Based on Fiscal Year 2023 Annual
Financial Reports

September 2024

Illinois State Board of Education

2024 School District Financial Profile Scores

Based on Fiscal Year 2023 Annual Financial Reports

Enclosed are the 2024 School District Financial Profile scores based on the fiscal year 2023 Annual Financial Reports (AFRs). Financial Profile calculations for school districts are determined using five key indicators:

- Fund Balance to Revenue Ratio
- Expenditure to Revenue Ratio
- Days Cash on Hand
- Percentage of Remaining Short-Term Borrowing Ability
- Percentage of Remaining Long-Term Borrowing Ability

A detailed explanation of these indicators and the Financial Profile calculation formulas are shown in the Appendix to the report. They are also available on the [ISBE School District Financial Profile webpage](#).

Background Information

[Section 1A-8](#) of the School Code states, “To promote the financial integrity of school districts, the State Board of Education shall be provided the necessary powers to promote sound financial management and continue operation of the public schools.”

The School District Financial Profile was designed to better illustrate information on school district finances and to establish financial designation lists for all districts. The designation categories in descending order are:

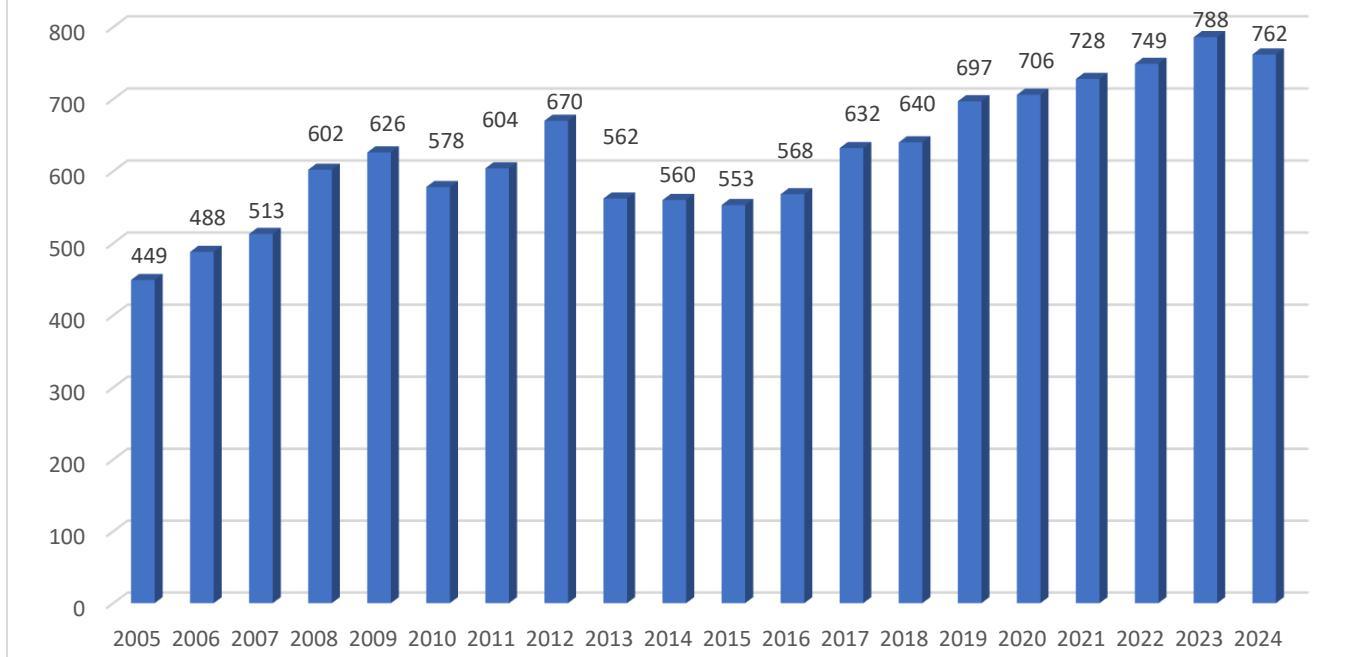

- Financial Recognition (the highest category designation)
- Financial Review
- Financial Early Warning
- Financial Watch

This is the 22nd year that the Financial Profile has been used to evaluate districts' fiscal solvency. Data for the 2024 Financial Profile reflects continued district financial strength.

