Targeted vs. Schoolwide

What is Title I Targeted Assistance?

- Title I Part A funds are for students identified as not meeting; or at risk of not meeting the state's content standards.
- Students identified as targeted are the **only students eligible** to participate in Title I funded activities.
 - Example: Math software purchased with Title I funding can only be used for Title I-eligible students.

What is a Title I Schoolwide Program?

- The purpose is to improve academic achievement throughout a school so that **all students**, particularly the lowest-achieving students, demonstrate proficiency related to the state's academic standards.
- Program addresses the educational needs of all students with **comprehensive strategies** for improving the **whole school**. The focus is on **schoolwide reform**, rather than separate, add-on services.

Schoolwide Planning Process

- Conduct a comprehensive needs assessment.
- Prepare a schoolwide plan based upon the needs assessment results.
 - Schoolwide plans must be approved by the local school board.
- Evaluate the schoolwide plan annually.
 - Have needs changed?
 - If the plan does not align, it must be updated.
- All schools transitioning to schoolwide programming must develop a schoolwide plan and obtain school board approval.
- Templates and more information about this process can be found on [ISBE's Schoolwide Program webpage](#).

Schoolwide Waiver Requirement

- Schools with a poverty rate above 20% and below 40% that wish to operate a schoolwide program must complete a waiver annually prior to submitting the ESEA of 1965 as Amended application in the fall.
- **Note**: The school must be at or above 20% poverty at the time the plan is board approved AND submittal of the grant application and waiver.
- Schoolwide Waiver application
