Coordinator Implementation Handbook

SAT School Day, PSAT 10, and PSAT 8/9

General Information for 2023

Our top priority is the health and safety of students and educators. As the covid-19 pandemic continues to evolve, we will monitor the situation and provide any necessary updates as spring test dates draw nearer. Please continue to check the Illinois State Board of Education (ISBE) [covid-19 website](#) and ISBE's [Weekly Message](#) for updates as they become available.

As part of its statewide accountability testing program, ISBE requires all public school students in grades 9, 10, and 11 to be assessed, including public school students served at nonpublic facilities, as well as nonpublic school students that receive Illinois Invest in Kids Act (IIKA) scholarships.

At the time of testing, all students considered to be in grade 11 according to state guidelines are required to participate in the SAT[®] with Essay, unless they otherwise qualify for the alternate assessment (i.e., Dynamic Learning Maps-Alternate Assessment [DLM-AA]). Only students in grade 12 who have not previously earned a valid SAT score as part of any ISBE-provided SAT School Day administration and were not exempt are also required to take the SAT with Essay. For more details about grade 12 testing, please see isbe.net/Documents/Grade_12_Testers_Flow_Chart.pdf. Note: Grade 12 testing does not apply to IIKA scholarship recipients.

Every public school student in grade 10 is assessed with the PSAT[™] 10, and every public school student in grade 9 is assessed with the PSAT[™] 8/9, unless the student will be assessed with the grade 10 or 9 DLM-AA instead.

This implementation handbook applies to the administration of the ISBE-provided SAT School Day, PSAT 10, and PSAT 8/9 for spring 2023 only.

Private schools administering any of the SAT Suite of Assessments to scholarship recipients as required by the IIKA should disregard all references in this handbook to ISBE's Student

Information System (SIS). Additionally, procedures for PSAT 10 and PSAT 8/9 for IIKA schools follow national protocol.

Established Test Dates for SAT with Essay		
	Main Administration	Alternate Administration*
Primary Test Date	Wednesday, April 12, 2023	Wednesday, March 22, 2023
Accommodated Testing Window	April 12–25, 2023	March 22–April 4, 2023
Makeup Test Date	Tuesday, April 25, 2023	Tuesday, April 25, 2023

***NOTE:** The alternate schedule may be selected during the fall establishment process only if the April dates are not feasible. Only the April 12 SAT with Essay test form will be released. Schools that test on April 12 will have access to test questions and answer details. Schools that test on March 22 and April 25 will not have access to test questions or answer details.

Established Test Dates for PSAT 10 and PSAT 8/9

Primary/Makeup Testing Window	April 12–28, 2023
Accommodated Testing Window	April 12–28, 2023

In order to promote staff and student safety and to be mindful of scheduled spring breaks, the flexibility of an expanded testing window for the spring 2023 administration of PSAT 10 and PSAT 8/9 is being provided. Due to this flexibility, test materials sent for primary PSAT 10 and PSAT 8/9 testing will be used exclusively, and no separate makeup tests will need to be ordered for PSAT 10 and PSAT 8/9. The coordinator manuals will specify what kind of test materials to use for different accommodations.

For planning purposes, ISBE is providing the following guidance for PSAT 10 and PSAT 8/9:

- Schools should plan to administer PSAT 10 and PSAT 8/9 as early in the testing window as possible.
- Schools are encouraged to administer PSAT 10 and PSAT 8/9 to as many students as possible in a single administration, while adhering to current health and safety guidelines.
- If choosing more than one PSAT 10 test date, the test dates should be consecutive (e.g., students in homerooms 1–4 on April 12 and students in homerooms 5–8 on April 13).
- If choosing more than one PSAT 8/9 test date, the test dates should be consecutive (e.g., last names A–H on April 12, last names I–Q on April 13, and last names R–Z on April 14).
- When a student is absent or unable to test on the chosen test date(s), the school is encouraged to test that student as soon as possible by offering an additional opportunity to test within the testing window.
- Unless approved to test with accommodations that allow more than one day of testing, any student must complete PSAT 10 or PSAT 8/9 testing in one day.
- Students may test only once during the PSAT 10 and PSAT 8/9 testing window.