Graph 1 provides a longitudinal view of the number of districts in Financial Recognition for the Financial Profile years 2005 through 2024. It also reflects that the 2024 Financial Profile has shown 762 districts to be in Financial Recognition, a decrease of 24 districts from the high in 2023.

Graph 1

Number of Districts in Financial Recognition

2024 Financial Profile Analysis

Table 1 summarizes the overall improvement to the 2024 Financial Profile.

Table 1	2023 Financial Profile Based on FY 2022 Adjusted Data		2024 Financial Profile Based on FY 2023 Adjusted Data		Variance	
	#	%	#	%	#	%
Financial Recognition	788	92.6%	762	89.5%	(26)	-3.1%
Financial Review	51	6.0%	70	8.2%	19	2.2%
Financial Early Warning	10	1.2%	12	1.4%	2	0.2%
Financial Watch	2	0.2%	7	0.8%	5	0.6%
Total	851	100.0%	851	100.0%	0	0.0%

The number of districts designated in Financial Recognition for the 2023 Financial Profile decreased by 26 districts when compared to 2023. There was a corresponding increase in each of the other categories.

Overall, the 2023 Annual Financial Reports reflect an increase in total operational revenue (Education, Operation and Maintenance, Transportation, and Working Cash Funds) of \$1.8 billion (5.6 percent) and an increase in expenditures of \$1.9 billion (6.3 percent).

Increased Local Funding:

The total statewide 2022 Equalized Assessed Valuation (EAV) increased over the 2021 EAV by \$26.9 billion (4.9 percent). The increase in EAV last year was 1.63 percent. The EAV increase enhances districts' tax levy ability and the debt capacity. The Consumer Price Index (CPI) used school districts falling under the Property

Tax Extension Limitation Law (PTELL) for FY 2023 (taxes paid in 2022) was 1.4 percent. This is less than the prior fiscal year CPI of 2.3 percent, but total revenue from local tax levies increased by 3.3% over FY22.

In addition to increases to local property tax revenue, Corporate Personal Property Replacement Tax (CPPRT) revenue increased again for FY 2023. Compared to FY 2022, CPPRT increased by \$140.8 million, which represents a 7.5 percent increase.

Total FY 2023 local revenue from operational funds increased \$1.4 billion (7.2 percent) over FY 2022 local funds.

Increased State Funding:

The 2023 AFRs reflect an increase in state revenue in the operational funds of \$334.67 million (4.0 percent). Large areas of increase were seen in Evidence-Based Funding, special education reimbursements, transportation reimbursements, and early childhood education.

Increased Federal Funding:

The 2023 AFRs reflect an increase in federal revenue in the operational funds of \$47 million (1.1 percent). This follows an increase of 41.8 percent last year. The largest line-item increase of \$150 million was in Other Restricted Revenue from Federal Sources, which is mostly from federal pandemic relief funds. Federal funds for the School Nutrition Program, however, decreased by \$182.7 million. Expenditures must be incurred and an expenditure report submitted to ISBE before funds are provided to school districts, so revenue in this area is offset by the corresponding expenditures.

