Metric Information

Definition

1. The End of the Year Discipline Report is a report on student discipline in all school districts in Illinois, including state-authorized charter schools. The report must be posted on the website of the State Board of Education on or before October 31 annually. The report shall include data on the issuance of out-of-school suspensions, expulsions, and removals to alternative settings in lieu of another disciplinary action. It shall be disaggregated by race and ethnicity, gender, age, grade level, whether a student is an English learner, the incident type, and the duration of the discipline.
2. The Top 20% Discipline Inequality List represents the top 20% of school districts based on the following metrics:
 1. Rate of Out-of-School Suspensions
 2. Rate of Expulsions
 3. Racial Disproportionality

If a school district is in the top 20% in any of the three metrics for three consecutive years, it will be required to submit a plan identifying the strategies that it will implement to reduce the use of exclusionary disciplinary practices or racial disproportionality, or both if applicable. School districts that no longer meet the criteria described in any of the metrics for three consecutive years shall no longer be required to submit a plan and will be removed from the list.

Formula and Calculations

End of Year Discipline Report

All metrics for the End of Year Discipline Report are simple counts/totals of discipline events in the indicated category.

Discipline action codes included 01, 02, 03, 04, or 05.

- Include data for all public schools within school districts, including district-authorized charter schools.

Redaction Rules

1. Redact any incident count for a subgroup that has 10 or fewer (including 0) enrollment in the school.
2. Enrollment counts based on Report Card fall enrollment counts.
3. Redacted values are "NULL".
4. Note for document: Counts for groups with an enrollment fewer than 10 are redacted and replaced with blanks.

Top 20% Inequality Discipline Report

1. Count of white students
 - Count of Distinct System Student IDs where Race ID is 12 and Fall Enrollment Indicator is 1.
2. Count of students of color
 - Count of Distinct System Student IDs where Race ID is not 12 and Fall Enrollment Indicator is 1.
3. Count of white students out-of-school suspensions
 - Count of Discipline records where Race ID is 12 and Discipline action code is 04.
4. Count of students of color out-of-school suspensions
 - Count of Discipline records where Race ID is not 12 and Discipline action code is 04.
5. Count of white students expulsions
 - Count of Discipline records where Race ID is 12 and Discipline action code is 01 or 02.
6. Count of students of color expulsions
 - Count of Discipline records where Race ID is not 12 and Discipline action code is 01 or 02.
7. Eligible for suspensions metric
 - Count of white students out-of-school suspensions + Count of white students out-of-school suspensions is 10 or more.
8. Suspensions calculated rate
 - Count of white students out-of-school suspensions + Count of students of color out-of-school suspensions divided by the Count of white students + Count of students of color, multiplied by 100.
9. Top 20% in suspensions calculated rate
 - Districts are sorted by their racial disproportionality rate from highest to lowest. The top 20% of eligible districts are labeled "Top 20% Suspensions."
10. Eligible for expulsions metric
 - Count of white students expulsions + Count of white students expulsions is 10 or more.
11. Expulsions calculated rate
 - Count of white students out-of-school expulsions + Count of students of color out-of-school expulsions divided by the Count of white students + Count of students of color, multiplied by 100.
12. Top 20% in expulsions calculated rate

- Districts are sorted by their racial disproportionality rate from highest to lowest. The top 20% of eligible districts are labeled “Top 20% Expulsions.”
13. Eligibility for racial disproportionality metric
- Eligibility for comparison for racial disproportionality is determined when the following conditions are met:
 - Count of white students at a district is 50 or more.
 - Count of students of color at a district is 50 or more.
 - Count of white students out-of-school suspensions + Count of students of color out-of-school suspensions + Count of white students expulsions + Count of students of color expulsions is greater than or equal to 10.
14. Racial disproportionality
- White student discipline rate divided by students of color discipline rate.
 - White student discipline rate = $((\text{white students out-of-school suspensions} + \text{Count of white students expulsions}) / \text{Count of white students}) * 100$.
 - Students of color discipline Rate = $((\text{Students of Color out-of-school suspensions} + \text{Students of Color expulsions}) / \text{Count of students of color}) * 100$.
15. Top 20% in racial disproportionality
- Districts are sorted by their racial disproportionality rate from highest to lowest. The top 20% of eligible districts are labeled “Top 20% Racial Disproportionality.”
16. Three consecutive years flag
- If a school districts is flagged in any of the top 20% categories for three consecutive years, it will be flagged with this indicator.
 - The indicator is only removed if the school district is not flagged in any of the top 20% for three consecutive years.
