School Establishment

Prepare Your School

School Establishment

- Schools must have a Level 2 Attending Institution (AI) Code to participate in the spring administration: If your school has ordered materials in the past and has administered assessments for PSAT 8/9, PSAT 10, SAT and/or AP, the school is prepared to order tests for the spring administration.
- ISBE has posted a list of established schools on:
<https://www.isbe.net/Documents/Invest-in-Kids-Established-Test-Sites-SAT.pdf>

Off-Site Testing

Prepare Your School

Off-Site Testing: SAT

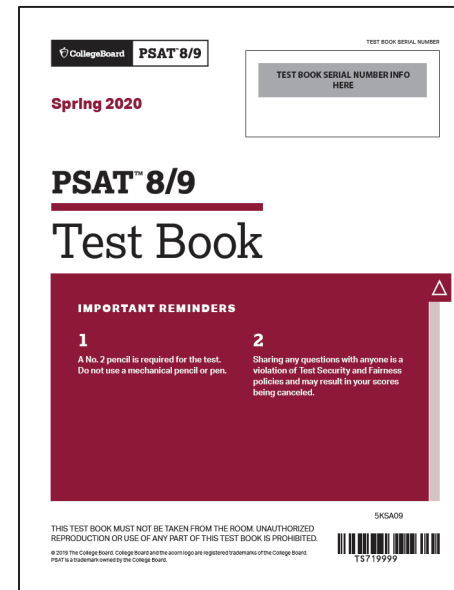

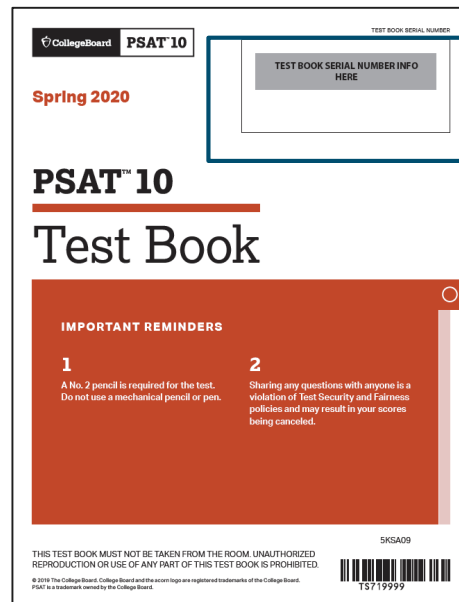

- Off-site testing may be requested if a school is unable to comply with testing conditions due to the following reasons:
 - School is unable to comply with testing conditions due to inadequate space
 - School is unable to comply with testing conditions due to insufficient number of personnel
 - More than one school is sending students to the same off-site testing location: Comingled Testers
- An off-site form must be submitted to receive approval to securely transport SAT test materials to an off-site location. All off-site testing locations must be approved by the College Board staff to make sure they meet testing, staffing, training, and security requirements. Off-site testing allows your school staff to transport secure SAT test materials to another location for testing.
- The off-site form is still available if there is an emergency need to utilize another location. The form is posted here:
<https://www.isbe.net/Documents/SAT-InvestinKids-OffSite-2020.pdf>.
- The deadline to submit the off-site form was **Friday, December 20, 2019**.

Important Notes for Spring 2020

Important Notes for Spring 2020

PSAT 10 and PSAT 8/9 Test Materials

- Schools are required to return all used and unused test books after testing.
 - Note: This is a new policy for the administration of PSAT 8/9 and PSAT 10 in April 2020. SAT School Day Test Books are always returned.
- All test books will include a serial number that will be recorded on student answer sheets.
 - Note: This policy also applies to SAT School Day Test Books.

