- 62 Local Branches working to support you
- To find your local branch, visit fastenal.com
- 24-hour emergency service

FASTENAL

INVENTORY SOLUTIONS

Solutions to reduce **delays, consumption, and total costs.** ▶

SIMPLIFY

Our local team can execute a custom inventory management program to ensure a consistent flow of product – the right amount, when and where you need it.

CONTROL

Our vending technology brings visibility and control to consumables of all shapes and size – from PPE and wide-ranging MRO items to abrasives and cutting tools. Utilize a simple cloud dashboard to set access controls and analyze usage by individual employees and data points you define (e.g., work orders or GL codes).

TRACK

We also offer solutions to automate the check-out and return process. Connect each asset to the current user and receive alerts when items are due back, creating complete accountability.

ANALYZE

Utilize our reporting tools to visualize inventory by location, understand usage patterns, and guide purchasing decisions.

PRODUCT OFFERING

VALUE

Use our category management process to eliminate overlapping SKUs, switch to lower-cost alternatives, and reduce waste and redundancy in your MRO spend.

AGILITY

With a balanced supplier network and a willingness to source 'outside the catalog,' we can quickly procure special items to meet your needs.

SAFETY

Work with our certified safety specialists to test and select the best products for the job in terms of protection, lifetime cost, and productivity.

▶ **Looking to save time and boost your buying power?**
Tap into our broad-line MRO offering to consolidate, leverage, and simplify purchasing across multiple categories.
