

Fiscal Year 2025

Dear Prevention Initiative Grantee,

The Illinois State Board of Education would like to extend our sincere appreciation to you for your continued commitment to improving the lives of children and families by providing quality Prevention Initiative education and case management services. The Parent and Outcomes Questionnaires offer opportunities to capture the parent perspective and the activities occurring within the program.

The fiscal year 2025 Parent and Outcomes Questionnaires must be completed by August 31, 2025. The data is required to fulfill Section 2-3.89 (c) of the Illinois School Code (105 ILCS 5/2-3.89). Prevention Initiative staff who are responsible for the data collection and entry should watch a brief [training webinar](#) to learn about the data collections.

Parent Questionnaire: Each program is responsible for facilitating the availability of the Parent Questionnaire to the parents it serves. Your program will have a unique URL link. (See next page.) You can provide the questionnaire link directly to families by text or email. Other ways to offer the Parent Questionnaire are to have a tablet, laptop, or iPad available with the survey already pulled up for the parent to complete. Parent Questionnaire links are specific to programs and the link automatically populates the “Year” and “RCDT” fields. The Parent Questionnaires are only available at the Region/County/District/Type (RCDT) level.

The Outcomes Questionnaire is completed through the [IWAS system](#). A quick reminder:

- Log in to IWAS and click on “System Listing” on the left side of the menu.
- Select “PI Outcomes Questionnaire” from the available systems. Your serving school or program and correct RCDTS will display.

Please review the [training webinar](#) to learn more about how to enter data into the Outcomes Questionnaire system.

For assistance, please contact your [ISBE Consultant](#) or earlychi@isbe.net.

Sincerely,

Alicia Lynch-Deatherage
Interim Director
Early Childhood Development Department
Illinois State Board of Education

0-3 Prevention Initiative Parent Questionnaire

Instructions for Staff:

- Staff will administer this Parent Questionnaire one time toward the end of each fiscal year. All questionnaires must be completed (via the URL link) by August 31, 2025.
- **This applies to families that are participating during FY 2025 between April 14 and June 30.**
- Staff will administer this Parent Questionnaire to at least one parent/caregiver for each child in the program. If two parents are actively participating, both may complete a form if they wish. If a family has two or more children between the ages of 1 month and 3 years, a Parent Questionnaire would be completed for each child enrolled.
- Staff will administer this Parent Questionnaire to a parent/caregiver only if the child is 1 month or older and the family has been enrolled in the program for at least one month or more. Both criteria must be met for a parent/caregiver to complete this form.
- This Parent Questionnaire is an anonymous survey for parents or caregivers; therefore, this information will not be associated with the individual child, parent, or family. Staff will assist parents/caregivers who have literacy, vision, or physical challenges.

Instructions: Parents/caregivers should be asked to rate how strongly they agree or disagree with each of the survey statements. Instruct them to base their answers on their experience over the past year with the program.

0-3 Prevention Initiative Outcomes Questionnaire

Instructions for staff:

- Staff will complete the Outcomes Questionnaire one time toward the end of each fiscal year. All questionnaire data must be entered into the IWAS system by August 31, 2025.
- Staff will complete the Outcomes Questionnaire in IWAS. **This applies to families that are participating during FY 2025 between April 14 and June 30.**
- Staff will complete the Outcomes Questionnaire for a family if they have met both the following criteria: (a) the child is 1 month or older and (b) the family has been enrolled in the program for at least one month.
- This Outcomes Questionnaire is an anonymous survey for staff to complete; therefore, this information will not be associated with the individual child, parent, or family.
- Staff will rate each statement based on the interactions they have had with the family within the fiscal year. Staff may use "N/A" or "Support" without having documentation in the family's chart. Staff will have documentation in the family's chart to determine ratings of "No Progress," "Progress," or "Accomplished." Documentation may be on the Individual Family Service Plan, on the Transitional Plan, or in the case notes. The statements are general and may apply to many different specific goals within a family's chart. Staff will use their best judgment to capture a snapshot of the family that shows changes or progress over the fiscal year.

Instructions: Please complete this questionnaire based on the Individual Family Service Plan that was completed in partnership with this family during this program year. Please use the following categories to rate each statement below.

- N/A (not applicable) = The topic/goal was achieved prior to enrollment with the Prevention Initiative program OR the subject did not apply to the family.
- Support = The topic/goal was brought up by the professional; however, the parent did not see this as a priority for the family.
- No Progress = A goal was made, but no progress was documented.
- Progress = The topic/goal was determined to be a priority for the family, a goal was made and progress was documented.
- Accomplished = The goal was achieved.
