**Whole Child • Whole School • Whole Community**

# Invest in Kids Act

- PA 100-465 established the Invest in Kids Act.
  - 5-year tax credit scholarship program for eligible students who attend qualified non-public schools
- The Act requires that:
  - Beginning in the 2019-2020 school year, scholarship recipients shall be annually assessed
  - At the qualified school where the student attends school
  - In the same manner in which students that attend public schools are annually assessed pursuant to Section 2-3.64a-5 of the School Code.
  - Such qualified school shall pay costs associated with this requirement.

# In Plain Language

- Students who receive an Invest in Kids scholarship must take the applicable state ELA and Math accountability assessment(s)
- The assessments must be administered using the same processes and procedures, and at the same time, as the state assessments
- Schools must cover the costs of the assessments themselves

## ASSESSMENT

The federal Every Student Succeeds Act requires states to assess their learning standards for English language arts (ELA), mathematics, and science. Each state may also have a general assessment for the majority of its students, and an alternate assessment for the 1 percent of students with the most significant cognitive disabilities. ESSA also requires that English learners be assessed in four domains (reading, writing, speaking and listening) each year until they reach proficiency.

## ASSESSMENT

# ILLINOIS ASSESSMENT OF READINESS (IAR)

The Illinois Assessment of Readiness (IAR) is the state assessment and accountability measure for Illinois students enrolled in a public school district. IAR assesses the New Illinois Learning Standards Incorporating the Common Core and will be administered in English Language Arts and Mathematics.

IAR assessments in English Language Arts and Mathematics will be administered to all students in grades 3-8.

## ASSESSMENT

## SAT, PSAT 10, PSAT 8/9

In spring 2020, ISBE requires all public-school students in grade 9 to take the PSAT 8/9 and all public-school students in grade 10 to take the PSAT 10, unless the student will take DLM-AA instead. ISBE will continue to require all public-school students in grade 11 to take the SAT, unless the student will take DLM-AA instead.

Additionally, some public-school students in grade 12 may also be required to take the SAT or DLM-AA, as appropriate. Please see the flowchart document for details about which grade 12 students are required to test.

### ILLINOIS ASSESSMENT OF READINESS (IAR)

The IAR assesses progress of students in grades 3-8 in meeting the Illinois Learning Standards in English language arts and mathematics.

- Allows students to demonstrate what they know and can do in math and English language arts
- Provides a measure of college and career readiness for students
- Contains high-quality test items that measure the full range of state adopted standards
- Assists educators in supporting student learning
- Makes use of technology in assessments, and advances accountability at all levels

# After You've Completed the Form

- ISBE will provide Pearson an org file (and user file) for the non-public organizations who intend to test.
  - Pearson loads orgs and users from ISBE (11/1 - 11/13)
  - Private schools will be able to manually import SR/PNP files as well as add students via the UI.
    - Deadline for initial paper materials 1/26-1/30
  - Pearson will append manually entered students as "temp" students with \_xxx on the SSID as well as include a temp flag on files.
  - Once private school students are imported, the ordering process will work as normal, including the ability to place additional orders.

# Budgeting

- \$300 set-up fee per organization
  - A single district with multiple schools incurs a single set-up fee
- \$12.00 per student test
- Two tests per student – ELA and math
- \$24.00 per student

Illinois IAR districts - schedule a time with Pearson Field Engineer staff to discuss technology questions/concerns.

Use this calendar to set-up time with the Pearson Technology Field Engineering Team to address questions on the following:

- How your district infrastructure interacts with Pearson systems (examples may include: firewalls, content filters, student devices, proctor caching servers, wifi access points, etc.)
- How to prepare and complete an infrastructure trial in your district
- Discuss issues or questions that arose while performing an infrastructure trial
- How to set-up proctor caching in your district
- Other recommendations on online testing set-up for your district or school.

Note: During live testing, please call Illinois Customer Support for immediate assistance.

# IAR - Technology

- Proctor Caching Updates
  - Mac Proctor Caching will be supported for 2020.
    - No update to Mac PC expected
  - Optional Proctor Caching if criteria are met
    - Working with Pearson to create a decision tree
    - Will require “full load” infrastructure trial to validate ability to deliver the test
      - Maximum expected concurrent users
      - Same mix of accommodated forms (TTS, Spanish TTS, CC)
  - Must still setup secondary save locations

# TestNav Updates

- TestNav App OS support changes
  - Chrome OS dropped support prior to version 74.
  - iOS dropped support prior to version 12.
- Security Enhancements
  - Macbook Pro – On Secure tests, block screenshot capabilities on higher end Macs - will not flag as a “kick out”
  - Windows 10 – Potential security condition if user deleted a file which aids TestNav in detecting if CloudClipboard features are enabled
    - The user sees error 3099 and must reinstall the TestNav desktop app.
  - Timeout when SRF on SFTP fails
    - TestNav app will timeout after 60 seconds if it fails to save to the SRF on SFTP.
    - Android, iOS, Chrome3

# Chromebook AUE (Auto Update Expiration)

- Chromebooks stop accepting OS updates after 6 years.
  - The 6 years is based on the "1st production" date NOT date of purchase.
  - Pearson will support OS 74 and later for 2020.
  - 11 devices reached AUE before 74 released 4/19.
    - They cannot be used for IAR in Spring 2020.
  - 19 devices will reach AUE before 4/20.
    - They can deliver IAR in 2020, but not in 2021.

