DATE: May 11, 2018  
TO: Prospective Applicants for the Federal Charter Schools Program (CSP) Grant  
FROM: David Turovetz, Project Supervisor, Curriculum and Instruction  
SUBJECT: Fiscal Year 2019 Charter Schools Program/Quality School Options Request for Proposal Access

## **Legislation**

Article 27A of the Illinois School Code, known as the Charter Schools Law, creates opportunities within the public school system of Illinois for the development of innovative and accountable teaching techniques and educational programs. The U.S. Department of Education currently makes funding available under Title V, Part B of the No Child Left Behind Act of 2001 for the Charter Schools Program. This funding provides support for the program design and initial implementation of charter schools.

## **Purpose**

The purpose of this Request for Proposal (RFP) is to solicit from charter school design teams working with a school district, or from charter schools already in operation, proposals that meet the purpose of the federal Charter Schools Program.

## **Eligible Applicants**

Charter schools that have previously received funds through the Charter Schools Program Design and Initial Implementation Grants program, either directly from the federal government or through ISBE, are ineligible for this grant.

Not-for-profit organizations that have submitted a charter proposal to the appropriate school district(s) or the State Charter School Commission upon appeal and existing charter schools within the first two years of operation are eligible to submit a proposal.

## **Allowable Expenditures**

**Program Design Grants:** Applicants who have an authorized charter agreement, or who have submitted a charter agreement to an authorizing entity, and have schools that are not yet ready to open for operation may use the funds for activities associated with post-grant award design of the educational program.

**Implementation Grants:** Applicants who have an authorized charter agreement and have schools that are open for student attendance may use funds for activities and expenses during the initial start-up of a charter school. In general, the expenditures should be one-time costs that help the charter school achieve the goals outlined in its original application.

## **Access to RFP**

Potential applicants must complete and return the Intent to Apply form that is attached in order to obtain access to the RFP, which will be available online.
