***End of Year Discipline Report and Top 20% Discipline and  
Disproportionality List***

**(2019)**

# Metric Information

## Definition

1. The End of the Year Discipline Report is a report on student discipline in all school districts in Illinois, including State-authorized charter schools. The report must be posted on the Internet website of the State Board of Education on before October 31 annually. The report shall include data on the issuance of out-of-school suspensions, expulsions, and removals to alternative settings in lieu of another disciplinary action, disaggregated by race and ethnicity, gender, age, grade level, whether a student is an English learner, the incident type, and the duration if the discipline.
2. The Top 20% Discipline Inequality List represents the top 20% of school districts based on the following metrics:
  1. Rate of Out of School Suspensions
  2. Rate of Expulsions
  3. Racial Disproportionality

If a school district is in the top 20% in any of the 3 metrics for 3 consecutive years they will be required to submit a plan identifying the strategies that school district will implement to reduce the use of exclusionary disciplinary practices or racial disproportionality, or both if applicable. School districts that no longer meet the criteria described in any of the metrics for 3 consecutive years shall no longer be required to submit a plan and removed from the list.

## Report Metrics

### End of the Year Discipline Data Report:

1. Total
2. Gender
  - Male and Female
3. Race/Ethnicity
  - White, Black, Hispanic, Asian, American Indian, Native Hawaiian/Pacific Islander, Two or More races
4. Grade Level
  - K-8, 9-12
5. English Learner
6. Incident Type
  - Alcohol, Violence with Physical Injury, Violence without Physical Injury, Drug Offenses, Dangerous Weapon -Firearm, Dangerous Weapon – Other, Tobacco
7. Duration in Days
  - Less than or equal to one day, 1.0-2.9 days, 3.0-4.9, 5.0-10.0, greater than 10 days.

### Top 20% Inequality Discipline Report

1. All data for the End of Year Discipline Report
2. Count of white students
3. Count of students of color
4. Count of students of color out of school suspensions
5. Count of students of color out of school suspension
6. Count of white students' expulsions

7. Count of students of color expulsions
8. Eligible for suspensions metric
9. Suspensions calculated rate
10. Top 20% in suspensions calculated rate
11. Eligible for expulsions metric
12. Expulsions calculated rate
13. Top 20% in expulsions calculated rate
14. Eligible for racial disproportionality metric
15. Racial disproportionality calculated rate
16. Top 20% in racial disproportionality calculated rate
17. 3 Consecutive years flag

## Formula and Calculations

### End of Year Discipline Report

- All metrics for the End of Year Discipline Report are simple counts/totals of discipline events in the indicated category.

### Top 20% Inequality Discipline Report:

1. Count of white students
  - Count of Distinct System Students ID's where Race id is 12 and FEnrollment is 1
2. Count of students of color
  - Count of Distinct System Student ID's where Race id is not 12 and FEnrollment = 1
3. Count of white students out of school suspensions
  - Count of Discipline records where Race id is 12 and Discipline action code is 04
4. Count of students of color out of school suspensions
  - Count of Discipline records where Race id is not 12 and Discipline action code is 04
5. Count of white students' expulsions
  - Count of Discipline records where Race id is 12 and Discipline action code is 01 or 02
6. Count of students of color expulsions
  - Count of Discipline records where Race id is not 12 and Discipline action code is 01 or 02
7. Eligible for suspensions metric
  - Count of white students out of school suspensions + Count of white students out of school suspensions is 10 or more
8. Suspensions calculated rate
  - $\frac{\text{Count of white students out of school suspensions} + \text{Count of students of color out of school suspensions}}{\text{Count of white students} + \text{Count of students of color}} \times 100$ .
9. Top 20% in suspensions calculated rate
  - Districts are sorted by their racial disproportionality rate from highest to lowest. The top 20% of Eligible districts are labeled "Top 20% of Suspensions".
10. Eligible for expulsions metric
  - Count of white students' expulsions + Count of white students' expulsions is 10 or more
11. Expulsions calculated rate

- Count of white students out of school expulsions + Count of students of color out of school Expulsions divided by the Count of white students +Count of students of color, multiplied by 100.
12. Top 20% in expulsions calculated rate
- Districts are sorted by their racial disproportionality rate from highest to lowest. The top 20% of Eligible district are labeled “Top 20% Expulsions”.
13. Eligibility for racial disproportionality metric
- Eligibility for comparison for racial disproportionality is determined when the following conditions are met:
    - Count of white students at a district is 50 or more
    - Count of students of color at a district is 50 or more
    - Count of white students out of school suspensions + Count of students of color out of school suspensions + Count of white students’ expulsions + Count of students of color expulsions is greater than or equal to 10
14. Racial disproportionality
- White student discipline rate divided by students of color discipline rate
    - White student discipline rate = ((white students out of school suspensions + Count of white students expulsions) / Count of white students ) \* 100
    - Students of color discipline Rate =(( Students of Color out of school suspensions + Students of Color expulsions) / Count of students of color ) \*100
15. Top 20% in racial disproportionality
- Districts are sorted by their racial disproportionality rate from highest to lowest. The top 20% of Eligible districts are labeled “Top 20% Racial Disproportionality”.
16. 3 Consecutive years flag
- If a school districts is flagged in any of the top 20% categories for 3 consecutive years they will be flagged with this indicator
  - The indicator is only removed if the school districts is not flagged in any of the top 20% for 3 consecutive years.

## Guidance Citation

State: The report and list described in this document are prescribed by Illinois School Code, [105 ILCS 5/2-3.162](#).

## Business Rules

### End of the Year Discipline Data Report

1. Discipline action codes included: 01, 02, 03, 04, or 05
  - Include data for all public schools within school districts, including district-authorized charter schools (Category 2 and 4).

### Suppression and Redaction Rules

- Always display the total for a disciplinary action for a school district
- If discipline total (In-School Suspension, expulsions, etc.) is less than 10, then redact all the categories below by indicating the range ‘<10’:
  - Gender
  - Race/Ethnicity
  - EL Status
  - Grade

- If discipline total (In-School Suspension, expulsions, etc.) is greater than 10, then redact all the categories as follows:
  - Gender
    - If Male or Female < 10, then replace all values with “<10” or “>=10”
  - Race/Ethnicity
    - If any single racial category is < 10 AND it is the only racial category <10, then replace the values associated with that racial category with “<10” and replace all other racial category values with “>=10”.
    - If multiple racial categories are < 10, then replace the associated values with “<10”.
  - EL Status
    - If EL or Non-EL <10, then replace all values with “<10” and “>=10”
  - Grade
    - If the K-8 or 9-12 grade bands <10, then replace all values with “<10” and “>=10”