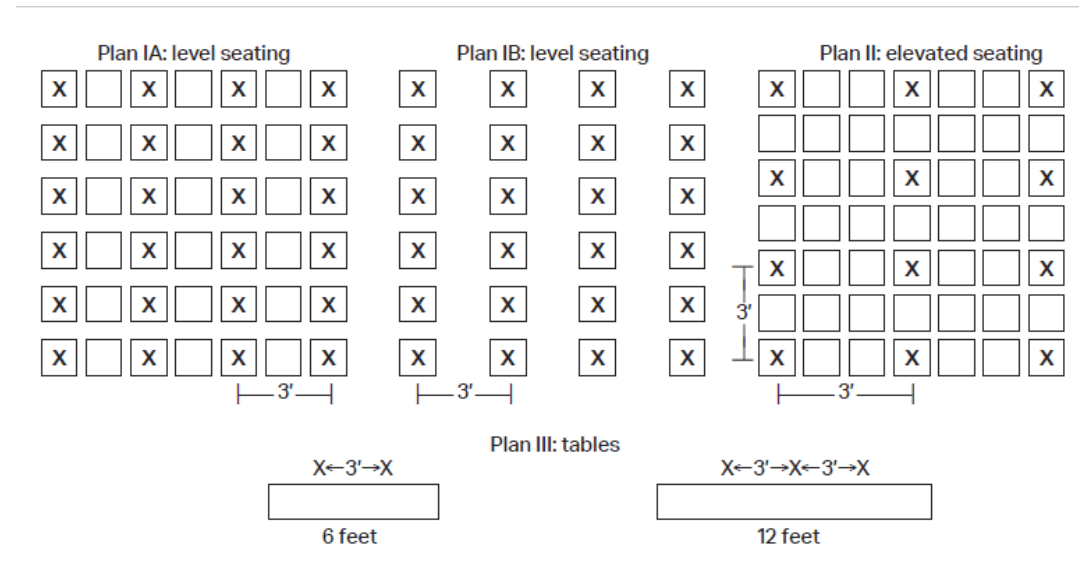

Important Notes for Spring 2020

Seating Requirements

Seating requirements have changed.

- The minimum distance between students has been reduced from 4 feet to 3 feet.
- Each student must be separated by a minimum of 3 feet from right to left (measure from center of desk).
- At tables, students must be seated at least 3 feet apart and facing the same direction.
- You may seat 2 students at a table that is 6 feet or longer.

Important Notes for Spring 2020

Staff: Student Ratios

- Required staff-to-student ratios have been changed for accommodated rooms: the ratio is now 1 staff member per 20 students (instead of 1 to 10).
- A room monitor is not required until there are more than 20 accommodated students testing in the same room.

FOR EACH ACCOMMODATED TESTING ROOM	
Number of Students	Number of Room Monitors Needed
1-20	0
More than 20	1+ (1 monitor for each additional 20 students)

Important Notes for Spring 2020

Test Material Pickups

- Test coordinators will now use their school's regularly scheduled UPS pickup to return materials.
- If UPS does not make regular pickups at your school, you'll schedule a pickup at [ups.com](https://www.ups.com) or by calling 800-PICK-UPS (800-742-5877) using the pre-paid label and information provided by College Board.

Important Notes for Spring 2020

Student Search Service, the optional questionnaire and consent

- Preadministration scripts now include options for administering the session to students with and without parental consent.
 - As part of the preadministration session, students have the option to participate in the free, voluntary Student Search Service® and the optional student questionnaire.
 - Consent is only required to opt into Student Search Service and complete the questionnaire. Students can still take the SAT and PSAT 10 without completing the questionnaire.
 - Follow your district or school policy for collecting parental consent. Schools and districts may opt to use the consent forms provided by the College Board (posted to <https://www.isbe.net/Pages/testinvestinkidsact.aspx>) or may choose to use their own.
 - Parental consent should be collected prior to the preadministration session.
 - There is more information about the required and optional fields to complete during the preadministration session in the preadministration script located in the test coordinator manual and in Student Answer Sheet Instructions.

Important Notes for Spring 2020

MP3 Audio Format Delivered Through Streaming Application

- Beginning August 2019, students approved for use of the MP3 audio accommodation will now receive test content via a streaming application instead of a flash drive.
- There are two steps required of SSD coordinators or their designated proctors in order to administer the MP3 audio format to approved students.
 - Prior to test day, an application needs to be installed on each computer used for MP3 audio testing. SSD Coordinators can begin this step now.
 - On test day, the SSD Coordinator or Proctor will download the MP3 audio files for approved students.
- SSD Online access is required to install the application and the audio files.
 - SSD Coordinators will receive an access code that allows Proctors to access the areas in SSD Online needed to download and administer the test.
- More information/instructions will be available closer to test day.

Important Notes for Spring 2020

Irregularity (IR) Label for Answer Sheet Returns

- If you're reporting an irregularity, you will apply a pink Irregularity Report (IR) label to the outside of all used answer sheet return shipments.
- If you're reporting a test day irregularity, scores may be delayed if you don't apply the IR label to the outside of your shipment.