The 2023 established test dates are posted on the ISBE website: isbe.net/Documents/State-Assessment-Dates-2022-23.pdf.

See Updates and Reminders for 2022-23 on page 3 for a summary of testing flexibilities for spring 2023.

Using This Guide

This guide provides information about key activities required to prepare for your SAT School Day, PSAT 10, and PSAT 8/9 administration.

Updates and Reminders for 2022-23

College Board has made the following update for this school year:

1. College Board will introduce a redesigned Nonstandard Administration Report (NAR) for 2022-23, but policies and procedures regarding the NAR will remain largely unchanged from previous administrations.

Establishing Schools for Testing

In order for school staff to receive materials for the ISBE-provided SAT with Essay, PSAT 10, and PSAT 8/9, College Board sends an email to school principals in September 2022 with a link to complete the establishment form. The purpose of this establishment form is to determine which schools will serve as test sites and collect important information about each school for the upcoming administration. If information provided in the establishment form is inaccurate or incomplete, staff may miss important information.

College Board will use the information provided in the establishment form to establish each school as a test site for the SAT with Essay, PSAT 10, and PSAT 8/9 in spring 2023. Serving schools (e.g., Illinois School for the Visually Impaired) are invited, but not required, to become test sites. Home school and serving school staff should work closely to determine the appropriate testing location for each student. Staff at the home districts are responsible for ensuring all students enrolled in grades 9, 10, 11, and 12 (as required) are tested, regardless of their placement.

School staff must establish each school, where tests will be administered, as a test site each year. If you are unsure whether the spring 2023 establishment form was completed, please check with your principal. When complete, the list of established schools will be available on the ISBE website: isbe.net/Pages/sat-psat.aspx. The list of established schools that serve IIKA scholars will be posted on isbe.net/Pages/testinvestinkidsact.aspx.

Attending Institution (AI) Code

College Board assigns a 6-digit AI code to each participating school. For schools established as a test site in previous years, the AI code will not change. Test coordinators receive email confirmation of their school's AI code beginning in December. Emails continue to be sent to test coordinators as College Board completes the setup activities. The AI code connects student data to schools and is used on answer sheets and when returning test materials.

Unique Testing Situations

Off-Site Testing

Most schools will be used as the test site location. However, off-site testing may be needed for a variety of reasons (e.g., school is unable to comply with testing conditions due to inadequate space, students attend serving schools that are not established as test sites, students are expelled to safe schools and not allowed back to their home school, high school districts that must ensure 15-year-old grade 9 students with Individualized Education Programs (IEPs) served by elementary school districts take PSAT 8/9, etc.).

Coordinators must submit an off-site testing request **only if they will be returning test materials directly from the off-site testing location**. If the off-site test coordinator will be sending test materials back to the school (AI) for consolidated return, an off-site testing request is not needed.

To submit an off-site testing request:

1. Identify the number of locations that you will need per assessment for off-site testing. An accurate number is necessary for College Board to send the appropriate amount of return kits for testing materials.
2. Submit the off-site testing request form (available at sat.org/offsiterequest) with the required information. You'll receive email confirmation of your off-site testing request once your form is submitted.
3. Complete the online form no later than 10:59 p.m. C.T, January 20, 2023.
4. If necessary, College Board will contact test coordinators to address any questions about the request. Please submit all off-site requests and respond to inquiries by the deadline to ensure appropriate test materials are shipped in time for test day.
5. Please call College Board Customer Support at 844-688-9995 if you need to submit a request after the deadline. Materials requested after the deadline are at risk of not arriving in time for test day.

