Spanish Language Arts Curriculum

A district that offers a full-time Transitional Bilingual Education (TBE) Program to any of its Spanish-speaking EL students is required to offer Spanish language arts as a subject and check “Yes.” Per [23 Ill. Admin. Code 228.50\(b\)\(4\)\(D\)](#), the district must describe the methods by which the district will measure and monitor its students’ progress in Spanish language arts.

If there is a district with a full-time TBE program where Spanish language arts is not offered as a subject, check “No” and use the space available in the Application Information tab to describe how the district plans to meet this requirement.