Important Notes for Spring 2020

New Resources to Support Instructional Planning

Test questions and answer explanations will no longer be provided in the Question and Analysis Report in the K12 reporting portal for the April PSAT 10 and PSAT 8/9 administration.

- Instead, educators will have access to a content repository of released items that align, in subject and difficulty, and can be used with the score data.
- Students may continue to use Khan Academy to get a personalized practice plan based on their test results.
- Online and paper score reports will not indicate the correct answer, just whether the student answered correctly.

Accommodations

Accommodation requests approved by the College Board are required for PSAT 8/9, PSAT 10, and SAT School Day.

- Accommodations requests must be submitted by the SSD coordinator in the SSD system to be approved before the ordering deadline.
- SSD coordinators will use SSD Online to submit accommodation requests on the behalf of students.

- Once approved, students remain approved for College Board accommodations for all other College Board assessments, including AP[®] exams. If a student's IEP or 504 changes, the SSD coordinator can modify the requested accommodations in SSD Online.
- If students test with any accommodations that are not preapproved by the College Board, scores for those students will not be reported.

Prepare Your School

Accommodations

- For students testing under the Invest in Kids Act, accommodation requests must be entered in SSD Online for all three assessments, PSAT 8/9, PSAT 10, and SAT School Day.

Student Search Service® and Consent

SAT and PSAT 10

- The College Board's Student Search Service is a free, voluntary program that connects students with information about educational and financial aid opportunities from nearly 1,900 eligible colleges and universities, and scholarship and other educational programs.
- By opting in, students give the College Board permission to share their names and limited information provided by the optional questionnaire with colleges and scholarship programs looking for students like them. Search users can also search for students based on score ranges.
- In advance, schools should distribute the Student Guide provided in the preadministration shipment to students to discuss with their families. The Student Answer Sheet Instructions are also posted to the Invest in Kids Act website:
<https://www.isbe.net/Pages/testinvestinkidsact.aspx>.
- Follow your district or school policy for collecting parental consent. Schools and districts may opt to use the consent form provided by the College Board or may choose to use their own. Parental consent should be collected prior to the preadministration session.
 - Schools should collect consent from parents for students who wish to opt-into Student Search Service and complete the optional questionnaire.
 - Consent is required only to opt into Student Search Service and the questionnaire. Students can still take the SAT and PSAT 10 without completing this information.
- If a parent does not return a consent form, the school should proceed assuming that the parent did not consent.
- Consent forms should remain at the school until the student graduates and do not need to be returned to College Board.

Prepare Your SAT Testing Room Kits

Create testing room kits to hand out to Proctors on test day

- Testing room cover sheet
- Testing Room Materials Report form
- A copy of the room roster you created or NAR showing students assigned to the testing room
- Pre-labeled or gridded answer sheets (for the students assigned to each testing room)
- Blank answer sheets
- Student Answer Sheet Instructions booklets
- Irregularity Report (IR) forms
- SAT School Day Request to Cancel Test Scores forms
- “Testing in Progress” flyer
- The SAT School Day Standard Testing Manual or SAT School Day Accommodated Testing Manual
- If applicable, EL supports (translated directions and/or word-to-word glossaries) for students who need them
- Clear plastic bags for storage

On Test Day

Test Security

- Copying and prohibited communication are the most common ways for students to obtain an unfair advantage.
- During testing, staff must:
 - Watch for roaming eyes. Some students may try to copy from a neighbor.
 - Carefully observe students using calculators. A smart phone can be disguised as a calculator through the use of a plastic cover.
 - Watch for signals. Students may signal across a testing room by using their hands, tapping their feet, using different colored pencils, and so on.
 - Always note any such activities on the Irregularity Report (IR). Immediately report significant problems or events that interfere with specific testing procedures or that compromise test security.

Prohibited Devices

Preventing issues with mobile phones and electronic devices

- At the beginning of testing, proctors will read scripts reminding students to turn off their phones and other electronic devices and to turn them in to the proctor, if allowed under school policy.
- If school policy does not permit the collection of devices, proctors must instruct students to store their powered-down devices in a bag or backpack placed to the side of the room away from the testing area.
- Once the script has been read, if a student is observed with a prohibited device, the test coordinator must dismiss that student.
 - A student doesn't need to be holding a phone for it to be considered in their possession—a phone is considered in the student's possession if it's on or under the student's desk or in their pocket.
- If a student's phone makes noises while in the proctor's possession or stored away from the student's desk, this should not be considered grounds for dismissal, but the proctor should turn off the phone in order to prevent additional disturbances during testing and issue a warning to the student.