A few things to note about off-site testing:

- Each off-site test coordinator is responsible for ensuring that the test location meets the requirements for test material security, room configuration, seating, and test day staffing as described in the coordinator manuals.
- Off-site test coordinators are also responsible for knowing which students are testing at their location.
- Email communications for the test administration will be sent to the primary AI test coordinator.
- Test materials will be shipped to the primary AI location. The test coordinators at the primary AI will be responsible for coordinating the secure transport of materials from the AI location to the attention of the off-site test coordinator at each testing location and securing the timely return of the test materials back to the school (if test materials are not being returned directly from the off-site location).

Expelled Students

If a student is expelled and not allowed at school to take the SAT with Essay, PSAT 10, or PSAT 8/9, the school can submit an off-site request (see above) to test this student at another location, such as a district office or alternative school in which the student is currently placed. Submit the request as soon as possible if you're returning materials directly from the

off-site location to ensure additional return kits are shipped. Please call College Board Customer Support at 844-688-9995 if you need an off-site testing location after the deadline.

Identifying and Preparing Testing Staff

Creating a College Board Professional Account

Test coordinators and SSD coordinators must have a College Board professional account to access tools for the administration. To create an account, go to collegeboard.org, click **Create Account**, and follow the instructions. [Click here for help creating an account](#). An educator needs to create an account only once.

Test day staff will use their College Board professional account to access the following tools and services:

- Test day training: Access to training for how to plan for testing, administer the test, and return test materials
- K–12 score reporting portal: Access to detailed roster report and test scores
- SSD Online: Required to submit requests for accommodations and certain English learner (EL) supports, to make changes to existing approved accommodations for students, to print the Nonstandard Administration Report (NAR), and to download the test forms for the pre-recorded audio (MP3 via streaming) format

NOTE: To access College Board’s SSD Online system, the SSD coordinator must fax the [SSD Coordinator Form](#), signed by the school principal, to College Board’s Services for Students with Disabilities at 866-360-0114.

Identification of Testing Staff

Staff members, including SAT, PSAT 10, and PSAT 8/9 test coordinators, may **not** be selected if:

- They have taken any College Board test within 180 days of the school day administration.
- They are engaged in any paid, private SAT, PSAT 10, or PSAT 8/9 test preparation. This doesn’t include teaching course content and test familiarization as part of the regular school coursework.
- They have a child or member of their household taking the SAT with Essay, PSAT 10, or PSAT 8/9 at any test site during the same testing window, and they will have access to test books for that assessment before test day. At a minimum, this includes the roles of test coordinator, SSD coordinator, and backup test coordinator. For example, if a staff member’s child will be taking the SAT with Essay, that staff member cannot serve as the test coordinator or SSD coordinator for the SAT with Essay but may serve as testing staff for PSAT 10 or PSAT 8/9.

In addition, never assign a proctor to administer the test to a member of their family or household. In cases where this policy is not followed, the related student’s scores are subject to invalidation. If you need assistance identifying appropriate staff or planning to meet the requirements above, please contact the Illinois Educator Support Line.

Roles and Responsibilities of Testing Staff

School staff are responsible for identifying the SAT, PSAT 10, and PSAT 8/9 test coordinator(s), the SSD coordinator, proctors for each testing room, and necessary room and hall monitors. College Board will not collect contact information for proctors or monitors.

Although the SAT, PSAT 10, and PSAT 8/9 test coordinators are responsible for coordinating the administration for all students, the test coordinators and SSD coordinators must work closely together to ensure that the test day and environment for students with disabilities is well planned and administered effectively.

