ARP ESSER III

The American Rescue Plan Elementary and Secondary School Emergency Relief (ARP ESSER) fund provides states and school districts help to safely reopen and sustain the safe operation of schools and address the impact of the COVID-19 pandemic on the nation’s students.

Plans

Safe Return to In-Person Instruction and Continuity of Services Plan

Section 2001(i) of the ARP Act requires a Local Education Agency (LEA) that receives ARP ESSER funds to develop and make publicly available on its website, within 30 days after receiving its allocation, a plan for the safe return to in-person instruction and continuity of services. Prior to making the plan public, the LEA must seek public comment on the plan and take such comments into consideration when developing the plan.

Equity • Quality • Collaboration • Community
Safe Return to In-Person Instruction and Continuity of Services Plan

An LEA plan for safe return to in-person instruction and continuity of services must:

• Describe how the LEA will maintain the health and safety of students, educators, and other staff.
• Explain the extent to which it has adopted policies, and provide a description of any such policies, on each of the prevention and mitigation strategies recommended by the Centers for Disease Control and Prevention (CDC).
• Describe how an LEA will ensure continuity of services, which must address students’ academic needs and students’ and staff social, emotional, mental health, and other needs, and which may include student health and food services.

In addition, the LEA must regularly, but no less frequently than every six months (taking into consideration the timing of significant changes to CDC guidance on reopening schools), review and, as appropriate, revise its plan for the safe return to in-person instruction and continuity of services. It must seek and take public input into account in determining whether and what revisions are necessary. An LEA that developed a school reopening and continuity of services plan prior to the date of enactment of the ARP Act and that meets the above requirements for public comment will be deemed in compliance, but within no more than six months, the LEA must review and, if necessary, revise the plan to meet the requirements of the interim final requirements.
Use of ARP ESSER Funds Plan

Under the interim final requirements, each LEA that receives ARP ESSER funds must develop a plan for its use of ARP ESSER funds and submit it to ISBE within 90 days.

The plan must explain, at a minimum:

• The extent to which and how the funds will be used to implement prevention and mitigation strategies that are, to the extent practicable, consistent with CDC guidance.
• How the LEA will use the funds it reserves under Section 2001(e)(1) of the ARP Act to address the academic impact of lost instructional time.
• How the LEA will use its remaining ARP ESSER funds;
• How the LEA will ensure the interventions it implements will respond to the social, emotional, mental health, and academic needs of all students, particularly those students disproportionately impacted by the COVID-19 pandemic.
Use of ARP ESSER Funds Plan

In developing its plan, an LEA must engage in meaningful consultation with stakeholders including students; families; school and district administrators (including special education administrators); and teachers, principals, school leaders, other educators, school staff, and their unions. An LEA must also engage in meaningful consultation with each of the following to the extent present in or served by the LEA: tribes; civil rights organizations (including disability rights organizations); and stakeholders representing the interests of children with disabilities, English Learners (Els), children experiencing homelessness, children and youth in foster care, migratory students, children who are incarcerated, and other underserved students. An LEA should translate relevant materials and obtain the services of interpreters, as needed, to engage its Els and families with limited English proficiency. An LEA must provide the public the opportunity to provide input on the development of the plan, take such input into account, and post the LEA ARP ESSER plan on its website.

Reporting

Equity ● Quality ● Collaboration ● Community
Reporting

• ARP ESSER requires enhanced reporting from ISBE and the LEA's
• Reporting will be required semi-annually.
• LEA's should expect to not only report on funds spent, but also detail how the dollars were expended on specific interventions such as:
  • Learning renewal strategies
  • After-school activities
  • Summer school activities
  • Extended day and extended year activities
  • SEL and mental health activities
  • And other interventions utilized
• LEA's will need to report on the equitable use of funds for students who were remote learners
• Reporting will also be required to be disaggregated in multiple ways
Maintenance of Equity

Section 2004 of the American Rescue Plan Act of 2021 includes new Maintenance of Equity provisions that are a condition for a State Education Agency and LEA to receive ARP ESSER funds. These provisions are central to ensuring that essential resources are meeting the needs of students who have been subject to longstanding opportunity gaps in our education system. These student groups have also experienced the greatest impact from the COVID-19 pandemic.

Equity • Quality • Collaboration • Community
Maintenance of Equity

Maintenance of equity ensures:

• An LEA does not disproportionately reduce state and local per-pupil funding in high-poverty schools.