Expenditures:

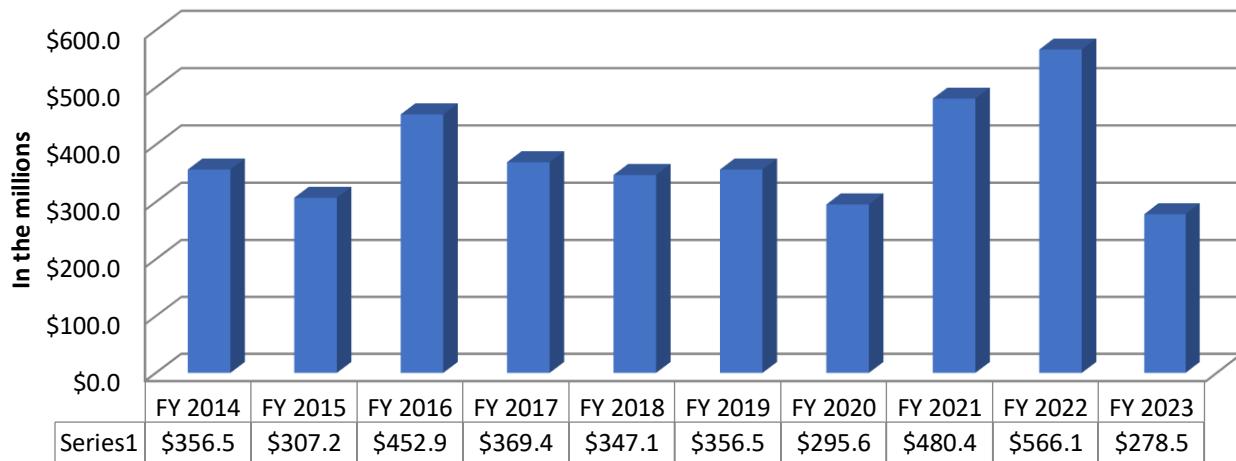

FY 2022 statewide district operational funds expenditures increased \$1.9 billion (6.3 percent) over FY 2021 expenditures. The increase in overall operational expenditures was in part attributable to the receipt of federal pandemic relief funding.

Issuance of Operational Long-Term Debt:

