

Child Health Examination Updates

Miranda Scott, MBA, MALS, BSN, RN, LNC

Office of Women's Health & Family Services School Health Program

August 16, 2022

IDPH OVERVIEW

• VISION

Communities of Illinois will achieve and maintain optimal health and safety.

• MISSION

 Protect the health and wellness of the people in Illinois through the prevention, health promotion, regulation, and the control of disease and injury.

IDPH OVERVIEW

- ORGANIZED 1877, ONE OF STATE'S OLDEST AGENCIES
- HEADQUARTERS IN SPRINGFIELD AND CHICAGO
 - 7 regional offices
 - 3 laboratories
 - 1,100 employees
- OVER 200 PROGRAMS, AFFECTING HEALTH & WELLBEING OF EVERY ILLINOIS RESIDENT & VISITOR
 - Childhood immunization
 - Food, water and drug testing
 - Hospital and nursing home licensure
 - Infectious and chronic disease control
 - Vital records
 - Health statistics collection and evaluation
 - Newborn screenings
 - Women's health promotion
 - Emergency Preparedness
 - Workforce development

School Health Centers and Grant Program

- Purpose: Improves the overall physical and emotional health of students
 - Promotes healthy lifestyles
 - Provides available and accessible preventative health care
 - Identifies risk-taking behaviors and appropriate anticipatory guidance, treatment and referral
- IDPH monitors 63 School Health Centers across Illinois
- Provides funding support to **39** agencies that operate school health centers

Programs and Activities (Engaging School Nurses)

- Annual School Health Days (Fall)
- Critical Issues (Spring)
- Maintain Child and Student Health Examination and Immunization Code (*in collaboration with other IDPH offices*)
- Child Health Exam Form

Grant Opportunity

Mental Health Training and Resource Grant (MHTR-23)

This grant seeks to provide additional funding to Illinois K-12 school districts, local health departments (LHD), federally qualified health centers (FQHC), and rural health centers (RHC) for mental health training related resources that are in addition to what the school district has currently in place.

These funds are to complement current programs, workforce and other efforts underway. LHDs, FQHCs, and RHCs must partner with a local school district to be eligible (a letter of partnership must be included in the application). The range for each grant award is \$200,000.00 to \$250,000.00 *per school district*.

Program Objectives:

- Enhance mental health awareness and support programs within Illinois K-12 School Districts.
- Reduce health disparities in mental health due to lack of access to training or resource availability.
- Increase mental health outreach and resources to students and staff of Illinois K-12 School Districts.

For More Information Contact the School Health Program Contracts and Data Manager Cassidy Chambers: <u>Cassidy.Chambers@illinois.gov</u>

Child Health Exam Form

Joint Committee on Administrative Rules ADMINISTRATIVE CODE

TITLE 77: PUBLIC HEALTH CHAPTER I: DEPARTMENT OF PUBLIC HEALTH SUBCHAPTER I: MATERNAL AND CHILD HEALTH PART 665 CHILD AND STUDENT HEALTH EXAMINATION AND IMMUNIZATION CODE You may access the Administrative Code at: https://www.ilga.gov/comm ission/jcar/admincode/077/ 07700665sections.html

The General Assembly's Illinois Administrative Code database includes only those rulemakings that have been permanently adopted. This menu will point out the Sections on which an emergency rule (valid for a maximum of 150 days, usually until replaced by a permanent rulemaking) exists. The emergency rulemaking is linked through the notation that follows the Section heading in the menu.

SUBPART A: GENERAL PROVISIONS

- Section 665.100 Statutory Authority (Repealed)
- <u>Section 665.105 Definitions</u>
- Section 665.110 General Considerations (Repealed)
- <u>Section 665.115 Referenced Materials</u>

SUBPART B: HEALTH EXAMINATION

- <u>Section 665.120 Health Examination Requirements</u>
- Section 665.130 Performance of Health Examinetion and Verification of Certificate of Child Health Examination
- Section 665.140 Timetable for Examinations
- Section 665.150 Report Forms
- Section 665.160 Proof of Examination
- Section 665.210 Proof of Immunizations
- Section 665.220 Local School Authority (Repealed)
- <u>Section 665.230 School Entrance</u>
- <u>Section 665.240 Basic Immunization</u>
- Section 665.250 Proof of Immunity
- Section 665.260 Booster Immunizations

Each Section of the Code has a hyperlink portion you may click to expand for additional information.

Who needs a Physical Exam?

