IL MTSS Network: Building A System of Supports THAT WORKS

Multi-tiered System of Supports is...

a framework for continuous improvement that is systemic, prevention focused, and data-informed, providing a coherent continuum of supports responsive to the needs of all learners.

**Systems Approach**
Enhance a multi-level prevention system with coherence across the district, school, and classrooms

**Data-Based Decision Making**
Strengthen data analysis and decision-making at all levels and for all student groups, including special education

**Evidence-Based Practices**
Increase utilization of practices that have evidence to show that they are effective at producing results and improving outcomes

**Technical Assistance**

**Networking Meetings**
Communities of Practice

**Teaching and Learning Opportunities**
Online In-Person

**Coaching**
Customized Onsite and Virtual

**Using a Gradual Release Model**

"**I Do**"  
Coach models the desired skills and competencies

"**We Do**"  
Coach provides support and feedback to transfer responsibility

"**You Do**"  
Coach releases responsibility to independently perform and self-monitor

"The IL MTSS-N has been very helpful in providing guidance and planning professional development in our district. The team has been extremely collaborative and flexible with us. Our IL MTSS coach has been very responsive to our needs and she has great suggestions and ideas on school and district-wide improvement. I am truly grateful to have them as thought partners in the work to improve our schools."

Dr. Amy M. Zaher, Assistant Superintendent of Teaching and Learning  
IL-EMPOWER pilot at Berwyn North School District 98
