

Instructions for the Curriculum Tab

Spanish Language Arts Curriculum

A district that offers a full-time Transitional Bilingual Education (TBE) program to any of its Spanish-speaking English learner students is required to offer Spanish language arts as a subject and check “Yes” on the Bilingual Service Plan form. Per 23 Ill. Admin. Code 228.50(b)(4)(D), the district must describe the methods by which it will measure and monitor its students’ progress in Spanish language arts.

A district with a full-time TBE program in which Spanish language arts is not offered as a subject should check “No” and use the space available in the Application Information tab to describe how the district plans to meet this requirement.