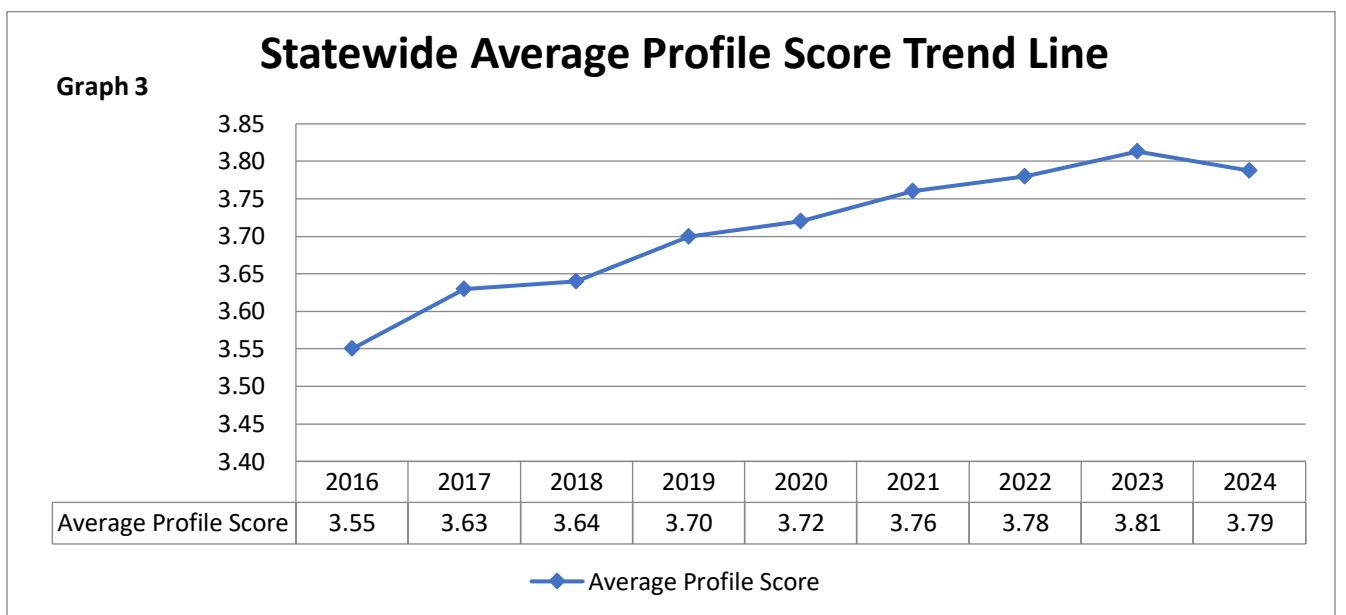

Statewide issuance of debt in the operational funds decreased \$287.3 million (50.8 percent). Districts issued \$278.8 million in Long-Term Debt in the operational funds in FY 2023 compared to \$566.1 million in FY 2022. A total of \$260.4 million of the \$278.8 million in Long-Term Debt (93.4 percent) was for Working Cash Fund Bonds. A total of \$163.8 million in Working Cash Fund balance was transferred to the Education, Operation and Maintenance, and Transportation funds for operational use. In the prior fiscal year, districts transferred \$195.6 million from Working Cash to the operational funds.

Graph 2 reflects districts' trends in issuing debt in the operational funds from FY 2014 through FY 2023.

