 - Components

Health Exam Requirements

School Code

- Required health exams
 - Child Health Exam and Immunizations
 - Eye Exam
 - Dental Exam
- Dates to be submitted to school
- Consequences of noncompliance

Public Health Code

- Components of exams
- Timetable
- Report forms
- Proof of examination
- Basic immunizations/proof of immunity/boosters
- Keeping list of nonimmunized attendees
- Exemption or objection

What to do if a student is new to Illinois?

- Physical within one year and that meets Illinois requirements written in Public Health Code.
 - Illinois form or out-of-state form that has required components may be accepted for first entrance to Illinois school.
- Immunizations according to the Immunizations for School Attendance table.
- Eye exam at kindergarten or first entrance to Illinois school.
 - Illinois kindergarten eye exam should follow with permanent school records.
- Dental exam at required grade levels (kindergarten, second, sixth, or ninth)
 - If student enters at a different grade, not due until NEXT required grade level.
- Out of country same as out of state
- Exchange students
 - There are health requirements from sponsoring organizations. Work with student and host family to obtain copies.

Health Exams

Child Health Exam and Immunizations

- Pre-K
- Kindergarten
- Sixth Grade
- Ninth Grade
