

My Data Dashboard: What's New?

New Features and
Visualizations
November 2025

My Data Dashboard provides key analytical capacity to the Illinois Report Card (IRC) suite of applications. The system is updated twice each year, adding features and data streams to empower your strategic use of Illinois Report Card data for student and school improvement.

November 2025

My Data Dashboard Features

- Detailed deconstruction of Summative Designations and other future accountability initiatives
- Structured walk-through summaries of calculations for IRC-reported data using real local data instead of mock example data
- Data views based on snapshot (annual entity-level data, like reported in the IRC), trend, and cohort (based on 1st grade entry cohort and/or 9th grade cohort, depending on the metric)
- Historical data sets (where available), supporting your analyses over time
- Complete student rosters with the capacity to index and filter by performance-based (i.e., proficiency) and descriptive (i.e., gender or IEP status) factors
