

My Data Dashboard Webinar FAQ – February 25, 2025

Webinar Question	Webinar Response
Is the Chrome browser compatible with MDD? When I create a New Dashboard, I can grab a widget, but it does not become active in the template as suggested...	Yes, MDD is fully compatible with Chrome as a browser. We'll reach out to you assist you in determining why the template is not functioning properly for you.
On the Academics submenu, I don't have KIDS.	Please email mydashboard@isbe.net with specific details and we can look into it for you. Thanks!
This is very helpful and the changes will definitely provide a clearer picture of information specifically with subgroups. Are there any plans to include the Equity Journey Continuum within the data dashboard?	Great suggestion!
Are there any webinars/training available for the budgeting forecasting tool in MDD under the finance section?	Workshops are available through the ROEs. We recommend reconnecting with your RFC to explore options.
I believe that there is a limit of 8 roles in myRoles on myIRC. Our network has 13 schools. Are there any work- arounds or plans to expand myRoles?	As a portion of the transition to role management being handled automatically based on roles assigned in EIS we are actively investigating a resolution to this issue for organizations like yours. We will be in contact with you when the solution is in place.
Is there someone I can contact if I cannot see KIDS data?	Please email mydashboard@isbe.net Thanks!
When I look at the KIDS longitudinal data it shows 100% ready when that does not reflect the other data as shown	Please email mydashboard@isbe.net with specific questions and we can look into your district. Thanks!
