Dear Parent,

The Indicator 8 Parent Survey is for parents of students with IEPs in your child's district. It has statements regarding your child's school that you are asked to rate. The ratings you select from are; very strongly disagree, strongly disagree, disagree, agree, strongly agree, or very strongly agree for each statement. There are no written responses.

Your opinions are very important to us. Your answers will be combined with those from other parents to help the state and individual school districts improve family-school partnerships in special education. No one from your school district will know how you answered the survey questions; it is anonymous.