Role	Primary Responsibility	Identify to College Board?
SAT test coordinator	Responsible for coordinating the SAT School Day administration for all students	Yes
SSD coordinator	Responsible for requesting accommodations and working with the SAT, PSAT 10, and PSAT 8/9 test coordinator(s) to coordinate the administration for students with disabilities	Yes
PSAT 10 test coordinator	Responsible for coordinating the PSAT 10 administration for all grade 10 students	Yes
PSAT 8/9 test coordinator	Responsible for coordinating the PSAT 8/9 administration for all grade 9 students	Yes
Backup test coordinator	Responsible for coordinating the SAT School Day or PSAT-related assessment administration if the appointed coordinator is not available	No
Proctor(s)	Responsible for conducting a secure, valid administration in the testing room	No
Room monitor(s)	Responsible for assisting the proctor with activities and monitoring students in the testing room	No
Hall monitor(s)	Responsible for monitoring the hallways on test day	No

The contact information for the SAT, PSAT 10, or PSAT 8/9 test coordinator and SSD coordinator is collected in the establishment form sent by College Board in September 2022. Staff members may serve multiple roles, if necessary.

If it is necessary to change the contact information for the SAT, PSAT 10, or PSAT 8/9 test coordinator or SSD coordinator, complete the [State Testing School Contact Update Form](#) or contact the Illinois Educator Support Line.

Training

Annual training is required for all SAT, PSAT 10, and PSAT 8/9 test coordinators. About 6 weeks before test day, College Board will send a training link to SAT, PSAT 10, and PSAT 8/9 test coordinators. The link can be shared with other test day staff, such as the SSD coordinator and proctors. Other test day staff must be trained, whether through the online training or by personalized training provided by the SAT, PSAT 10, or PSAT 8/9 test coordinator. Test coordinators determine the best way to train other test day staff.

College Board provides other training via optional webinars to help SAT, PSAT 10, and PSAT 8/9 test coordinators and SSD coordinators prepare for implementation. Topics include SAT with Essay, PSAT 10, and PSAT 8/9 Overview, Accommodations, Preadministration, and Test Day Preparation. Information regarding registration and recorded webinars will be available on the ISBE website: isbe.net/Pages/sat-psat.aspx.

Manuals

Sample copies of each manual will be sent to the applicable SAT, PSAT 10, and PSAT 8/9 test coordinators approximately 6 weeks prior to the test, as part of the test coordinator planning kits. Additional manuals will be shipped with preadministration materials 3–4 weeks prior to test day. All manuals are scheduled to be available online in February at isbe.net/Pages/sat-psat.aspx.

Manual Title	What's Inside
<i>SAT School Day Coordinator Manual</i>	Used by the SAT test coordinator; gives instructions for preparing your school and staff for SAT testing
<i>SAT School Day Standard Testing Manual</i>	Used by the SAT proctor; gives instructions for testing students who are testing without accommodations and students testing with accommodations that may be administered in the standard testing room
<i>SAT School Day Accommodated Testing Manual</i>	Used by the SAT proctor; gives instructions for testing students with accommodations in nonstandard testing rooms
<i>PSAT 10 Coordinator Manual</i>	Used by the PSAT 10 test coordinator and proctors; gives instructions for preparing your school and staff for PSAT 10 testing, including scripts for proctors testing students with and without accommodations
<i>PSAT 8/9 Coordinator Manual</i>	Used by the PSAT 8/9 test coordinator and proctors; gives instructions for preparing your school and staff for PSAT 8/9 testing, including scripts for proctors testing students with and without accommodations

Test Materials Orders

Do **not** place orders directly with College Board in the test ordering system for SAT with Essay, PSAT 10, or PSAT 8/9 spring materials. College Board will determine your test materials order for the SAT with Essay, PSAT 10, or PSAT 8/9 based on:

- The number of students included in the pre-ID file submitted by ISBE, based on January data in ISBE's Student Information System (SIS). For details, please visit isbe.net/Documents/SAT-PSAT-general-timeline-2023.pdf.
- The number of students and the types of approved accommodations requests entered for eligible grade levels via College Board's SSD Online system by the accommodations and support request deadline.

