Briefly describe your District's progress toward implementation of the ISBE-approved proposed reform strategy during the previous school year of the SIG 1003(g) school improvement efforts by answering the questions below. Within the narrative, incorporate evidence that the SIG funds were used to provide adequate resources to each SIG funded school in your district in order to substantially raise the achievement of the students.

**1. Describe challenges and successes encountered during the previous school year. Indicate for each of the 18 federally required metrics whether or not there has been growth (and how much) or not. If the District collects progress data, please reference that as well. \***

Matheny-Withrow successfully began planning transformational implementation January 2016, with a focus on building the foundation for transforming school leadership, teaching and learning, family engagement and non-academic areas, including mental health. Planning for this transformation has been and will continue to be teacher driven. Successful audits were conducted to determine specific needs in transforming culture and climate, teaching and learning and family engagement. Those audits provided more specific data and direction for next steps in the areas of professional development and curricular resources. To unify the school wide vision of all staff participated in two professional book studies around the following books: Mindset, by Carol Dweck and Starting a Movement by Ken Williams. Both of these books challenged the Matheny-Withrow staff in understanding the power of people's beliefs, and how changing one's beliefs can have profound effects on teaching and learning. In order to have a transformational mind set the Matheny-Withrow staff created a comprehensive framework for establishing a vision and strengthening a culture of learning for all. Additional successes from January-June include the following: 100% of the students showed growth through movement of at least one IRLA level. All certified and classified staff received 5 extra day of professional development (IRLA, BISS, The Adult Learning Cycle, and Book Studies). In March, The Art of SIG and Dance family event introduced the Matheny-Withrow Transformation Plan to over 200 families. The ILT in the collaboration with the LEA researched and created "look for" phase charts for the first component of the math lesson. Consulting teachers were interviewed and hired to lead the transformational work. Social-Emotional curriculum's were researched and selected, however, modifications were made based on those with highest leverage points. Collaboration with the teachers union, LEA and CEC led to the development of a Matheny-Withrow Memo of Understanding. The interview process for the selection of the most qualified candidates was refined and performance based interviews were conducted. The implementation of Drumtastic PD integrating music and physical activity, became available on site. Challenges encountered from January-June include the following: The Administrative Intern, Family and Community Liaison, and the Behavior Health Specialist could not be hired due to the lack of highly qualified candidates available to hire in the middle of the school year. Additional time required for researching evidence based practices, revising the process to hire new staff, while focusing on the daily operations of Matheny-Withrow was problematic.

**2. Describe any significant programmatic changes that will take place during the fiscal year. \***

([count] of 7800 maximum characters used)

The additional class, Mustangs in Motion was added to the schedule of each Matheny-Withrow student for the upcoming 2016-2017 school year. This brain researched based integrated Music and Physical Education class applies fitness, drumming, music and educational concepts to improve the health of children. This is accomplished through integrating kinesthetic awareness, cardiovascular conditioning, flexibility and strength and wellness activities with music and movement. This programmatic change was made possible through the full time hiring of physical education and music staff. These staff members are also engaging Matheny-Withrow families by leading pre-k music/literacy/dance classes. Currently Matheny-Withrow doesn't house early childhood aged children, with the intent they will enroll at Matheny-Withrow with higher entry level skills in the area of literacy. Another programmatic change is the implementation of SWOOP (School Wide Outstanding Obtainable Progress), which is an early warning system. This is a whole school intervention/enrichment block which is taught 30 minutes daily. The first nine weeks focused on social-emotional competencies and building school community. Two curriculum liaison, along with all staff provide daily intense intervention/or enrichment based student data. A programmatic change is shifting from family involvement to family engagement through the implementation of APTT (Academic Parent Teaching Teams). The final programmatic change was the addition of a .5 secretary to track and monitor student attendance and discipline data.

- By checking this box, the applicant hereby certifies that he or she has read, understood and will comply with the assurances listed below, as applicable to the program for which funding is requested.

The applicant hereby certifies and assures the Illinois State Board of Education that:

#### **Federal Program Assurances**

1. Use its School Improvement Grant to implement fully and effectively an intervention in each Priority school that the LEA commits to serve consistent with the final requirements published by the United States Department of Education (ED).
2. Establish annual goals for student achievement on the State's assessment in both reading/language arts and mathematics and measure progress on the leading indicators in section III of the final requirements published by the United States Department of Education in order to monitor each Priority schools that receive school improvement funds.

5. Ensure that full implementation of the selected model occurs in the current school year and that no SIG 1003(g) funds are used for planning activities.