Section 665.140 Timetable for Examinations

- The examination shall be conducted **within one year before the following**:
 - Entering school (this includes nursery school, special education, Head Start or other pre-kindergarten programs operated by elementary school systems or secondary level school units or institutions of higher learning; and students transferring into Illinois from outside of the state or country);
 - Entering kindergarten or first grade;
 - Entering the sixth grade;
 - Entering the ninth grade.
- For students attending school programs where grade levels are not assigned,
 - Examinations shall be completed before the date of entering and within one year prior to the school years in which the child will be 5, 11, and 15 years of age.

Exam (special situations)

- (Left & Returned to Illinois) A child who was enrolled in an Illinois school, left the state and then returned to Illinois at a later time would only be required to obtain a new physical at the required grade levels, K, 6 and 9.
- (<u>Repeating Grades</u>) If the student repeats a grade on the examination interval (K, 6th, or 9th) and has complied with the exam requirement, the student is not required to take the exam again.
- (<u>From Another Country</u>) regardless of the duration of stay, examinations shall be completed within one year before the date of entering the school and at other intervals as required by the Code
 - If not on the Illinois form, it must include all the elements the State of Illinois requires.
 - Once enrolled, the same health exams, screenings and services required as all students.

NOTE: The Child Health Examination Code (Section 665.140d) states the school has the option of requiring a new physical at anytime they have concerns about a child's health.

Accepting a non-Illinois Child Health Examination Form for a student coming from out of state

For transfer students from out of the state or country, or from a federal Head Start program:

- ACCEPTABLE A health form that is comparable to the Illinois requirements; however, only at the time of first entry into an Illinois school.
 - Must be completed within one year prior to the date of entry into an Illinois school.
- NOT ACCEPTABLE A letter or correspondence from a physician or other health care provider merely stating that an examination was conducted.

Appropriate Form

https://dph.illinois.gov/content/dam/soi/en/web/idph/files/forms/certificate-ofchildhealth-examination-03032017.pdf

State of Illinoi

Health

examinations shall be reported on the Certificate of Child Health Examination form that the Department of Public Health and the Illinois State **Board of Education** prescribe for statewide use.

11/2015

Interscholastic Sports Considerations

- Forms due no later than October 15th of the school year or by an earlier date of the current school year established by a school district.
- IESA/IHSA sports physical forms MAY NOT be used as the required school health exam.
 - If the student is required to have a sports physical in the year that coincides with the child health examination requirement, the Certificate of Child Health Examination may be accepted as proof of examination for interscholastic sports if the statement regarding participation in interscholastic sports is completed by the health care provider.

7 M	
On the basis of the examination on this day, I approve this child's participation in	(If No or Modified please attach explanation.)
PHYSICAL EDUCATION Yes 🗆 No 🗆 Modified 🗆	INTERSCHOLASTIC SPORTS Yes No Modified
Print Name (MD,DO, APN	(PA) Signature Date
Address	Phone

Required Components of Health Examination:

- 1. Immunizations
- 2. Health History
- 3. Physical Examination

Includes:

- Diabetes screening
- Lead risk assessment or testing

Immunization Section

- The immunization history portion can be signed by a physician, nurse in a physician's office, school nurse, record keeper in the school, local health agency, etc.
- The verification date must be included.
- A local health department stamp is acceptable for verifying the immunization history portion of the health form. The verification date must be included.

Health care provider (MD, DO, APN, PA, school health professional, health official) verifying above immunization history must sign below. If adding dates to the above immunization history section, put your initials by date(s) and sign here.									
Signature	Title	Date							
Signature	Title	Date							

Parent/Guardian Section

- The health history section of the form is required and must be completed and signed by the parent or legal guardian of the student.
- School nurse should reject the form if incomplete, send it back home to the parent and request that it be completed and returned within a short timeframe.
- If the physician's portion adequately addresses what IDPH requires on the parent portion of the form, the form may be acceptable.
- Consult your district's legal counsel for additional guidance.

Lead Screening Required

- For children between 1-7 years of age entering a day care center, day care home, preschool, nursery school, kindergarten or other child care facility, including programs ran by a public school district.
- Parent/legal guardian shall provide a statement from health care provider that the child has been assessed for risk of lead poisoning or tested or both, if the child resides in an area defined as high risk by the Department or if the child is potentially at high risk for lead poisoning.
- Physicians and other health care providers shall also screen children 7+ for lead poisoning in conjunction with the school health examination when, in the medical judgment of the health care provider, the child is potentially at high risk of lead poisoning. (Section 6.2 of the Lead Poisoning Prevention Act)

Completion of the section:

 LEAD RISK QUESTIONNAIRE: Required for children age 6 months through 6 years enrolled in licensed or public school operated day care, preschool, nursery school and/or kindergarten. (Blood test required if resides in Chicago or high risk zip code.)

