recipient's policies and procedures related to such expenditures. Funds may only be expended for activities occurring during the Term.
 - A. State funded grants: All grant funds and earned interest shall be subject to the Illinois Grant Funds Recovery Act (30 ILCS 705). Interest earned on State funded grant programs and grant funds not expended or obligated by the end of the Term, as well as interest earned after the Term has expired, must be returned to the Illinois State Board of Education within forty-five (45) calendar days following the end of the Term.
 - B. Federally funded grants: Interest earned in excess of \$500 per year must be returned to the Illinois State Board of Education, with checks payable to the Illinois State Board of Education.
- For-Profit award recipients shall not utilize grant funds in any manner for normal operating expenses or to generate a profit. The applicant certifies that notwithstanding any other provision of the application, proposal, or Grant Agreement, grant funds shall not be used and will not be used to provide religious instruction, conduct worship services, or engage in any form of proselytization.
13. The applicant, in compliance with the provisions of 30 ILCS 105/9.07, will not expend any funds received from the Illinois General Revenue Fund for promotional items including calendars, pens, buttons, pins, magnets, and any other similar promotional items.
14. Financial and Performance Reports: Quarterly expenditure reports are required of all award recipients receiving funds, unless otherwise specified in the program-specific terms or the request for proposals. Quarterly reports must describe the progress of the project or use and the expenditure of the grant funds. The expenditure through dates to be used in reporting expenditures and obligations are from the project beginning date through September 30, December 31, March 31, and June 30 of each fiscal year and the project ending date.

Those entities with established IWAS accounts with the Illinois State Board of Education must electronically submit expenditure reports by the required due dates specified within the Grant Agreement. Those entities not enrolled in IWAS must request paper expenditure report forms not later than twenty (20) calendar days before the due dates specified within the Grant Agreement to the Illinois State Board of Education. Expenditure reports are due twenty (20) calendar days after the expenditure through date. Failure to file the required reports within the timelines will result in a breach of the Grant Agreement. Upon any such breach, the Illinois State Board of Education may, without limitation, withhold the current year's payments and payments for future years' projects under the same program until the reports are properly filed.

All grant funds must be spent or obligated, and all activities must be completed prior to the project ending date. Each award recipient must submit a completion report showing the obligations and the expenditures for the project no later than twenty (20) calendar days after the project ending date.

If a completion report was filed through the project ending date and had no outstanding obligations, the completion report will be the award recipient's final expenditure report. Failure to submit this completion/final expenditure report will result in current and subsequent years' project funding being withheld until the report is received. In cases where final expenditures are less than total disbursements, the overpayment must be returned to the Illinois State Board of Education within forty-five (45) calendar days of the project ending date for all state grants or federal grants that do not expressly allow carryover funds. Failure to return the funds will result in a breach of the Grant Agreement. Upon any such breach, the Illinois State Board of Education may, without limitation, withhold current and subsequent years' project funding until the overpayment is returned.

If a completion report was filed with outstanding obligations, then a final expenditure report showing total project expenditures (with all prior obligations paid) must be submitted no later than ninety (90) calendar days after the project ending date. Failure to submit the final expenditure report will result in current and subsequent years' project funding being withheld until the report is received. In cases where final expenditures are less than total disbursements, the overpayment must be returned to the State Board of Education within forty-five (45) calendar days of the project ending date for all state grants or federal grants that do not expressly allow carryover funds. Failure to return the funds will result in a breach of the Grant Agreement. Upon any such breach, the State Board of Education may, without limitation, withhold current and subsequent years' project funding until the overpayment is returned.

15. The award recipient will maintain records on project and fiscal activities related to each award for a period of three (3) years following the project ending date either for a state-funded or federally-funded project. Such records shall include a fiscal accounting for all monies in accordance with generally accepted governmental accounting principles. If there are outstanding audit exceptions, records will be retained on file until such exceptions are closed out to the satisfaction of the Illinois State Board of Education.
16. The Illinois State Board of Education and other governmental entities with program monitoring authority shall, during the Term and for a period of three (3) years thereafter (or until no outstanding audit exceptions remain, whichever is later), have the right at any time to conduct on-site or off-site inspections of the award recipient's records and project operations for auditing and monitoring purposes. The award recipient shall, during the Term and for a period of three (3) years thereafter (or until no outstanding audit exceptions remain, whichever is later) and upon the request of the Illinois State Board of Education, provide the Illinois State Board of Education with information and documentation (including books, records, or papers related to the project) regarding the award recipient's progress or performance with respect to the administration and operation of the project.

NO BINDING OBLIGATION

17. The applicant acknowledges and agrees that the selection of its proposal for funding, or approval to fund an application, shall not be deemed to be a binding obligation of the Illinois State Board of Education until such time as a final Grant Agreement is entered into between the applicant and the Illinois State Board of Education. Prior to the execution of a final Grant Agreement, the Illinois State Board of Education may withdraw its award of funding to the applicant at any time, for any reason.

COPYRIGHT

18. All rights, including copyright to data, information and/or other materials developed pursuant to an award, are retained by the Illinois State Board of Education, unless otherwise agreed in writing by the Illinois State Board of Education. All such work products produced by the award recipient through work pursuant to the award shall be made available to the Illinois State Board of Education upon request.