For the spring 2023 administration, ISBE will preidentify all eligible students for the SAT with Essay, PSAT 10, or PSAT 8/9. The pre-ID file creates the following:

- The order of all standard test materials that will be sent to schools
- Pre-ID labels that will be sent to schools to be affixed to students' answer sheets

ISBE submits 2 pre-ID files for each spring administration date to College Board. The first file is based on January SAT with Essay, PSAT 10, and PSAT 8/9 pre-ID data, which will create the order for standard test materials and pre-ID labels. Only **established test sites** should be used in the "Testing School" field of the SAT with Essay, PSAT 10, or PSAT 8/9 pre-ID report. Pre-ID labels will be printed only for students enrolled in your school and listed on the SAT with Essay, PSAT 10, or PSAT 8/9 pre-ID when ISBE submits the file to College Board in January. If the testing school listed in the pre-ID is not an established test site, SIS will adjust this field to the student's home school. The second file ISBE submits to College Board is based on SAT with Essay, PSAT 10, or PSAT 8/9 pre-ID data approximately a week prior to the administration, which will assist in providing the most current student information. The information in this second file will not adjust material orders or impact pre-ID labels.

Pre-ID labels must be affixed in the designated area on answer sheets. The labels provide an important verification for the student-provided information on the answer sheets. Because Illinois uses the SAT with Essay, PSAT 10, and PSAT 8/9 for accountability purposes, students must still grid in their name and other required personal information (fields 1–8 on the answer sheet), even when the pre-ID label is affixed to the answer sheet, as a means of verification. If a

student doesn't have a pre-ID label, it is imperative that the demographic information gridded on the answer sheet is complete and accurate and matches data contained in ISBE's SIS.

Until test day, SAT with Essay, PSAT 10, and PSAT 8/9 pre-ID data will adjust in real time as students are exited from and enrolled in SIS. If needed, contact the SIS Help Desk at 217-558-3600 (Option 3) for assistance in accessing SAT with Essay, PSAT 10, and PSAT 8/9 pre-ID data. Students in grades 9, 10, 11, and 12 (**as required**) who enroll after ISBE submits the pre-ID data to College Board in January are still expected to test, but they will not have a pre-ID label. Always keep SIS enrollments up to date. Pre-ID data will be collected from SIS in January 2023 to be sent to College Board.

Notes

- A small overage of standard test materials will be provided for students who may have enrolled in your school after the initial file is submitted by ISBE.
- If a pre-ID label is not provided for a student, that student must complete the information on their answer sheet to be registered for the administration.
- If the first or last name listed on the pre-ID label does not correctly reflect the student's legal name, please do not use the label. If any other information is incorrect, including the name of the assessment (i.e., SAT with Essay, PSAT 10, PSAT 8/9), the label should be applied to the correct assessment's answer sheet, and the student should grid their correct information. For example, if a student's label indicates PSAT 10, however the student has now been promoted to grade 11 and will be taking the SAT with Essay, please use their PSAT 10 label on an SAT answer sheet and have the student grid their correct grade level when requested. Update ISBE's SIS with current information as needed.
- **Important:** After each SAT with Essay test administration date, you must return all used and unused test booklets. You must order test materials to be used on the makeup test date via the makeup test survey which will be emailed to test coordinators before the primary test date. When completing this survey, you'll be asked to report the number of students eligible to participate in SAT with Essay makeup testing. Test material orders for the makeup administration of the SAT with Essay will be based on your response.
- Keep administration manuals and unused answer sheets for students who will test on the makeup test date.

Use the following table as guidance regarding labels and test materials, depending on a student's enrollment date. (Refer to [this flowchart](#) to confirm testing requirements for grades 11 and 12.)