 Questionnaire Administered? Yes
 No
 Blood Test Date
 Result

 If the lead section of the health examination is not completed by the health care provider or nurse, the form is incomplete and cannot be accepted for school enrollment.
 With the form is incomplete and cannot be accepted for school enrollment.

Other Types of Screening

Diabetes Screening

- Required as part of each mandated health examination.
- Results of the diabetes risk assessment <u>must be documented</u> on the Certificate of Child Health Examination form.

DIABETES SCREENING (NOT REQUIRED FOR DAY CARE) Ethnic Minority Yes No Signs of Insulin Resistance	BMI>85% age/sex	Yes	No	And any two of the following:	Family	y History Ye	s 🗖 N	lo 🗖
Ethnic Minority Yes No Signs of Insulin Resistance	(hypertension, dyslipide	mia, polyc	ystic ovari	an syndrome, acanthosis nigricans)	Yes N	o 🗆 At Risl	¢ Yes □	No 🗆

TB Skin or Blood Test

- A tuberculosis skin test screening shall be included as a required part of each health examination included under this Section <u>if the child resides in</u> an area designated by the Department of Public Health as having a high incidence of tuberculosis.
- The TB Code specifies childcare and pre-school **workers** be tested for TB.
- The recommendation is if there is possibility of exposure to the children, test the staff.

 TB SKIN OR BLOOD TEST
 Recommended only for children in high-risk groups including children immunosuppressed due to HIV infection or other conditions, frequent travel to or born in high prevalence countries or those exposed to adults in high-risk categories. See CDC guidelines. http://www.cdc.gov/tb/publications/factsheets/testing/TB_testing.htm.

Completing and Signing the Child Health Examination Form

Health examinations, other than dental examinations, eye examinations, and hearing and vision screening, **shall be performed by**, and the Certificate of Child Health Examination shall be signed by,

- **Physician** licensed to practice medicine in all of its branches,
- Advanced practice nurse written collaborative agreement with a collaborating physician that authorizes him/her to perform health examinations, or
- **Physician assistant** delegated the performance of health examinations by his/her supervising physician.

NOTE: A physician is required to review and sign any portion of the Certificate of Child Health Examination completed by anyone other than a physician, APN, or PA performs any part of a health examination. (Section 27-8.1)

Can a chiropractor perform a school physical and sign the Child Health Examination form?

- No. Neither the School Code nor the Child Health Examination Code authorize a chiropractor to perform a school physical or sign the form.
- Health examinations, other than dental examinations, eye examinations, and hearing and vision screening, shall be performed by
 - physician licensed to practice medicine in all of its branches,
 - advanced practice nurse who has a written collaborative agreement with a collaborating physician that authorizes him/her to perform health examinations, or
 - physician assistant to whom has been delegated the performance of health examinations by his/her supervising physician.

Exclusion

It is not the intent of Part 665.240 that any child whose parents comply with the intent of the Act or the School Code, should be excluded from a child care facility or school. A child or student shall be considered in compliance with the law if there is evidence of intent to comply. Evidence may be:

- 1. A signed statement from a health care provider that he or she has begun, or will begin, the necessary immunization procedures; or
- 2. The parent's or legal guardian's written consent for the child's participation in a school or other community immunization program.

Any decision by a school to exclude a student for school entrance for failing to comply with the health examination and immunization requirements set forth in this Part shall be done in accordance with Section 27-8.1 of the School Code and applicable Illinois State Board of Education policies or procedures.

Information about Public Act 99-0927 (Socio-Emotional and Developmental Screening)

- Requires IDPH to:
 - Develop and implement administrative rules to include an age-appropriate developmental screening and an age-appropriate socio-emotional screening as part of the health examination for all school children in Illinois.
 - Revise the Child Health Examination form.
 - Ensure that the required screening is consistent with the ISBE's socio-emotional and developmental learning standards.

On May 4, 2022-the adoption of the Illinois Administrative Code 664 (77 Ill Admin. Code 664) was signed by the acting IDPH Director.

Now what do we do?

- IDPH is revamping the IDPH School Health Program home page. You may submit a request to IDPH to review age-appropriate developmental or socio-emotional screening tools at <u>DPH.SEL@illinois.gov</u>.
- IDPH is working with ISBE to revise the Child Health Examination form. More to come on this revision. The form will **not** be utilized for this school year.
- The Administrative Code has been submitted and published in the Illinois Register via the Secretary of State. You can find it published in the Illinois Register site.
- You may submit additional questions to <u>DPH.SEL@illinois.gov</u> since this topic will continue to evolve this calendar year. More education will be provided at the IDPH School Health Days later this year.

THANK YOU

MIRANDA SCOTT SCHOOL HEALTH PROGRAM ADMINISTRATOR <u>MIRANDA.J.SCOTT@ILLINOIS.GOV</u>