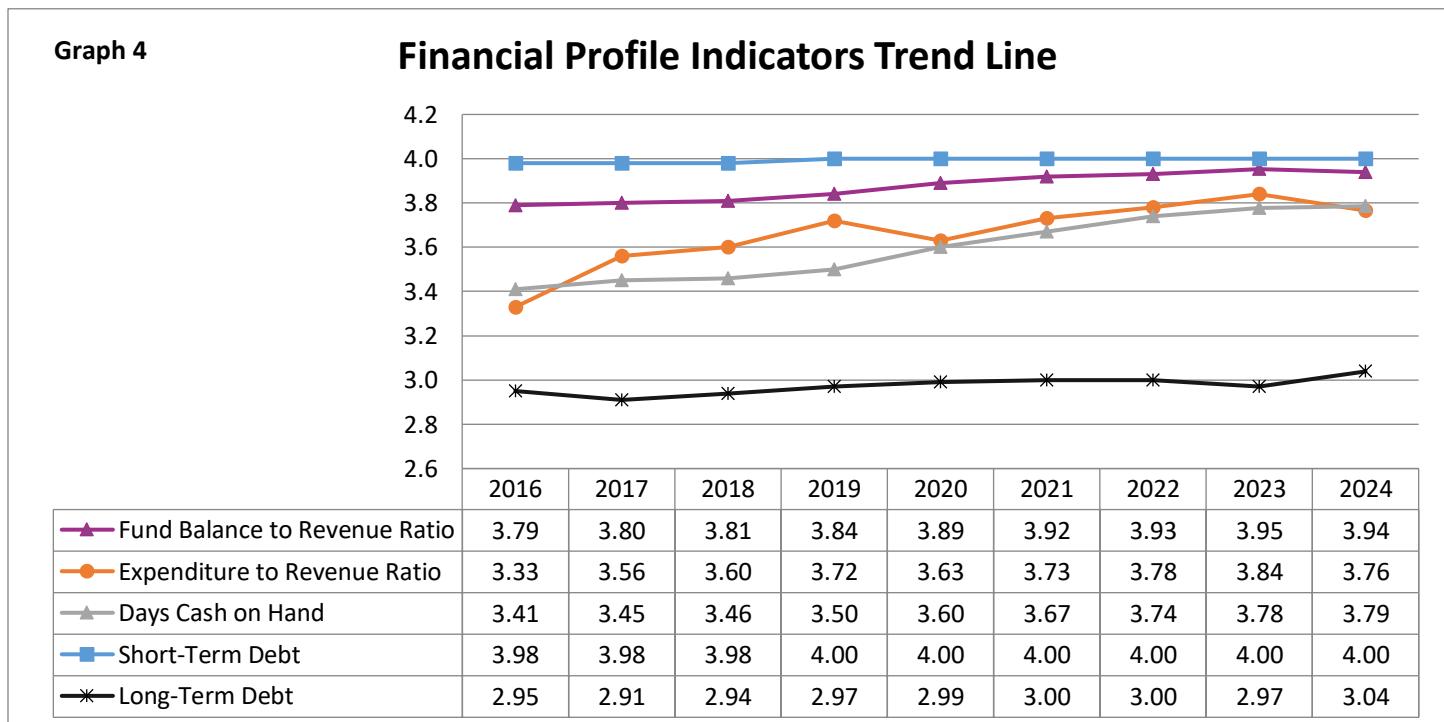

Graph 2 Amount of Long-Term Debt Issued Each Fiscal Year

Graph 3 reflects the average Financial Profile score for 2016 through 2024. It shows the 2024 Financial Profile statewide average score decreased to 3.79 from the 2023 average profile score of 3.81. All statewide average Financial Profile scores on the next page are within the Financial Recognition designation (3.54 – 4.00). The statewide designation was 3.18, Financial Review, in 2004, which was the first year of the Financial Profile.

Graph 4 reflects the improvement in three of the five financial indicators for the 2024 Financial Profile. The graph also reveals the trend for each indicator from 2016 through the 2024 Financial Profile. All Financial Profile indicators, except for Short-Term Debt and Long-Term Debt, reflected an upward trend. The Short-Term Debt indicator has been stable at the highest score of 4.00, and the Long-Term Debt indicator increased slightly from the prior year.

The average Fund Balance to Revenue Ratio score has increased slightly over the past several years. On average, the 2024 score of 3.94 reflects that districts have less than a 25 percent Fund Balance to Revenue Ratio but at least a 10 percent ratio.

The average Expenditure to Revenue Ratio indicator of 3.76 reflects that districts continue to spend slightly more than they are realizing in revenue. A total of 153 districts realized a deficit results of operations for FY 2023 compared to 101 for FY 2022.

Financial Watch List Districts

There are seven school districts on the Financial Watch List this year compared with four last year. Both lists include districts only on the list because they failed to submit an AFR. Removing those districts, the 2023 Financial Watch List has two districts, and the 2024 list has five districts. Both districts with the Watch designation last year are again assigned the Watch designation this year.