ED 1003(g) final requirements can be viewed at: [USDE Guidance for School Improvement Fund](#)

#### **State Program Assurances**

1. Implement a new evaluation system for teachers and principals incorporating student growth as a significant factor along with other factors as described in Public Act 096-0861 Section 24A-7 no later than the start of the current school year. 4. Submit quarterly financial expenditure reports as of September 30, December 31, March 31 and June 30 to ISBE within 20 calendar days after the last day of each quarter.
5. No subcontracting is allowed without prior written approval of the State Superintendent of Education. See item 6 of the State Assurances tab for the type of information that must be submitted with the proposal about any proposed subcontracts to be funded with the grant.
6. Contact ISBE for prior approval to discontinue a contract with a Lead Partner or other approved subcontractor.

These funding numbers must not be the same as those used for the Title I Basic grant award or SIG. LEAs with more than one award may not combine funds into one account. The amount awarded to each school must be spent specifically on implementation of the intervention model in that school.

12. The LEA will contract and work with an external provider, hereto referred to as a Lead Partner organization, which it will screen and select from the Approved Partner list on the ISBE website. If the LEA decides to propose an unapproved Lead Partner, the LEA must submit a request for approval to ISBE prior to the execution of a subcontract funded with SIG funds in which it describes how the LEA recruited, screened, and selected the provider. The proposed Lead Partner is required to submit an application to ISBE and to detail their experiences and record of success in supporting academically underperforming schools.
13. The LEA will contact ISBE to notify if there will be a change in Principal for approval of the recruitment and selection process. Recruitment and selection of a new principal must meet the same requirements as outlined in the original proposal.

2. The project proposed in the application, and as negotiated and finalized by the parties in the Grant Agreement, is hereinafter referred to as the "project." In planning the project there has been, and in establishing and carrying out the project, there will be (to the extent applicable to the project), participation of persons broadly representative of the cultural and educational resources of the area to be served, including persons representative of the interests of potential beneficiaries.
3. Applicants may be asked to clarify certain aspects of their proposals/applications prior to final agreement on the terms of the project.
4. All funds provided shall be used solely for the purposes stated in the approved proposal/application.
5. The project will be administered by or under the supervision of the applicant and in accordance with the laws and regulations applicable to the grant. The applicant will be responsible for and obtain all necessary permits, licenses, or consent forms as may be required to implement the project.

**SUBCONTRACTING**

6. No subcontracting is allowed under this project, except as set forth in the Grant Agreement.

If subcontracting is allowed, then all project responsibilities are to be retained by the applicant to ensure compliance with the terms and conditions of the grant. All subcontracting must be documented and must have the prior written approval of the State Superintendent of Education. - Name(s) and address(es) of subcontractor(s);

**FINANCIAL TERMS**

7. Payment under this grant is subject to passage of a sufficient appropriation by the Illinois General Assembly or sufficient appropriation by the U.S. Congress for federal programs. Obligations of the Illinois State Board of Education will cease immediately without further obligation should the agency fail to receive sufficient state, federal, or other funds for this program.
8. An applicant must not obligate funds prior to the start date of the project set forth in the final Grant Agreement. The project's start date cannot precede the start of the fiscal year for which the funds are appropriated.  
All project activities must be completed between the project beginning date and the ending date (the "Term"). Liquidation of all obligations, including the current year's audit fee, should be completed no later than ninety (90) calendar days after the project ending date.
9. The applicant understands that payment for approved services and expenses will be made on a cash needs basis, and that payment will be made in accordance with applicable statutes, regulations, and standards after an application for payment is submitted to the Illinois State Board of Education. Vouchers for payment will be submitted to the Office of the Comptroller according to the payment schedule attached to the final Grant Agreement. The payment schedule shall be based on the projected date of expenditures. Payments will be withheld from scheduled amounts if expenditure reports show excess cash on hand.
10. An approved budget may be amended by completing the Budget Summary form to show the new amounts required and attaching an explanation for the changes. An amendment to the Grant Agreement must be entered into whenever any individual cell changes by more than \$1,000 or 20 percent, whichever is larger. An amendment to the Grant Agreement must also be entered into whenever an award recipient proposes to use funds for allowable expenditures not identified in the currently approved budget, if the scope of the project is expected to change, or if the overall grant award must be increased.
11. Obligation of funds for items or services based on amendments cannot be encumbered prior to the date of receipt at the Illinois State Board of Education of a substantially approvable budget amendment provided the scope/intent of the approved project has not changed. If the scope/intent of a project changes based on an amendment, programmatic approval must be obtained prior to the obligation of funds based on the amendment. The Illinois State Board of Education shall be the final

determiner of whether an amendment changes the scope/intent of a project. The begin date of the project cannot precede the beginning of the fiscal year for which the funds are appropriated. Requests for budget amendments must be received by the Illinois State Board of Education no later than thirty (30) calendar days prior to the project ending date for which the amendment is being sought.