DEFAULT AND TERMINATION

19. The award recipient will be in default of the grant award and the corresponding Grant Agreement if it breaches any

representation or warranty made in the Grant Agreement, the Program-Specific Terms or in these Certifications and Assurances, and Standard Terms of the Grant, or fails to observe or perform any covenant, agreement, obligation, duty or provision set forth in the Grant Agreement, the Program-Specific Terms or in these Certifications and Assurances, and Standard Terms of the Grant. Upon default by the award recipient and written notification by the Illinois State Board of Education, the award recipient will have ten (10) calendar days in which to cure the default to the satisfaction of the Illinois State Board of Education. If the default is not cured to the satisfaction of the Illinois State Board of Education, the Illinois State Board of Education shall thereafter have full right and authority to terminate the Grant Agreement and/or seek such other remedy that may be available at law or in equity. Upon termination of the Grant Agreement, the award recipient will cease all use of grant funds, shall cancel all cancelable obligations relating to the project, and shall return all unexpended grant funds to the Illinois State Board of Education within forty-five (45) calendar days of termination.

INDEMNIFICATION

20. To the fullest extent permitted by law, the award recipient shall indemnify, defend and hold harmless the State of Illinois, the Illinois State Board of Education, and their respective members, officers, agents and employees against all claims, demands, suits, liabilities, injuries (personal or bodily), property damage, causes of action, losses, costs, expenses, damages or penalties, including, without limitation, reasonable defense costs, reasonable legal fees, and the reasonable value of time spent by the Attorney General's Office, arising or resulting from, or occasioned by or in connection with (a) any bodily injury or property damage resulting or arising from any act or omission to act (whether negligent, willful, wrongful, or otherwise) by the award recipient, its subcontractors, subgrantees, volunteers, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable; (b) failure by the award recipient or its subcontractors, subgrantees, or volunteers to comply with any laws applicable to the performance of the grant; (c) any breach of the Grant Agreement, including, without limitation, any representation or warranty provided by the award recipient herein; (d) any infringement of any copyright, trademark, patent, or other intellectual property right; or (e) the alleged unconstitutionality or invalidity of the Grant Agreement. Neither the award recipient nor its employees or subcontractors shall be considered agents or employees of the Illinois State Board of Education or of the State of Illinois.

Exhibit E - Performance Measures

The LEA submits quarterly progress (October, January, April, and July) reports via a Word template that includes qualitative and quantitative data, aggregated and disaggregated by relevant sub-groups, on the following, if applicable: Chronic Absenteeism Rates; Discipline Incidents; Drop-Out Rates; College and Career readiness activities or opportunities; 9th Grade On-Track (Illinois State Course System); 10th, 11th Grade On-Pace (Illinois State Course System); 12th Grade Course Enrollments (Illinois State Course System); Teacher Attendance Rate; Formative Assessments, Quarterly/Semester Common Assessments; Interim Assessments (e.g., NWEA/MAP) ; SAT/ACT ; A description of all professional development provided to staff; A description of all family & community engagement activities.

Exhibit F - Performance Standards

The grantees must implement programs that meet the following requirements: 1. Sustained (ongoing) Local Educational Agency (LEA) support and monitoring of intervention implementation and external partners; 2. The LEA adopts a new governance plan/structure, which may include, but is not limited to, requiring the school to report to a new turnaround office in the LEA or SEA, or hiring a turnaround leader who reports directly to the Superintendent or Chief Academic Officer; 3. The LEA must give the school principal sufficient operational flexibility (such as staffing, calendars/time, and budgeting) to implement, fully, a comprehensive approach to substantially improve student achievement outcomes; 4. The LEA uses rigorous, transparent, and equitable evaluation systems for teachers and principals that are compliant with state law; 5. The LEA implements such strategies as financial incentives, increased opportunities for promotion and career growth, and/or more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in a transformation/turnaround school; 6. The LEA identifies and reward school leaders, teachers, and other staff who, in implementing this program, have increased student achievement and/or high school graduation rates and identify, and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so; 7. The LEA establishes strategies that provide increased learning time by lengthening the school day, week and/or year to increase the total number of school hours to include additional time for: Instruction in core academic subjects; Instruction in other subjects and enrichment activities that contribute to a well-rounded education; and Teachers to collaborate, plan, and engage in professional development within and across grades and subjects; 8. The LEA must use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with state academic standards and promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students; 9. The LEA must ensure staff receives ongoing, high quality, job-embedded professional development that is aligned with the school's comprehensive instructional program and designed with school staff to ensure that they are equipped to facilitate effective teaching and learning and have the capacity to implement, successfully, school reform strategies; 10. The LEA must work with a Lead Partner to share accountability for the successful implementation of the selected intervention model, with the ultimate goal to substantially raise student achievement. The Lead Partner must provide daily on-site support, leadership, and assistance in the served school; 11. The LEA and School must use data to drive instruction in the classroom and curricular reform, as spelled out in the requirement for Comprehensive Instructional Reform; 12. The LEA must monitor the School to determine it is: Meeting the annual goals established by the LEA for student achievement on the states assessments in both reading/language arts and mathematics; and Making progress on other relevant culture and climate, teacher talent, and student learning leading indicators. The LEA must report annually on 18 metrics to the federal government. The School has a strong program to track the fidelity of implementation of the intervention model and make course corrections as needed based on program monitoring data. The LEA must meet its obligation to submit quarterly accountability/progress monitoring reports to the SEA. 13. The LEA must have a communication strategy for parent and community outreach, and provide ongoing mechanisms for family and community engagement and input into the implementation of the SIG intervention model in the School. 14. The LEA must describe the actions it will take to sustain the reforms after the funding period ends. 15. The LEA must align other funds, such as local, state, or other federal dollars, to maximize the impact of SIG 1003(g) monies. These requirements are monitored through quarterly reports, desk review of documentation, and on-site monitoring. Failure to fully implement the required elements results in the LEA having to develop a corrective action plan, which is reviewed, approved, and monitored by ISBE.
