January 2024

Dear Parent:

The Illinois State Board of Education (ISBE) is pleased to give you the opportunity to complete a survey about how well your child's school is involving you in your child's education. The survey is being mailed to some parents in your district whose children receive special education services. ISBE has asked Measurement Inc. to collect this information.

Your opinions are very important to us. Your answers will be combined with those from other parents to help the state and individual school districts improve family-school partnerships in special education. No one from your school district will know how you answered the survey questions.

There are three ways or options to submit your survey.

       1 – Complete and mail the survey you received in the U.S. Mail.

       2 – Complete the survey online at: www.mievaluation.com/isbe2024.htm. Your username is the 7-digit Survey ID on the English language side of your survey

       3 – Complete the survey online by scanning the QR code.

All surveys received by **May 15, 2024**, will be included in the statewide results. The completion of this survey helps ISBE to determine the strength of parent and school partnerships across the state. The results will highlight areas of good practices and areas that need improvement.

Your survey responses should reflect your experiences for the **2022-2023** school year.

For more information or if you need assistance with completing the survey in English or Spanish, please contact Measurement Inc. at ISBEParentSurvey@MeasInc.com or toll-free at (877) 881-7077.

Visit https://www.isbe.net/Pages/Special-Education-Parents-of-Students-with-Disabilities.aspx for resources that may be helpful to parents of a student with disabilities.

ISBE would like to thank you for helping our improvement efforts.
Sincerely,

Barbara Moore,
Director of Special Education