12. Funds granted for the operation of this project must be used exclusively for the purposes stated in the approved proposal/application and must be expended in accordance with the approved budget and the award recipient's policies and procedures related to such expenditures. Funds may only be expended for activities occurring during the Term.
  - A. State funded grants: All grant funds and earned interest shall be subject to the Illinois Grant Funds Recovery Act (30 ILCS 705). Interest earned on State funded grant programs and grant funds not expended or obligated by the end of the Term, as well as interest earned after the Term has expired, must be returned to the Illinois State Board of Education within forty-five (45) calendar days following the end of the Term.
  - B. Federally funded grants: Interest earned in excess of \$500 per year must be returned to the Illinois State Board of Education, with checks payable to the Illinois State Board of Education.
- For-Profit award recipients shall not utilize grant funds in any manner for normal operating expenses or to generate a profit. The applicant certifies that notwithstanding any other provision of the application, proposal, or Grant Agreement, grant funds shall not be used and will not be used to provide religious instruction, conduct worship services, or engage in any form of proselytization.
13. The applicant, in compliance with the provisions of 30 ILCS 105/9.07, will not expend any funds received from the Illinois General Revenue Fund for promotional items including calendars, pens, buttons, pins, magnets, and any other similar promotional items.
14. Financial and Performance Reports: Quarterly expenditure reports are required of all award recipients receiving funds, unless otherwise specified in the program-specific terms or the request for proposals. Quarterly reports must describe the progress of the project or use and the expenditure of the grant funds. The expenditure through dates to be used in reporting expenditures and obligations are from the project beginning date through September 30, December 31, March 31, and June 30 of each fiscal year and the project ending date.

Those entities with established IWAS accounts with the Illinois State Board of Education must electronically submit expenditure reports by the required due dates specified within the Grant Agreement. Those entities not enrolled in IWAS must request paper expenditure report forms not later than twenty (20) calendar days before the due dates specified within the Grant Agreement to the Illinois State Board of Education. Expenditure reports are due twenty (20) calendar days after the expenditure through date. Failure to file the required reports within the timelines will result in a breach of the Grant Agreement. Upon any such breach, the Illinois State Board of Education may, without limitation, withhold the current year's payments and payments for future years' projects under the same program until the reports are properly filed.

All grant funds must be spent or obligated, and all activities must be completed prior to the project ending date. Each award recipient must submit a completion report showing the obligations and the expenditures for the project no later than twenty (20) calendar days after the project ending date.

If a completion report was filed through the project ending date and had no outstanding obligations, the completion report will be the award recipient's final expenditure report. Failure to submit this completion/final expenditure report will result in current and subsequent years' project funding being withheld until the report is received. In cases where final expenditures are less than total disbursements, the overpayment must be returned to the Illinois State Board of Education within forty-five (45) calendar days of the project ending date for all state grants or federal grants that do not expressly allow carryover funds. Failure to return the funds will result in a breach of the Grant Agreement. Upon any such breach, the Illinois State Board of Education may, without limitation, withhold current and subsequent years' project funding until the overpayment is returned.

If a completion report was filed with outstanding obligations, then a final expenditure report showing total project expenditures (with all prior obligations paid) must be submitted no later than ninety (90) calendar days after the project ending date. Failure to submit the final expenditure report will result in current and subsequent years' project funding being withheld until the report is received. In cases where final expenditures are less than total disbursements, the overpayment must be returned to the State Board of Education within forty-five (45) calendar days of the project ending date for all state grants or federal grants that do not expressly allow carryover funds. Failure to return the funds will result in a breach of the Grant Agreement. Upon any such breach, the State Board of Education may, without limitation, withhold current and subsequent years' project funding until the overpayment is returned.