ES.MATH.CONTENT.5.G.1

Use a pair of perpendicular number lines, called axes, to define a coordinate system, with the intersection of the lines (the origin) arranged to coincide with the 0 on each line and a given point in the plane located by using an ordered pair of numbers, called its coordinates. Understand that the first number indicates how far to travel from the origin in the direction of one axis, and the second number indicates how far to travel in the direction of the second axis, with the convention that the names of the two axes and the coordinates correspond (e.g., x-axis and x-coordinate, y-axis and y-coordinate). i) Tasks assess student understanding of the coordinate plane as a representation scheme, with essential features as articulated in standard 5.G.1. ii) It is appropriate for tasks involving only plotting of points to be aligned to this evidence statement. iii) Coordinates must be whole numbers only. # College Board: Test Ordering System

# Overview of College Board's Test Ordering System

- Overview of the Test Ordering System
  - Key Actions for Ordering
- SAT School Day Ordering
- PSAT 8/9 & PSAT 10 Ordering

This guidance is provided for high schools that are not established as part of the ISBE SAT, PSAT 10, PSAT 8/9 (for Grade 9) administrations.

Schools will use the National SAT School Day: Customer Service Number for Educators: 888-SAT-HELP.

## PSAT Spring Testing

April Window: Note testing would begin after the Illinois selected date(s) for primary administration of PSAT 8/9 and PSAT 10.

Schools will use the National PSAT Customer Service Number for Educators: 888-477-7728

# Test Ordering System

- **Schools and districts order PSAT 8/9, PSAT 10, and SAT School Day tests through the College Board Test Ordering System:** [www.collegeboard.com/school](http://www.collegeboard.com/school)
- Within the Test Ordering System, coordinators are able to manage several processes for PSAT 8/9, PSAT 10, and SAT.
  - Place and manage standard and nonstandard test orders
  - Order student guides
  - Verify materials ordered
  - Request SAT School Day benefits for low-income students
  - Order test materials for the makeup date (SAT School Day only)
  - Complete the invoicing process

# Educator Professional Log-In

## Requirements for Ordering:

- Level 2 Attending Institution (AI Code)
- College Board Professional Educator Account
- Test Ordering Access Code

- In order to place an order for a school, a school must have an authorized Level 2 AI Code. If a school does not have a Level 2 AI Code, the school must apply for one through ETS: <https://www.ets.org/>. In Illinois, the six-digit code begins with 14.
- Schools can locate AI Codes at: <https://collegereadiness.collegeboard.org/k-12-school-code-search>.
- To place orders in the Test Ordering System, a coordinator must have the following:
  - College Board Educator Professional Account. If the coordinator is creating an account for the first time, the coordinator will need the school's 6-digit Level 2 AI Code.
  - Test Ordering Access Code. If a test coordinator needs the Test Ordering Access code, PSAT/SAT Customer Service should be contacted.
- If a test coordinator has previously placed exam orders in the Test Ordering System, there is no need to create a new account.

# Accommodations for SAT School Day

## **Accommodation requests approved by the College Board are required for PSAT 10 and SAT School Day.**

- Accommodations requests must be submitted by the SSD coordinator in the SSD system to be approved before the ordering deadline. Please note, the spring accommodation entry deadlines have not been finalized yet.
- SSD coordinators will use SSD Online to submit accommodation requests on the behalf of students. Schools can have multiple SSD coordinators.
- If the SSD Coordinator is new, the following form must be completed: <https://accommodations.collegeboard.org/pdf/ssd-coordinator.pdf>
- Once approved, students remain approved for College Board accommodations for all other College Board assessments, including AP® exams. If a student's IEP or 504 changes, the SSD coordinator can modify the requested accommodations in SSD Online.
- If students test with any accommodations that are not preapproved by the College Board, scores for those students will not be reported. Students who are approved after testing may have an opportunity to receive an unofficial score report.
- For more information, visit <https://accommodations.collegeboard.org/ssd-online>

# Accommodations for SAT School Day

After accommodations have been entered and approved in SSD online, the test coordinator must place an order for any required nonstandard materials.

## Test Formats for Students with Disabilities

- Students must have College Board approval to use nonstandard test materials when they take the PSAT 10 and SAT School Day.
- After approval for accommodations is provided, test coordinators must order nonstandard test formats for students who need them.
- The following formats are examples of alternate formats that can be ordered online. This list is not exhaustive and may vary by assessment.
  - Braille Large-type
  - MP3 files Reader's script
  - Regular Type for Extended Time

### Optional Services

#### Bulk Registration Labels

In an effort to expand the number of schools that can benefit from using bulk registration labels (they save time on test day and help with data accuracy), bulk registration labels are available on a first-come, first-served basis to up to 600 schools. Note- bulk registration labels are available to districts with contracts for PSAT related assessments, however participation is at the district's discretion. Schools that choose to participate will receive more information and instructions in mid-August.

#### Student Score Reports

Need another set of student paper score reports? If ordered, these reports will arrive in the same shipment as your free student paper score reports. As a reminder, electronic copies of the student reports are available in the score reporting portal.

#### Score Labels

A set of printed score labels containing student name, grade and score details. One label per student. If ordered, score labels will arrive in the same shipment as your free student paper reports. As a reminder, electronic copies of the score labels are available in the score reporting portal.
