

Teacher Vacancy Grant Pilot Program Methodology Explanation & List of 170 Districts Selected – UPDATED 6/17/25

Eligibility for Selection or Exclusion

Districts in Evidence-Based Funding (EBF) Tiers 1, 2, 3 (as calculated for fiscal year 2023) were considered for possible award. Districts in Tier 4 were excluded as were the 352 districts that reported having no unfilled teaching positions at the beginning of the 2022-23 school year; those districts are ineligible for this program.

District Selection

A total of 170 districts were selected for proposed awards based on the highest counts of unfilled teaching (not administrative or school support) positions and to ensure that 60% (102) of proposed awards went to rural districts and 40% (68) of proposed awards went to urban districts. The 60/40 split is aligned to the composition of all Tier 1, 2, and 3 districts in the state. [National Center for Education Statistics](#) locale classifications were used to determine which districts were rural and which were urban. Table 1 below compares districts that were selected for award with districts not selected for award. Table 2 provides information about EBF tier of the selected districts.

Table 1: Comparison of Districts Receiving and Not Receiving an Award

Metrics	Districts receiving an award	Districts not receiving an award
Total Count of Unfilled Teaching Positions	2,849	662
Average Count of Unfilled Teaching Positions	16.8	0.65
Median Count of Unfilled Teaching Positions	5.2	0
Range of Counts of Unfilled Teaching Positions	2-1,094	0-17
Average Vacancy Rate for Teachers	6.7%	1.00%
Median Vacancy Rate for Teachers	4.8%	0%
Range of Vacancy Rates for Teachers	0.5%-36.5%	0%-25%

Percent Districts with Chronic Unfilled Teaching Positions	71%	17.50%
--	-----	--------

Table 2: Selected Districts and Districts With/Without at Least One Unfilled Teaching Position by EBF Tier

Tier	Districts receiving an award
1	88
2	73

4	0

Original Calculation of Proposed Awards with Variable Base Funding (FY 2024 and FY 2025)

In order to allocate funding for selected districts with lower counts of unfilled teaching positions, the proposed awards use three different base funding levels determined by the count of reported unfilled teaching positions in each selected district. Selected districts with more than 11 unfilled teaching positions receive a base funding level of \$200,000, selected districts with between six and 10 reported unfilled teaching positions receive a base funding level of \$125,000, and selected districts with fewer than six unfilled teaching positions receive a base funding level of \$75,000.

In addition to base funding, each selected district receives a variable funding level determined by awarding \$8,582.20 per reported unfilled teaching position. The total proposed funding for each selected district is equal to their base funding plus the specific variable funding calculated based on unfilled positions reported by that district. Two examples are shown below.

Chicago Public Schools reported 1,094 unfilled teaching positions, so that allocation would be calculated as follows.

$$\$200,000 + (\$8,582.20 \times 1094) = \$9,588,926.33$$

Pleasant Hill CUSD 3 reported four unfilled teaching positions, so that allocation would be calculated as follows.

$$\$75,000 + (\$8,582.20 \times 4) = \$109,328.80$$

Calculations of FY 2026 Funding for Total of \$30 Million Appropriated

FY 2026 funding was calculated by taking the original award amount (from FY24 and FY25), dividing it by three, and then multiplying by two. This results in two-thirds of the original funding.

Chicago Public Schools original allocation for FY 2024 and FY 2025 was \$9,588,925.00
 $\$9,588,925.00 / 3 = 3,196,308.33$ then $3,196,308.33 * 2 = \textbf{\$6,392,616.67}$

Pleasant Hill CUSD 3 original allocation for FY 2024 and FY 2025 was \$109,329.00
 $\$109,329.00 / 3 = 36,443.00$ then $36,443.00 * 2 = \textbf{\$72,886.00}$

All allocations are rounded to the nearest dollar

FY 2025 Teacher Vacancy Grantee Convening Funding

A small portion of the allocation, \$67,164.40, has been set aside to hold a convening of recipient districts to share strategies utilized with Teacher Vacancy Grant funds. This convening will assist districts as they prepare their FY 2026 budget. The funding set aside for the summit is derived from the difference in funding previously allocated to Manteno CUSD 5 (\$185,075.40), which refused funding. That then resulted in Homewood SD 153 being selected as the most similar replacement district. Following the funding formula, Homewood SD 153 was awarded \$117,911.

FY 2026 Teacher Vacancy Grantee Convening Funding

A small portion of the allocation, \$44,697, has been set aside to hold a convening of recipient districts to share strategies utilized with Teacher Vacancy Grant Funds. This convening will assist districts as they prepare for continued implementation of TVG strategies and sustainability planning beyond the cessation of the grant pilot program.

DISTRICTS SELECTED TO APPLY FOR A GRANT

District Name	County	R/U	EBF	Unfilled Teaching Positions	Vacancy Rate	Grant Award FY 24 and FY 25	Grant Award for FY 26
