Local Institutions with Children and Youth Eligible to be Served by Title I, Part D

Under Title I, Part D, Subpart 2, SEAs award subgrants to LEAs with high numbers or percentages of children and youth residing in locally operated (including county operated) correctional facilities for children and youth (including facilities involved in community day programs) (ESEA section 1422(a)). For an LEA to be eligible to receive a Subpart 2 subgrant, the LEA must have an eligible locally operated correctional facility, including community day programs that serve delinquent children and youth, within its boundaries.

- Locally operated correctional facility for delinquent children and youth is a facility in which persons are confined as a result of a conviction for a criminal offense, including persons under 21 years of age. The term also includes a local public or private institution and community day program or school not operated by the State that serves delinquent children and youth. [34 C.F.R. § 200.90(c)].
- Locally operated community day program is a local public or private institution and community day program or school not operated by the State that serves delinquent children and youth. [34 C.F.R. § 200.90(c)]

In addition to providing educational services to locally operated correctional facilities within their boundaries, LEAs may use Subpart 2 funds to support dropout prevention and intervention programs for “at-risk” youth if doing so does not have a negative impact on meeting the transitional and academic needs of students returning to LEAs from correctional facilities. (ESEA section 1422(d)).

- The term **at-risk**, when used with respect to a child, youth, or student, means a school aged individual who is at risk of academic failure, dependency adjudication, or delinquency adjudication, has a drug or alcohol problem, is pregnant or is a parent, has come into contact with the juvenile justice system or child welfare system in the past, is at least one year behind the expected grade level for the age of the individual, or is an English learner, gang member, or has dropped out of school in the past, or has a high absenteeism rate at school ([ESEA section 1432\(2\)](#)).

Key Requirement Charts

Children and youth are eligible to receive services under Subpart 2 if they are:

- Up to age 21 and reside in a locally operated correctional facility, including a locally operated community day program ([ESEA sections 1421 and 1424](#); [34 C.F.R. §§ 200.90\(a\)](#) and [200.103\(b\)\(1\)](#));
- Returning from a correctional facility to a school in the LEA ([ESEA sections 1421 and 1424](#)); or
- At-risk, per statutory definition noted above, and attend a local school ([ESEA sections 1421 and 1424](#)).

The charts below provide key considerations for determining institutions with eligible children and youth to be served under Title I, Part D, Subpart 2. Responses to **all questions** must be a “yes” for delinquent and at-risk children and youth to be served.