• An LEA does not disproportionately reduce the number of full-time-equivalent (FTE) staff per pupil in high-poverty schools.
Use of Funds

Learning Loss

An LEA must reserve not less than 20 percent of its total ARP ESSER allocation to address learning loss through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive after-school programs, or extended school year programs. It must ensure that such interventions respond to students’ academic, social, and emotional needs and address the disproportionate impact of COVID-19 on underrepresented student subgroups.
State-Level Reservations

Under Section 2001(f) of the ARP Act, a State Education Agency is required to reserve ARP ESSER III funds for three state-level reservations for evidence-based activities and interventions that respond to students’ social, emotional, mental health, and academic needs and address the disproportionate impact of COVID-19 on students from low-income families, students of color, English Learners, children with disabilities, students experiencing homelessness, children and youth in foster care, and migratory students.

What does it mean for a program to be evidence-based?

The ARP Act defines the term “evidence-based” as having the meaning in Section 8101(21) of the ESEA. Accordingly, “evidence-based” includes several tiers of evidence. Specifically, “evidence-based,” when used with respect to a state, LEA, or school activity, means an activity, strategy, or intervention that:

• Demonstrates a statistically significant effect on improving student outcomes or other relevant outcomes based on:
  o Strong evidence from at least one well-designed and well-implemented experimental study (tier 1);
  o Moderate evidence from at least one well-designed and well-implemented quasi-experimental study (tier 2); or
  o Promising evidence from at least one well-designed and well-implemented correlational study with statistical controls for selection bias (tier 3); or

• Demonstrates a rationale based on high-quality research findings or positive evaluation that such activity, strategy, or intervention is likely to improve student outcomes or other relevant outcomes and includes ongoing efforts to examine the effects of such activity, strategy, or intervention (tier 4).

Equity ● Quality ● Collaboration ● Community
Use of Funds

Generally, an LEA must consider the following factors when determining if an activity is an allowable use of funds:

- Is the use of funds intended to prevent, prepare for, or respond to the COVID-19 pandemic, including its impact on the social, emotional, mental health, and academic needs of students?
- Does the use of funds fall under one of the authorized uses of ESSER funds?
- Is the use of funds permissible under the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance, 2 CFR Part 200)?
- In particular, is it necessary and reasonable for the performance of the ESSER award?

Allowable Use of Funds

The activities that are listed in Section 18003(d) of the Coronavirus, Aid, Relief, and Economic Security Act, Section 313(d) of the Coronavirus Response and Relief Supplemental Appropriations Act, and Section 2001(e) of the ARP Act that an LEA may support with ESSER funds are:

1. Any activity authorized by the ESEA.
2. Any activity authorized by the Individuals with Disabilities Education Act (IDEA) (20 U.S.C. 1400 et seq.).

Applicant Information Page

General Education Provisions Act (GEPA)
Section 427 of GEPA (20 U.S.C. 1221k) affects all applicants submitting proposals under this program. This section requires each applicant to include in its proposal a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its federally assisted program for students, teachers and other program beneficiaries with special needs.

Determining whether GEPA requirements have been met is not always a simple task. The statute highlights an array of factors that can impede equitable access or participation: gender, race, national origin, color, disability or age. The applicant should determine whether these or other barriers may prevent students, teachers, etc., from such access or participation. The description of steps to be taken to overcome these barriers need not be lengthy; the school district may provide a clear and succinct description of how it plans to address those barriers that are applicable to its circumstances. In addition, the information may be provided in a single narrative, as if appropriate, may be discussed in connection with related topics in the application.

Program-Specific Safe Return Plan

Section 2001(f) of the ARP Act requires an LEA that receives ARP ESSER funds to develop and make publicly available on the LEA’s website, within 30 days after receiving its allocation, a plan for the safe return to in-person instruction and continuity of services. Prior to making the plan publicly available, the LEA must seek public comment on the plan and take such comments into consideration when developing the plan. The LEA must also create an ESSER use of Funds Plan within 90 days of receiving their ESSER Funds. This plan should also be made publicly available on the LEA’s website and submitted to ISBE. Program-Specific SEA Reservation Requirements

Under section 2001(f) of the ARP Act, an SEA is required to reserve ARP (ESSER III) funds for three State-level reservations for evidence-based activities and interventions that respond to students’ social, emotional, mental health, and academic needs and address the disproportionate impact of COVID-19 on students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children and youth in foster care, and migratory students.

The ARP Act defines the term “evidence-based” as having the meaning in section 8101(21) of the ESEA. Accordingly, “evidence-based” includes several tiers of evidence. Specifically, “evidence-based,” when used with respect to a State, LEA, or school activity, means an activity, strategy, or intervention that:

- Demonstrates a statistically significant effect on improving student outcomes or other relevant outcomes based on:
  - Strong evidence from at least one well-designed and well-implemented experimental study (“Tier 1”);
  - Moderate evidence from at least one well-designed and well-implemented quasi-experimental study (“Tier 2”); or
