

QUISBE

Illinois Science Assessment Formative Assessment Platform Overview

What is QuISBE?

Pronounced as *quiz-bee*

- Formative assessment tool for science educators
- Benefits:
 - Immediate scoring & feedback for students
 - Measurement of student and class performance against IL science standards

Key Features

- Teachers create their own online science quizzes/assessments
- Real-time student scoring and feedback
- Track student performance across quizzes/assessments

Question & Content Types

- Multiple choice/multiple select
 - True/False
 - Fill in the blanks
 - Drop down lists
 - Drag and drop
 - Drag text
 - Mark the words
- Can also add:
- Images
 - Audio
 - Video
 - HTML5 simulations

User Roles

Organization Administrator

Staff at district or school levels responsible for user management and class rostering

Teacher

Responsible for creating, assigning and administering online assessments to their classes

Student

Take assessments

System Requirements

- No need to install additional software on administrator, teacher, or student devices
- Same hardware requirements as the ISA Summative
- Secure Exam Browser is not needed/required

STUDENT EXPERIENCE

Live Student Demo

- Log In
- Navigation
- Question-level scoring and feedback
- Score Report

NEW SCIENCE FORMATIVE ASSESSMENT PLATFORM

QulsBE is the Illinois State Board of Education's new formative assessment platform. QulsBE is a formative assessment tool where science educators can create, design, assign, and administer formative online assessments to students using a variety of available question types. Questions can be aligned to the Illinois Learning Standards

in Science so that student and class proficiency can be measured against these standards.

QulsBE is planned for release this December 2021.
