

The Division of Special Education has created and posted an IDEA grant webinar. The webinar is intended as a resource for new staff and as a refresher option for continuing staff. Viewers may watch the webinar in its entirety or select from the topic-specific chapters. As the webinar contains several screenshots with small print, we suggest full screen viewing. It is our hope that the webinar is a helpful tool for districts and cooperatives. The webinar is available on the IDEA Grant webpage at <https://www.isbe.net/Pages/IDEA-Part-B-Grant-Program-Information.aspx>.