15. The award recipient will maintain records on project and fiscal activities related to each award for a period of three (3) years following the project ending date either for a state-funded or federally-funded project. Such records shall include a fiscal accounting for all monies in accordance with generally accepted governmental accounting principles. If there are outstanding audit exceptions, records will be retained on file until such exceptions are closed out to the satisfaction of the Illinois State Board of Education.
16. The Illinois State Board of Education and other governmental entities with program monitoring authority shall, during the Term and for a period of three (3) years thereafter (or until no outstanding audit exceptions remain, whichever is later), have the right at any time to conduct on-site or off-site inspections of the award recipient's records and project operations for auditing and monitoring purposes. The award recipient shall, during the Term and for a period of three (3) years thereafter (or until no outstanding audit exceptions remain, whichever is later) and upon the request of the Illinois State Board of Education, provide the Illinois State Board of Education with information and documentation (including books, records, or papers related to the project) regarding the award recipient's progress or performance with respect to the administration and operation of the project.

#### **NO BINDING OBLIGATION**

17. The applicant acknowledges and agrees that the selection of its proposal for funding, or approval to fund an application, shall not be deemed to be a binding obligation of the Illinois State Board of Education until such time as a final Grant Agreement is entered into between the applicant and the Illinois State Board of Education. Prior to the execution of a final Grant Agreement, the Illinois State Board of Education may withdraw its award of funding to the applicant at any time, for any reason.

#### **COPYRIGHT**

18. All rights, including copyright to data, information and/or other materials developed pursuant to an award, are retained by the Illinois State Board of Education, unless otherwise agreed in writing by the Illinois State Board of Education. All such work products produced by the award recipient through work pursuant to the award shall be made available to the Illinois State Board of Education upon request.

#### **DEFAULT AND TERMINATION**

19. The award recipient will be in default of the grant award and the corresponding Grant Agreement if it breaches any

representation or warranty made in the Grant Agreement, the Program-Specific Terms or in these Certifications and Assurances, and Standard Terms of the Grant, or fails to observe or perform any covenant, agreement, obligation, duty or provision set forth in the Grant Agreement, the Program-Specific Terms or in these Certifications and Assurances, and Standard Terms of the Grant. Upon default by the award recipient and written notification by the Illinois State Board of Education, the award recipient will have ten (10) calendar days in which to cure the default to the satisfaction of the Illinois State Board of Education. If the default is not cured to the satisfaction of the Illinois State Board of Education, the Illinois State Board of Education shall thereafter have full right and authority to terminate the Grant Agreement and/or seek such other remedy that may be available at law or in equity. Upon termination of the Grant Agreement, the award recipient will cease all use of grant funds, shall cancel all cancelable obligations relating to the project, and shall return all unexpended grant funds to the Illinois State Board of Education within forty-five (45) calendar days of termination.

#### **INDEMNIFICATION**

20. To the fullest extent permitted by law, the award recipient shall indemnify, defend and hold harmless the State of Illinois, the Illinois State Board of Education, and their respective members, officers, agents and employees against all claims, demands, suits, liabilities, injuries (personal or bodily), property damage, causes of action, losses, costs, expenses, damages or penalties, including, without limitation, reasonable defense costs, reasonable legal fees, and the reasonable value of time spent by the Attorney General's Office, arising or resulting from, or occasioned by or in connection with (a) any bodily injury or property damage resulting or arising from any act or omission to act (whether negligent, willful, wrongful, or otherwise) by the award recipient, its subcontractors, subgrantees, volunteers, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable; (b) failure by the award recipient or its subcontractors, subgrantees, or volunteers to comply with any laws applicable to the performance of the grant; (c) any breach of the Grant Agreement, including, without limitation, any representation or warranty provided by the award recipient herein; (d) any infringement of any copyright, trademark, patent, or other intellectual property right; or (e) the alleged unconstitutionality or invalidity of the Grant Agreement. Neither the award recipient nor its employees or subcontractors shall be considered agents or employees of the Illinois State Board of Education or of the State of Illinois.

If the applicant is a government unit only, it is understood and agreed that neither the applicant nor the Illinois State Board of Education shall be liable to each other for any negligent or wrongful acts, either of commission or omission, unless such liability is imposed by law.

### Exhibit A - Project Description

School Improvement Grants (SIG) under section 1003(g) of Title I of the Elementary and Secondary Education Act of 1965 (ESEA) provide subgrants to local education agencies for use in Title I schools identified as Priority schools to enable those schools to improve the quality of instruction provided to students and improve student achievement over a four- or five-year timeline (three years of implementation and one or two years of sustainability activities), as permitted under SIG rules.