- On test day, the coordinator must count the test books:
 - When distributing materials to proctors on test day
 - When collecting materials from proctors and preparing them for return
- Ensure that your proctors account for testing materials in the testing room as instructed in their manual. Proctors must count the test books:
 - After receiving the materials from you
 - After distributing materials to students
 - After collecting multiple-choice books
 - Before dismissing students from the testing room

Distributing Test Materials

- The proctor uses the seating chart on the back of the Testing Room Materials Report form to record the serial number of the multiple-choice test book distributed to each seat in the room.
- If any issues arise, the chart will be used in investigating reported irregularities.
- Seating charts for SAT are returned after testing. School staff are instructed to keep a copy of the PSAT 10 and PSAT 8/9 seating charts in their records.

Part B: Distribution of Test Materials

You or a proctor should use the chart below to indicate how test books were distributed to students seated in your testing room. Do not record distribution if any of Essay books.

Print the name of the person completing the seating chart below, along with the center or school number and date. Fill in the room number and page number (e.g., page 1 of 1). For large rooms, use a separate form for each area of the room and indicate where areas adjoin each other.

Seating Chart for Room # _____

Page _____ of _____

- For each occupied seat, write the serial number of the test book assigned to that seat, and, if time allows, write the test-taker's name or initials.
- For each row, draw directional arrows to indicate the direction in which the books were distributed.
- Cross out any unused seats.
- Indicate the location of the entrance doors.

If any test-taker is moved to another seat after the test books are distributed and the test begins, indicate on the seating chart the seat to which the test-taker was moved. Complete a Supervisor's Irregularity Report explaining the reason for the change.

The diagram shows a rectangular room with a grid of seats. The top wall is labeled "REAR" and the bottom wall is labeled "FRONT". Arrows indicate the direction of book distribution: from the rear wall towards the front wall. A "Room entrance" is marked on the right wall. A "Test takers face this direction" arrow points towards the front wall.

Reporting Test Administration Irregularities

- Use the Irregularity Report (IR) to record an irregularity, including:
 - Security incidents
 - Misconduct
 - Test question errors or ambiguities
 - Student complaints
 - Other incidents or disturbances
- Make sure reports are complete and explicit. Fill out just one form for each issue, even if it affects more than one student (such as mistiming).
- Irregularities filed by proctors must be countersigned by the test coordinator, who should add any information that might be useful.
- Keep a copy of any IRs submitted should College Board require additional information during their review.
- IRs will also be useful when completing your makeup materials requests.

The image displays three College Board Irregularity Report (IR) forms. The top form is for the SAT School Day, the middle for PSAT 10, and the bottom for PSAT 8/9. Each form includes sections for:

- GENERAL INSTRUCTIONS TO COORDINATOR:** Guidelines on how to use the form and when to report irregularities.
- TESTING START DATE:** A grid to indicate the date and time of the test.
- PROGRAM:** Selection of the test type (SAT, PSAT 10, or PSAT 8/9).
- SCHOOL INFORMATION:** Fields for school name, address, city, state/province, postal code, and country.
- TEST BOOK INFORMATION:** Details about the test book used.
- GROUP IRREGULARITY:** A section for reporting irregularities affecting a group of students.
- SCHOOL CONTACT INFORMATION:** Fields for the school coordinator's name, title, email, phone, and fax.

 The forms also include a 'TESTING START DATE' grid and a 'TESTING START TIME' grid. The PSAT 10 and PSAT 8/9 forms have additional sections for 'SCHOOL CONTACT INFORMATION' and 'TESTING START DATE'.

What to Consider for Test Day

Important Points for Coordinators

- How will you collaborate with your SSD coordinator?
- How will you inform students of their testing location, time they should arrive, etc.?
- How will you distribute materials to proctors?
- Where do you want proctors to return materials?

Helpful Hints

Important Points for Coordinators

- Make sure you have the printed manuals with you on test day for quick and easy reference.
 - If issues arise, refer to the irregularity charts to determine what to do.
- Remind your proctors: When distributing answer sheets be sure they are distributing the answer sheet to the correct student.
- After collecting test books and answer sheets, review key information to prevent delays in scoring.
 - The number of used answer sheets returned must match the number of students tested, as entered on the CRF.
 - **Ensure the school (AI) code on the CRF is correct.**
 - Used answer sheets are **not** returned inside test books or with the test book shipment.
 - Used answer sheets for students with accommodations or supports who appear on the NAR are returned in the white Accommodated Testing Envelope.