Scenario	Student Registration	Test Materials Implications
Grade 9, 10, 11, or 12 (as required) student is enrolled in SIS as of the January pre-ID deadline	Student will be included in the registration file submitted by ISBE. The student must still grid all required fields on the answer sheet for verification purposes.	Standard test materials will be sent for the student, and the school will receive a pre-ID label for the student's answer sheet.
Grade 9, 10, 11, or 12 (as required) student is enrolled in SIS as of the January pre-ID deadline but changes grade level prior to testing	The student will be included in the registration file submitted by ISBE. The student must still grid all required fields on the answer sheet for verification purposes.	<p>The student will use the overage standard test materials sent to each school, if available. The student will have a pre-ID label for the answer sheet with the grade level and corresponding test name as it was captured in January. This label may still be used on the answer sheet of the different grade level test the student will actually take on test day. Example: A PSAT 10 pre-ID label may be used on the SAT with Essay answer sheet if the student is promoted to grade 11 and will take SAT with Essay on test day. The assessment will be listed in the lower left corner of the label.</p> <p>If overage standard test materials are not available, contact College Board immediately to acquire additional materials. For SAT with Essay, if College Board determines materials cannot arrive at your school in time for testing on the primary test date, the student will take the SAT with Essay on the makeup date and should be included in your school's makeup material submission.</p>
Grade 9, 10, 11, or 12 (as required) student is not enrolled in SIS as of the January pre-ID deadline but is enrolled prior to test day	The student must grid all required fields on the answer sheet.	<p>The student will use the overage standard test materials sent to each school, if available. The student will not have a pre-ID label available for the answer sheet.</p> <p>If overage standard test materials are not available, contact College Board immediately to acquire additional materials. For SAT with Essay, if College Board determines materials cannot arrive at your school in time for testing on the primary test date, the student will take the SAT with Essay on the makeup test date and should be included in your school's makeup material submission.</p>

Testing with Accommodations and Supports

College Board–Approved and State-Allowed Accommodations

Only students with disabilities (i.e., documented in an IEP or 504 Plan) and those who are English learners are eligible to receive certain accommodations and supports for state accountability testing. Requests for accommodations must be submitted by the published deadlines by the designated SSD coordinator in College Board's SSD Online system for all 3 assessments: SAT with Essay, PSAT 10, and PSAT 8/9. Requests for College Board–approved accommodations can be submitted as soon as a school has its AI code. **Requests must be submitted by staff at the school that will test the student.**

When requests are submitted, students can receive approval for accommodations by College Board; this results in a college and scholarship reportable score. State-allowed accommodations (SAAs) are also available to students. However, staff and students should be aware that SAAs will result in scores for the students, but the scores received are **not** reportable to colleges or scholarship programs. The window to request SAAs opens in mid-January 2023.

College Board–Approved Accommodations

State-Allowed Accommodations

Once approved, may be used for all College Board assessments.	Available only for ISBE-provided SAT with Essay, PSAT 10, or PSAT 8/9 and must be requested for each assessment year.
Result in a score that is reportable to colleges and scholarship programs.	Result in a score for the student and the school but not reportable to colleges or scholarship programs.
Requested in SSD Online; go through a review process.	Requested in SSD Online; automatically approved.
Some accommodations (e.g., large-print answer sheet, permission for food/medication) may be administered in the standard testing room. Other accommodations (e.g., extended time, braille) must be administered in rooms separate from the standard rooms.	Must be administered in separate testing room(s).
For SAT with Essay, PSAT 10, and PSAT 8/9, meant for students with disabilities documented in an IEP or 504 Plan.	For SAT with Essay, PSAT 10, and PSAT 8/9, meant for students who require state-specific accommodations (e.g., EL students and students with disabilities documented in an IEP or 504 Plan who may not be approved for accommodations by College Board).
Depending on the accommodation, the student will test either on the primary test day or in the accommodated 2-week testing window.	May test in the accommodated testing window.
See General Timeline (isbe.net/Documents/SAT-PSAT-general-timeline-2023.pdf) for deadline.	See General Timeline (isbe.net/Documents/SAT-PSAT-general-timeline-2023.pdf) for deadline.
See IKA General Timeline (isbe.net/Pages/testinvestinkidsact.aspx) for deadline.	See IKA General Timeline (isbe.net/Pages/testinvestinkidsact.aspx) for deadline.