Financial Profile Compared with EBF Tiers

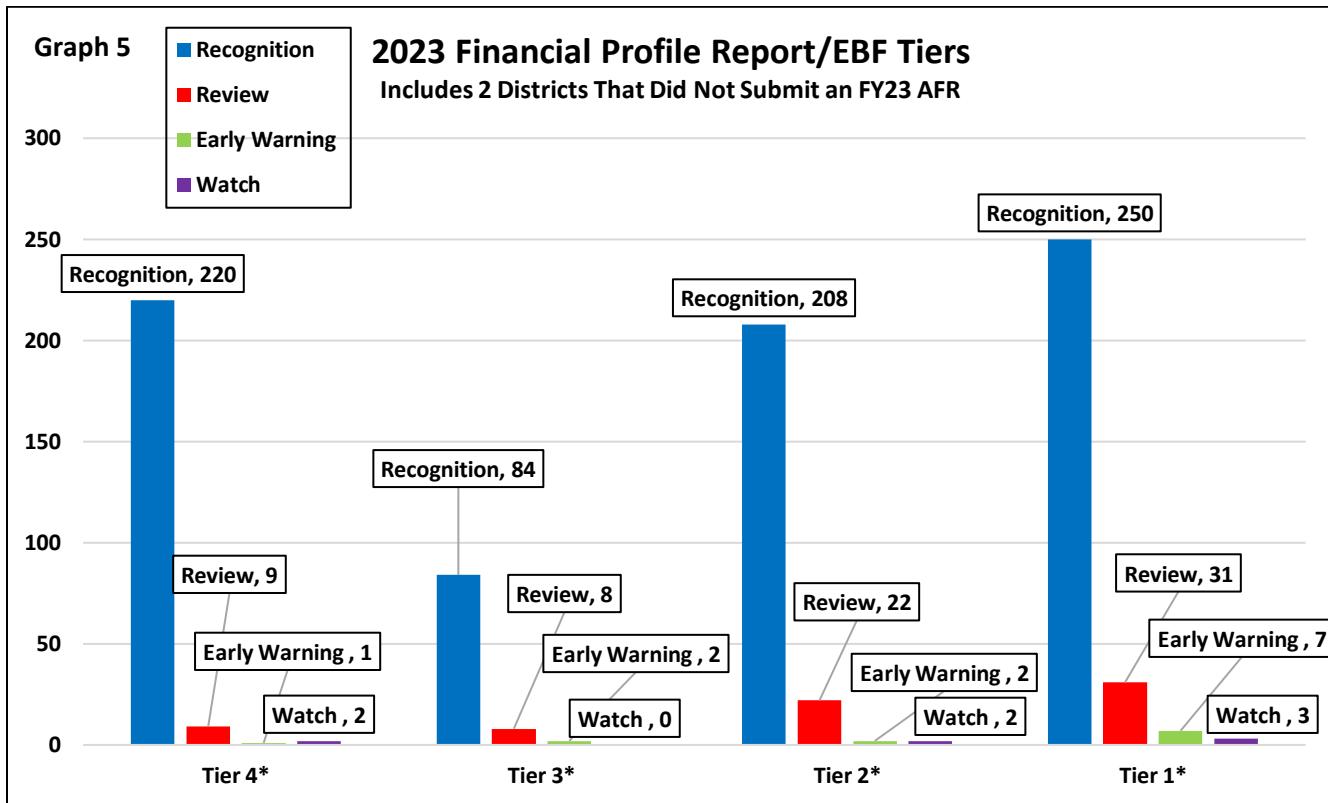

Tables 2 and 3 and Graph 5 reflect the relationship between Financial Profile categories and Evidence-Based Funding (EBF) tiers, the latter of which are differentiated by districts' financial capacity to percent of adequacy. Tiers 1 and 2 have districts within the Financial Watch designation. Districts of every tier can be found within the two highest Financial Profile designations of Financial Recognition and Review.

Note: All tables and graphs in this report include two districts that did not submit an FY 2023 AFR by the time this report was compiled. These districts are assigned the Financial Watch designation.

Table 2 Financial Profile Designation	# of Dist	Tier 4		Tier 3		Tier 2		Tier 1	
		# Dist	% of Dist

Days Cash on Hand

Table 7 below summarizes the trend of districts' Days Cash on Hand for the past five years.

Table 7 # of Days Cash on Hand	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023
Greater than 720 days	6	7	10	12	22
360 - 720 days	158	156	197	235	244
180 - 359 days	420	453	450	446	432
100 – 179 days	184	178	139	125	122
60 - 99 days	59	44	35	20	18
Less than 60 days	24	13	11	14	11
Total	851	851	842	852	849

