

Power Your Teen's Future

SAT with Essay at a Glance

The SAT[®] Suite of Assessments is an important way for your teen to move along the path toward a successful future. When they take the SAT[®] with Essay, your teen can use their scores to be seen by colleges and scholarship programs, and they get customized career information to help them understand some possible options after high school.

Students in Illinois take the SAT with Essay School Day, which research shows leads to higher college-going rates for low-income and underrepresented students.

Help Your Teen Know Where to Go

As your teen navigates their academic journey, the SAT with Essay is an important tool you both can leverage to help plan for their future. Your teen will benefit in these ways:

Access Their Scores: If your teen is taking the SAT at school, during the school day, they can receive scores quickly and directly through the **BigFuture[®] School** mobile app. They may also receive a PDF score report directly from their school.

Find Out About Their Likelihood to Succeed in AP: Using their personalized score report, your teen will get recommendations about what **AP[®] courses** might be a good fit for them.

Gain Career Insights: Beginning in 2024, the score report will map the math and reading and writing skills measured by the SAT Suite to knowledge, skills, and abilities for occupations in the U.S. Department of Labor's O*NET database. Developed with experts, the personalized career information on the report aims to spark an interest in careers. Students can choose to log on to **BigFuture** for more in-depth exploration.

NEW DIGITAL FORMAT

In spring 2024, the SAT with Essay, PSAT 10, and PSAT 8/9 will be delivered in a digital format. Going digital means an easier testing experience for students with **Bluebook[™]**, College Board's new digital testing app. Students will have more time per question, shorter reading passages, and access to a built-in graphing calculator that can be used on the entire math section.

To become familiar with the digital format, your teen will have access to full-length practice tests in Bluebook as well as access to free **Official Digital SAT Prep on Khan Academy[®]**.

For more information, contact the following:

Learn About Colleges and Scholarships: Through the College Board's free online resource, **BigFuture.org**, your teen can investigate colleges, take a career quiz, and search scholarships as they take steps towards their postsecondary option.

Get Help to Pay for College: In some cases, a minimum SAT score and GPA are required to be eligible for certain scholarships. Without scores to submit for consideration, your teen could lose access to thousands of dollars in college funding.

Leverage College Course Placement: SAT test scores are used by many colleges to determine first-year college course placement. Higher SAT scores could result in higher course placement, saving your teen time and money.

THE SAT SUITE: CHARTING THE PATH TO SUCCESS

Whether your teen is thinking about attending a two- or four-year college, a job training program, or isn't sure what they want to do after high school, the SAT Suite of Assessments can help make their career goals and postsecondary path clearer.

Every test provides you, your teen, and their teachers with information about your teen's strengths and areas that need improvement. This way your teen will know where to focus, and customized practice and planning resources will help them set and achieve their goals.
