

UNITED STATES DEPARTMENT OF EDUCATION  
OFFICE OF SPECIAL EDUCATION AND REHABILITATIVE SERVICES

**Final Determination Letter**

June 20, 2025

Honorable Tony Sanders  
State Superintendent of Education  
Illinois State Board of Education  
555 W Monroe St, Suite 900  
Chicago, IL 60661

Dear Superintendent Sanders:

I am writing to advise you of the U.S. Department of Education's (Department) 2025 determination under Section 616 of the Individuals with Disabilities Education Act (IDEA). The Department has determined that Illinois meets the requirements and purposes of Part B of the IDEA. This determination is based on the totality of Illinois' data and information, including the Federal fiscal year (FFY) 2023 State Performance Plan/Annual Performance Report (SPP/APR), other State-reported data, and other publicly available information.

Illinois' 2025 determination is based on the data reflected in its "2025 Part B Results-Driven Accountability Matrix" (RDA Matrix). The RDA Matrix is individualized for each State and Entity and consists of:

- (1) a Compliance Matrix that includes scoring on Compliance Indicators and other compliance factors;
- (2) a Results Matrix that includes scoring on Results Elements;
- (3) a Compliance Score and a Results Score;
- (4) an RDA Percentage based on both the Compliance Score and the Results Score; and
- (5) the State's or Entity's Determination

The RDA Matrix is further explained in a document, entitled "[How the Department Made Determinations under Section 616\(d\) of the Individuals with Disabilities Education Act in 2025: Part B](#)" (HTDMD).

The Office of Special Education Programs (OSEP) is continuing to use both results data and compliance data in making determinations in 2025, as it did for Part B determinations in 2015-2024. (The specifics of the determination procedures and criteria are set forth in the HTDMD document and reflected in the RDA Matrix for Illinois).

In making Part B determinations in 2025, OSEP continued to use results data related to:

- (1) the participation of children with disabilities (CWD) on Statewide assessments (which include the regular assessment and the alternate assessment);
- (2) the participation and performance of CWD on the most recently administered (school year 2023-2024) National Assessment of Educational Progress (NAEP), as applicable (For the 2025 determinations, OSEP is using results data on the participation and performance of children with disabilities on the NAEP for the 50 States, the District of Columbia, the Bureau of Indian Education, and Puerto Rico. OSEP used the available NAEP data for Puerto Rico in making Puerto Rico's 2025 determination as it did for Puerto Rico's 2024 determination. OSEP used the publicly available NAEP data for the Bureau of Indian Education that was comparable to the NAEP data available for the 50 States, the District of Columbia and Puerto Rico; specifically OSEP did not use NAEP participation data in making the BIE's 2025 determination because the most recently administered NAEP participation data for the BIE that is publicly available is 2020, whereas the most recently administered NAEP participation data for the 50 States, the District of Columbia, and Puerto Rico that is publicly available is 2024);
- (3) the percentage of CWD who graduated with a regular high school diploma; and
- (4) the percentage of CWD who dropped out.

For the 2025 IDEA Part B determinations, OSEP also considered performance on timely correction of noncompliance requirements in Indicator 18. While the State's performance on timely correction of noncompliance was a factor in each State or Entity's 2025 Part B Compliance Matrix, no State or Entity received a Needs Intervention determination in 2025 due solely to this criterion. However, this criterion will be fully incorporated beginning with the 2026 determinations.

You may access the results of OSEP's review of Illinois' SPP/APR and other relevant data by accessing the EMAPS SPP/APR reporting tool using your Illinois-specific log-on information at <https://emaps.ed.gov/suite/>. When you access Illinois' SPP/APR on the site, you will find, in applicable Indicators 1 through 18, the OSEP Response to the indicator and any actions that Illinois is required to take. The actions that Illinois is required to take are in the "Required Actions" section of the indicator.

It is important for you to review the Introduction to the SPP/APR, which may also include language in the "OSEP Response" and/or "Required Actions" sections.