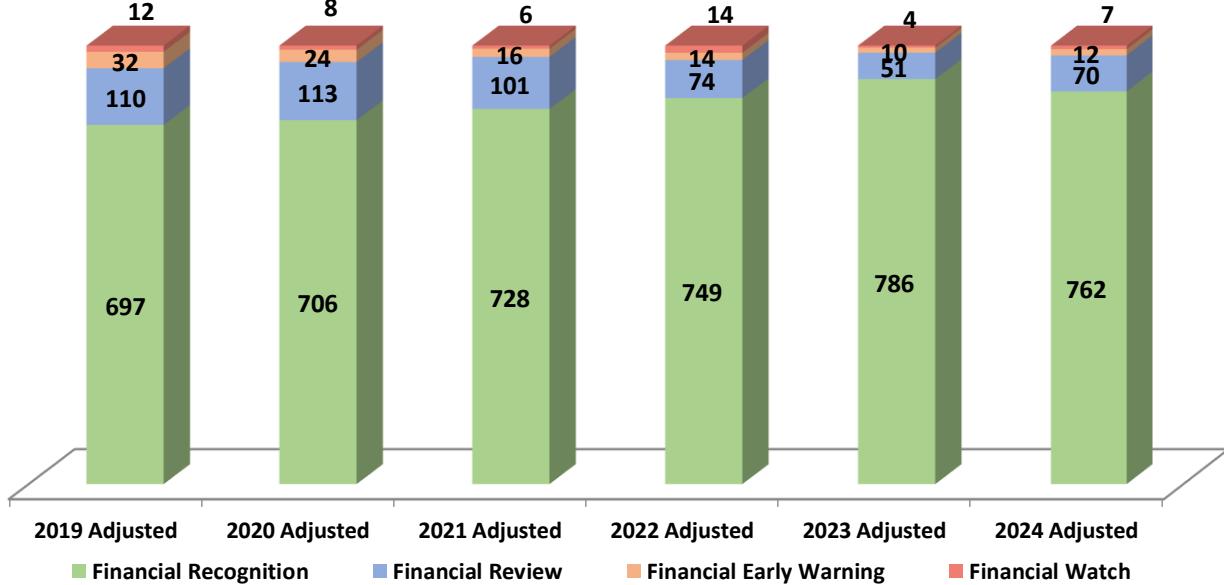

The number of Days Cash on Hand per district has increased over the past five years. Most districts have between 180 and 359 Days Cash on Hand. The Financial Profile requires a minimum of 180 days to obtain the highest score. Bond underwriters or financial advisers recommend districts have 40 to 50 percent of expenditures on hand at fiscal year-end or the equivalent of 4.8 to 6 months of Days Cash on Hand (144 to 180 days).

Graph 6

Results of Financial Profile

The map on the next page highlights the counties where the districts on the 2024 Financial Watch List are located. Two of these districts are on Financial Watch due to failure to submit an FY 2023 AFR and are not represented on the map. The Financial Watch districts are located:

- One each in Cook, DuPage, and Saline Counties
- Two in St. Clair County

In Summary

The 2024 Financial Profile (based upon FY 2023 financial data) reflects positive results for fiscal solvency due to increased EAVs, Corporate Personal Property Replacement Tax revenues, state revenues, and federal relief grant revenues, leading to increased total revenue. ISBE staff continue to monitor districts that are on the Financial Watch List as well as districts in other categories that show signs of financial difficulty.

Allendale CCSD 17	2023	1.40	1.40	0.40	0.40	0.30	3.90	Recognition	Allendale CCSD 17 was on the Financial Watch list due to the district auditor not completing the AFR in a timely manner. With this said, our 3.9 rating is the best we have had in over a decade. The "Days Cash on Hand", sitting at 193.55, is significantly higher than we have been in over a decade. It has taken time, but the finances for Allendale CCSD 17 are in pretty good shape.

Caron Union SD 66	2023	1.40	1.40	0.40	0.40	0.30	3.90	Recognition	We have worked hard to maintain our high financial profile report with conscious decision making with feedback from our stakeholders. The health-life-safety bond sale, in order to upgrade our facilities, did cause our score to slightly decrease compared to previous years, but will return back to 4.0 soon.

Midwest Central CUSD 191	2023	1.40	1.40	0.40	0.40	0.40	4.00	Recognition	Midwest Central's Financial Profile is near the top 4.0 score year over year. The district's takes great pride in respecting tax payer dollars and using responsible fiscal management. With one of the lowest tax rates in the area it's clear that the district is mindful of its responsibility to the district property owners.

Troy CCSD 30C	2023	1.40	1.05	0.40	0.40	0.30	3.55	Recognition	Troy CCSD 30-C continues to keep spending and revenues aligned with student and community needs. On occasion, this results in spending a portion of the District's fund balance. For FY23, annual expenses slightly exceeded direct revenues and this is the primary reason the score dropped, although the District still received the highest designation.