- CRFs will be returned for each assessment and test date.
- The coordinator is responsible for completing the CRF.
- When testing has concluded, the test coordinator is required to count the number of answer sheets and record the number on the CRF.
- This form is scanned and must be completed using a No. 2 pencil.
- You may keep a copy of this form for your local records, but submit the original for processing.
- A sample form is included in the coordinator's manual.
- Confirm that your school code (AI code) is correctly prefilled in item 4—it's required for reporting of scores to your school, district, and/or state. Contact SAT School Day Support if your code is not correct.
- Answer sheets from each administration date need to be returned separately, with a separate CRF. For example, do not mix primary administration answer sheets with makeup answer sheets for SAT.
- Make sure you bubble the correct date on the CRF. For example, April 14 for the primary date and April 28 for the makeup date (SAT only).

Packing Answer Sheets

UPS
Label

Pearson
Label

- Answer sheet return bags/boxes will have two labels pre-applied: a colored Pearson label and a UPS shipping label.
- Used answer sheets and other materials needed for scoring from the primary test day must be returned the day after the test.
- Used answer sheets for students testing in the accommodated testing window must be returned as soon as all accommodated testing is complete.
- An answer sheet is considered “used” if:
 - It has at least one answer gridded in for the test, anything is written on the lined pages of the SAT Essay, and the answer sheet includes a label or gridded student information.
 - It has demographic information but no test responses (i.e., absentees). Return these answer sheets in the last outgoing used answer sheet return shipment, being sure to count them in the total number of used answer sheets on the CRF.
- Note: Blank answer sheets with no demographic information can be destroyed after testing.
- Schools need to return answer sheets and test books separately for each assessment.
 - Do not include SAT answer sheets with PSAT 10 answer sheets, etc.
 - No answer sheets should be returned in the test book return shipment.

Packing Test Books

Image of loose UPS label that needs to be affixed to outside of box

- Reuse the boxes in which your test materials arrived to return test books.
- Loose UPS labels with the header “TB Returns” will be included in the shipment. Be sure to look for these labels when receiving your materials. They may shift to the bottom of the box during shipment.
- Test book return labels are applied to each SAT, PSAT 10 and PSAT 8/9 test book return box.
- **IMPORTANT: School staff must return SAT, PSAT 10, and PSAT 8/9 test books.**
- No answer sheets should be included in the test book return shipments.

Test Materials Return Schedule

Schools must return materials no later than:

- **The day after the primary test date**
 - **The day after all accommodated testing is complete, but no later than day following the end of the accommodated testing window (SAT only)**
 - **The day after the makeup test date (SAT only)**
- Directions will be provided for coordinators to arrange their own pickups with UPS to better meet individual school schedules.
 - If UPS regularly stops by your school, you can give materials to the driver during those stops.
 - Coordinators will use the tracking numbers on the return labels to schedule the pickups.
 - **IMPORTANT:** When returning answer sheets and test books, write down or take a picture of the tracking numbers of these shipments so you can verify that your return packages have been received after shipping.
 - Answer sheets will not be scored if received late.

Makeup Testing

SAT

- Students who miss the primary SAT test date should be scheduled to participate in makeup testing on **4/28/20**.
- Students approved for accommodations that allow them to test within the accommodated testing window for the SAT should test on the day they return to school but complete testing no later than the end of the accommodated testing window.
- Students who have an irregularity during testing may be eligible for a makeup. For example, a student who gets sick during testing can participate in the makeup administration for SAT.
 - Refer to the Irregularity Chart provided in the manual for directions.
- Further details around the process for ordering makeup materials for SAT will be provided to Test Coordinators via email closer to test day.
- New test books will be sent for all students testing on the SAT makeup test date.

Score Reporting

- Answer sheets will not be scored if received late.
- Student Reporting Portal - centralized portal for students to access their PSAT™ 8/9, PSAT™ 10, and SAT® score reports.
- K-12 Educator Reporting Portal - centralized portal for schools, districts, states
 - Report Center: Reporting tools allow educators to configure and run online reports, apply filters for data analysis, and print student reports.
 - Download Center: Data files available to manage electronic score downloads — manual and automatic