### Exhibit B - Deliverables or Milestones

Annually: Implement a program that meets the requirements outlined in the performance standards with at least 90% fidelity, as measured through quarterly reports and programmatic monitoring of implementation. After 3 years of implementation: Improve student achievement in the all students group on the state accountability assessment in reading and mathematics by an amount determined by the LEA based on its baseline data and needs assessment and approved by ISBE as a part of the application; Improve high school graduation rates (if applicable) by an amount determined by the LEA based on its baseline data and needs assessment and approved by ISBE as a part of the application; Improve teacher talent, as measured by the distribution of teacher talent, from baseline; and, Reduce the rates of chronic absenteeism, discipline incidents, and dropouts, if applicable, by an amount determined by the LEA based on its baseline data and needs assessment and approved by ISBE as a part of the application.

### Exhibit C - Payment

Reimbursement of timely expenditure reports.

### Exhibit D - Contact Information

[Rae Clementz](#)

### Exhibit E - Performance Measures

The LEA submits quarterly progress (October, January, April, and July) reports via a Word template that includes qualitative and quantitative data, aggregated and disaggregated by relevant sub-groups, on the following, if applicable: Chronic Absenteeism Rates; Discipline Incidents; Drop-Out Rates; College and Career readiness activities or opportunities; 9th Grade On-Track (Illinois State Course System); 10th, 11th Grade On-Pace (Illinois State Course System); 12th Grade Course Enrollments (Illinois State Course System); Teacher Attendance Rate; Formative Assessments, Quarterly/Semester Common Assessments; Interim Assessments (e.g., NWEA/MAP ) ; SAT/ACT ; A description of all professional development provided to staff; A description of all family & community engagement activities.

### Exhibit F - Performance Standards

The grantees must implement programs that meet the following requirements: 1. Sustained (ongoing) Local Educational Agency (LEA) support and monitoring of intervention implementation and external partners; 2. The LEA adopts a new governance plan/structure, which may include, but is not limited to, requiring the school to report to a new turnaround office in the LEA or SEA, or hiring a turnaround leader who reports directly to the Superintendent or Chief Academic Officer; 3. The LEA must give the school principal sufficient operational flexibility (such as staffing, calendars/time, and budgeting) to implement, fully, a comprehensive approach to substantially improve student achievement outcomes; 4. The LEA uses rigorous, transparent, and equitable evaluation systems for teachers and principals that are compliant with state law; 5. The LEA implements such strategies as financial incentives, increased opportunities for promotion and career growth, and/or more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in a transformation/turnaround school; 6. The LEA identifies and reward school leaders, teachers, and other staff who, in implementing this program, have increased student achievement and/or high school graduation rates and identify, and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so; 7. The LEA establishes strategies that provide increased learning time by lengthening the school day, week and/or year to increase the total number of school hours to include additional time for: Instruction in core academic subjects; Instruction in other subjects and enrichment activities that contribute to a well-rounded education; and Teachers to collaborate, plan, and engage in professional development within and across grades and subjects; 8. The LEA must use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with state academic standards and promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students; 9. The LEA must ensure staff receives ongoing, high quality, job-embedded professional development that is aligned with the school's comprehensive instructional program and designed with school staff to ensure that they are equipped to facilitate effective teaching and learning and have the capacity to implement, successfully, school reform strategies; 10. The LEA must work with a Lead Partner to share accountability for the successful implementation of the selected intervention model, with the ultimate goal to substantially raise student achievement. The Lead Partner must provide daily on-site support, leadership, and assistance in the served school; 11. The LEA and School must use data to drive instruction in the classroom and curricular reform, as spelled out in the requirement for Comprehensive Instructional Reform; 12. The LEA must monitor the School to determine it is: Meeting the annual goals established by the LEA for student achievement on the states assessments in both reading/language arts and mathematics; and Making progress on other relevant culture and climate, teacher talent, and student learning leading indicators. The LEA must report annually on 18 metrics to the federal government. The School has a strong program to track the fidelity of implementation of the intervention model and make course corrections as needed based on program monitoring data. The LEA must meet its obligation to submit quarterly accountability/progress monitoring reports to the SEA. 13. The LEA must have a communication strategy for parent and community outreach, and provide ongoing mechanisms for family and community engagement and input into the implementation of the SIG intervention model in the School. 14. The LEA must describe the actions it will take to sustain the reforms after the funding period ends. 15. The LEA must align other funds, such as local, state, or other federal dollars, to maximize the impact of SIG 1003(g) monies. These requirements are monitored through quarterly reports, desk review of documentation, and on-site monitoring. Failure to fully implement the required elements results in the LEA having to develop a corrective action plan, which is reviewed, approved, and monitored by ISBE.
