Section I: Cyclical Monitoring

Each State Education Agency is responsible for ensuring the **general supervision of all educational programs for children with disabilities in the state**. The Illinois State Board of Education (ISBE) Special Education Department is responsible for enforcing the requirements of Part B of the Individuals with Disabilities Education Act (IDEA) and ensuring continuous improvement via Local Education Agencies (LEAs). In carrying out its roles of leadership, resource allocation, technical assistance, monitoring, and evaluation, ISBE is required to oversee the performance of school districts to assess and ensure the effectiveness of efforts to educate children with disabilities, in accordance with IDEA and Every Student Succeeds Act (ESSA). As stated in Section 616 of the 2004 amendments to the IDEA:

“The primary focus of Federal and State monitoring activities described in paragraph (1) shall be on (A) improving educational results and functional outcomes for all children with disabilities; and (B) ensuring that States meet the program requirements under this part, with a particular emphasis on those requirements that are most closely related to improving educational results for children with disabilities.”

ISBE ensures all LEAs are monitored each year through its general supervision system; the agency also began working to implement an additional layer to ensure LEAs that were most at risk were provided with the appropriate tiered level of support. In July 2023, the U.S. Department of Education Office of Special Education Programs (OSEP) issued the State General Supervision Responsibilities under Parts B and C of the IDEA: Monitoring, Technical Assistance, and Enforcement guidance document, more commonly known as [OSEP QA 23-01](#). With the issuance of OSEP QA 23-01, ISBE began to reexamine its differentiated monitoring processes to ensure that the LEAs that were most at risk for needing supports were being provided the most intensive level of support. This examination process resulted in ISBE deciding to add an additional layer onto its current system.

To ensure all LEAs are comprehensively monitored, ISBE implemented a cyclical monitoring system in addition to yearly LEA Determinations. Each LEA has been placed into a cohort group as part of a cyclical monitoring process that is much like the current Differentiated Monitoring and Support 2.0 monitoring system that OSEP is utilizing to monitor each state. Placement in the cohort groups is based on several risk factors that include components of ISBE’s general supervision system. LEAs can be moved to another cohort if ISBE identifies additional risks that warrant the LEA to be included in an earlier cycle. These risks could include, but are not limited to, credible allegations, increased number of state complaint findings, fiscal risks, or continued noncompliance with State Performance Plan indicators.

Section II: Cyclical Monitoring Cohort Placement

LEAs may be moved to a different cohort if data gathered by ISBE warrants a change.

Section III: Cyclical Monitoring Process Timeline

Monitoring Year Activities	Person Responsible	Timeline
Notification of Special Education Cyclical Monitoring Requirements A letter of notification will be sent to an LEA regarding the cyclical monitoring process and required activities to be completed during the cyclical monitoring cycle year. The letter will be sent to the district superintendent and state-approved director of special education. The letter of notification sent to the district will include the following: • Comprehensive Assessment of Special Education • Name of monitoring team lead and contact information	ISBE Department of Special Education Programmatic Support	October 1, 2024
Introductory Webinar Prior to completing the Comprehensive Assessment of Special Education, districts are required to watch an introductory webinar. The purpose of the webinar is to: • Provide an overview regarding the completion of the Comprehensive Assessment of Special Education. • Review the monitoring process and due dates.	District	View and complete October 1-November 1, 2024
Completion of Comprehensive Assessment of Special Education • Each district must complete the Comprehensive Assessment of Special Education as part of the monitoring cycle. • Each district will also complete file reviews for the assigned students during the review. (Students will be assigned based on school year 2023-24 Child Count data for Cohort 1.) • The district will submit the assessment to the assigned monitoring team member for review.	District	Return to ISBE by January 15, 2025
IEP File Review • ISBE monitoring team will review a sample set of Individualized Education Programs (IEPs) from each district. (Approximately five IEPs will be reviewed for each district.)	ISBE Monitoring Team	Completed by April 1, 2025

The IEP reviews completed by ISBE monitoring staff will serve as a validation of the review completed by each district.		
Review of Comprehensive Assessment of Special Education - ISBE monitoring team will review each district's Comprehensive Assessment of Special Education. - ISBE monitoring team will complete a report regarding the findings during the review. - ISBE monitoring team will issue the final report or any findings of noncompliance to each district.	ISBE Monitoring Team	Completed by April 1, 2025
Cyclical Monitoring Letter of Findings and Report - ISBE will issue letters to all districts included in the cohort. - Districts with no findings of noncompliance will receive a letter indicating that the cyclical monitoring process is complete, and no further action is required. - Districts with findings of noncompliance will receive a letter indicating that noncompliance has been identified and a report that indicates where the identified noncompliance exists. Corrective action steps will also be included in the report. - Details of the corrective action steps will be provided in the Corrective Action Plan provided by ISBE approximately 2 weeks after the report is sent.	ISBE Monitoring Team	Sent to LEAs by April 15, 2025
Submission of Corrective Action Plan (if there are findings of noncompliance) - Each district will receive a Corrective Action Plan (CAP) if findings of noncompliance are identified. - Districts must identify the root cause of the noncompliance and identify person(s) responsible for completion of required action steps prescribed by ISBE to correct the noncompliance. - The CAP must be submitted to the assigned monitor and approved prior to implementation. - The district must implement the CAP after it has been approved.	ISBE Monitoring Team/District	Submitted by May 15, 2025

Correction of Noncompliance • To verify correction of noncompliance, ISBE may utilize data collections, review corrected policies/procedures, complete additional file reviews, onsite visits, staff interview, etc. to verify noncompliance has been adequately addressed. • Once ISBE verifies correction of noncompliance, a letter will be issued to the district closing out the finding and cyclical monitoring process. • All findings of noncompliance must be corrected within one year after the LEA was notified of the noncompliance.	ISBE Monitoring Team	Findings must be closed out prior to April 15, 2026
---	------------------------------------	---

Section IV: Risk-Based Assessment

ISBE utilized a risk-based assessment to place LEAs onto the cyclical monitoring cycle. ISBE chose various risk factors that aligned under its general supervision system. In addition to utilizing the risk-based assessment, ISBE also attempted to group LEAs within the same special education cooperative into the same cohort, when possible. The risk-based assessment for placement into the cyclical monitoring cycle can be found below.
