

# Monitoring a School Improvement Plan

School and District Improvement

# Your SLP is written...Now what?

# Why Monitor the SIP?

- To ensure key activities are being implemented in a timely fashion.
- To assess the support and professional learning that educators need.
- To review data and evidence to know if efforts are impacting student learning.
- To adjust course when needed.

# Establish a Protocol for Monitoring

**Prepare for the meeting**

**Review relevant data and evidence**

**Determine next steps**

**Reassess the action plan**

# Prepare

- Select at least one key activity
- Members reflect individually

Review and  
discuss

- Relevant data
- Evidence of implementation

Determine  
next steps

- Sustainable efforts
- Progressing efforts

Reassess activities  
that have not been  
started

- Determine why
- Keep or eliminate activity

# Schedule sufficient time to monitor

- Establish a cadence to ensures all key activities are monitored multiple times over the school year.
- Plan ahead and come prepared to engage.
- Protect time for all involved in monitoring
