

## Illinois School Cooperatives

\*Please note that this is not an all-encompassing list of all of the Illinois Food Buying co-ops. It is simply a list to refer to. ISBE does not enforce any School Food Authority (SFA) to join a co-op when procuring food, goods, or supplies. ISBE does not recommend one co-op over the other. It is up to the SFA to determine which co-op best fits their needs. In certain situations where the co-op contains a non-SFA, non-local or non-state government member, the SFA may need to take additional procurement steps to purchase off the co-op contracts. If any of these co-ops do not fit your needs, please reach out to other SFAs in your area to see if they are part of another co-op not listed below.

To add your co-op to this page or to update information listed; please email [NutritionProcurement@isbe.net](mailto:NutritionProcurement@isbe.net), or call (217) 782-2491.
