

URGENT AND IMPORTANT
DEADLINE EXTENDED to SEPTEMBER 20
Graduation, Dropout Rate, Student Mobility, Assessments, and Career Readiness Reports are NOW AVAILABLE

Prior to finalizing the District Report Cards District Superintendents are required to review and verify the following self-reported data:

- Graduation Rate
- Dropout Rate
- Student Mobility
- Assessments
- Career Readiness

Superintendents are currently able to access these reports in IWAS in the E-Report Card application RIGHT NOW and will have until September 20 to approve their data. Because of data processing timelines, district's will not be able to approve their data after September 20. As a result, we ask that you review the reports as soon as possible and not wait. This is the final step Districts need to complete prior to the principal/superintendent preview for the 2018 Report Card.

If you do not review and verify your data by 11:59 p.m. September 20, it may be inaccurate in the 2018 Report Card and we won't be able to revise it after the fact.
