

EDUCATE

The Illinois Fairs and Festivals Educator's Guide helps students discover dozens of in-demand careers right here in Illinois through interactive and engaging lessons aligned to the Illinois Learning Standards.

Illinois' county and state fairs highlight agriculture as a major industry in our region. However, as you explore the attractions and activities on the fairgrounds, you might be surprised to discover connections to career possibilities across many diverse sectors.

From history to architecture, manufacturing to engineering, food service to health care, journalism and the arts, our state's fairs and festivals offer inspiration to spark every student's interests. The activities in this guide provide students, families, and teachers a new way to experience Illinois' fairs and festivals.