400 MARYLAND AVE. S.W., WASHINGTON DC 20202-2600

[www.ed.gov](http://www.ed.gov)

*The Department of Education's mission is to promote student achievement and preparation for global competitiveness by fostering educational excellence and ensuring equal access.*

You will also find the following important documents in the Determinations Enclosures section:

- (1) Illinois' RDA Matrix;
- (2) the HTDMD [link](#);
- (3) "2025 Data Rubric Part B," which shows how OSEP calculated Illinois' "Timely and Accurate State-Reported Data" score in the Compliance Matrix; and
- (4) "Dispute Resolution 2023-2024," which includes the IDEA Section 618 data that OSEP used to calculate the Illinois' "Timely State Complaint Decisions" and "Timely Due Process Hearing Decisions" scores in the Compliance Matrix.

As noted above, Illinois' 2025 determination is Meets Requirements. A State's or Entity's 2025 RDA Determination is Meets Requirements if the RDA Percentage is at least 80%, unless OSEP has imposed programmatic Specific Conditions on the State's or Entity's last three IDEA Part B grant awards (for FFYs 2022, 2023, and 2024), and those Specific Conditions are in effect at the time of the 2025 determination.

The Secretary is considering modifying the factors the Department will use in making its determinations in June 2026 and beyond, as part of the Administration's priority to empower States in taking the lead in developing and implementing policies that best serve children with disabilities, and empowering parents with school choice options. As we consider changes to data collection and how we use the data reported to the Department in making annual IDEA determinations, OSEP will provide parents, States, entities, and other stakeholders with an opportunity to comment and provide input through a variety of mechanisms.

For the FFY 2024 SPP/APR submission due on February 1, 2026, OSEP is providing the following information about the IDEA Section 618 data. The 2024-25 IDEA Section 618 Part B data submitted as of the due date will be used for the FFY 2024 SPP/APR and the 2026 IDEA Part B Results Matrix and data submitted during correction opportunities will not be used for these purposes. The 2024-25 IDEA Section 618 Part B data will automatically be prepopulated in the SPP/APR reporting platform for Part B SPP/APR Indicators 3, 5, and 6 (as they have in the past). Under EDFacts Modernization, States and Entities are expected to submit high-quality IDEA Section 618 Part B data that can be published and used by the Department as of the due date. States and Entities are expected to conduct data quality reviews prior to the applicable due date. OSEP expects States and Entities to take one of the following actions for all business rules that are triggered in the appropriate EDFacts system prior to the applicable due date: 1) revise the uploaded data to address the edit; or 2) provide a data note addressing why the data submission triggered the business rule. States and Entities will be unable to submit the IDEA Section 618 Part B data without taking one of these two actions. There will not be a resubmission period for the IDEA Section 618 Part B data.

As a reminder, Illinois must report annually to the public, by posting on the State educational agency's (SEA's) website, the performance of each local educational agency (LEA) located in Illinois on the targets in the SPP/APR as soon as practicable, but no later than 120 days after Illinois' submission of its FFY 2023 SPP/APR. In addition, Illinois must:

- (1) review LEA performance against targets in the State's SPP/APR;
- (2) determine if each LEA "meets the requirements" of Part B, or "needs assistance," "needs intervention," or "needs substantial intervention" in implementing Part B of the IDEA;
- (3) take appropriate enforcement action; and
- (4) inform each LEA of its determination.

Further, Illinois must make its SPP/APR available to the public by posting it on the SEA's website. Within the upcoming weeks, OSEP will be finalizing a State Profile that:

- (1) includes Illinois' determination letter and SPP/APR, OSEP attachments, and all State or Entity attachments that are accessible in accordance with Section 508 of the Rehabilitation Act of 1973; and
- (2) will be accessible to the public via the ed.gov website.

OSEP appreciates Illinois' efforts to improve results for children and youth with disabilities and looks forward to working with Illinois over the next year as we continue our important work of improving the lives of children with disabilities and their families. Please contact your OSEP State Lead if you have any questions, would like to discuss this further, or want to request technical assistance.

Sincerely,

---

David J. Cantrell  
Deputy Director  
Office of Special Education Programs
