Team Based Challenges-Diversity, Equity, Inclusion and Belonging Considerations

Grouping Students

- [ ] Students are grouped to pair students in various ability levels

- [ ] Students are grouped to allow for diverse teams

- [ ] Students with neurodiversity cognition issues are paired appropriately

Time

- [ ] A majority of project/assessment time (90%) is provided in class

- [ ] Extra time or modifications are given to students with disabilities

- [ ] Community members are given information about students that have expanded time

Resources, Tools and Materials provided to Students

- [ ] Include resources, (books, videos or materials) from creators representing multiple disciplines and backgrounds

- [ ] Include topics that are in line with Perkins V, ESSA, Americans with Disabilities Act or other federal diversity mandates

- [ ] Resources are differentiated to specifically address Special Education students

- [ ] Resources address the neurodiversity needs of students in the class

- [ ] Proper supports are considered and applied to events for students with disabilities

Assessment

☐ Students are provided a rubric prior to the assessment

☐ Students are provided appropriate modifications if needed

☐ Essential skills are tracked in the assessment and modified appropriately

☐ Pathway Competencies are tracked in the assessment and modified appropriately

Community Participation

☐ Include partners or community groups that reflect diverse backgrounds

☐ Include ideas, conversations, or individuals regarding non-traditional careers

☐ Includes Military families or organizations that service them

☐ Includes various non-for-profits that represent protected classes of individuals

☐ Kick-Off Event celebrates diversity, equity, inclusion and belonging

Setting

☐ Represents a space that inviting to all students (Race, Gender, Sex, Religion, etc)

☐ Celebrates people from numerous backgrounds, or has a track record as being a place

where progress has occurred historically in the community

☐ Has proper ADA requirements and transportation for all students to attend

☐ Happens during school time so as many students can attend as possible