NOTE: EL students may receive time and one-half if requested in SSD Online; if time and one-half is used with no other SAA, scores result in a score that is reportable to colleges and scholarship programs.

Certain accommodations, such as large-print test books, require students to test on the primary test day. Other accommodations allow the school staff to schedule the test day(s) during the accommodated testing window. The NAR will specify when students will test.

Once approved, students remain so for College Board–approved accommodations for all other College Board assessments, including AP[®] Exams. If an IEP or 504 Plan changes, the SSD coordinator must modify the requested accommodations in SSD Online.

Working with Your SSD Coordinator

The SSD coordinator is primarily responsible for applying for and requesting updates to existing accommodations through SSD Online. As part of the testing staff, the SSD coordinator accesses and prints the NAR and assists the SAT, PSAT 10, and PSAT 8/9 test coordinator(s) in determining testing rooms and staff needed for administering the SAT with Essay, PSAT 10, and PSAT 8/9 with accommodations. Test materials, including nonstandard materials for use during the SAT with Essay, PSAT 10, and PSAT 8/9 accommodated testing windows, are shipped to the SAT, PSAT 10, and/or PSAT 8/9 test coordinator; however, the SSD coordinator can assist in the inventory and secure storage of test materials, as needed.

Administering Accommodations

The manuals have extensive information about different timing configurations for each section and breaks depending on the approved accommodations for each student. Below are some common configurations and the duration of each. **IMPORTANT: the times listed are only the time the student takes on the test (including breaks); more time needs to be scheduled in**

the day to account for administrative activities, such as passing out test books and reading directions.

SAT with Essay Duration		
	Day 1 (Including Breaks)	Day 2 (Including Breaks)
Standard Time	4 hours, 7 minutes	Not applicable
Standard Time with Extra Breaks	4 hours, 22 minutes	Not applicable
Standard Time with Extended Breaks	4 hours, 15 minutes	Not applicable

English Learner (EL) Supports

English learners may utilize EL supports for the spring 2023 SAT with Essay, PSAT 10, and PSAT 8/9 administration. These supports include the use of an approved word-to-word bilingual dictionary, translated test directions, and time and one-half. Students may use one or any of these supports in combination. Students receive college and scholarship reportable scores when any of these supports are used. These supports are not currently available for the weekend administrations of the SAT.

Use of an approved word-to-word bilingual dictionary:

- The list includes approximately 100 dictionaries for spring 2023.
- Use of the dictionary does **not** require an approval by College Board.
- The approved list will be available at isbe.net/Pages/sat-psat.aspx.
(see isbe.net/Pages/testinvestinkidsact.aspx for IIKA schools.)

Use of translated test directions:

- Translated test directions are available in PDF format. Schools must print the directions for students. No printed test directions will come with test materials.
- Translated test directions are available in Albanian, Arabic, Bengali, Chinese (Mandarin), French, Gujarati, Haitian Creole, Hindi, Navajo (SAT with Essay only), Pashto, Polish, Portuguese, Russian, Spanish, Ukrainian, Urdu, and Vietnamese. College Board will also support on-the-fly translations of directions by district-approved translators.
- The use of translated test directions does **not** require College Board approval.
- Translations are scheduled to be available in February 2023 to print at isbe.net/Pages/sat-psat.aspx. (see isbe.net/Pages/testinvestinkidsact.aspx for IIKA schools.)

Use of time and one-half:

- Students will receive time and one-half on each section of the SAT with Essay, PSAT 10, or PSAT 8/9. Students must sit for the entire time allotted and cannot go ahead in the test even if they are the only one testing.
- Students requiring time and one-half for the SAT with Essay will test over 2 days.
- Although not an accommodation, EL students requiring time and one-half must be identified in SSD Online through the English Learner Supports dashboard. Students will be approved automatically, and no supporting documentation is required. This support must be requested for each administration cycle.

- EL students testing with time and one-half will use the same materials as accommodated students approved for time and one-half testing, and they can be tested in the accommodated room if no additional accommodations that require different timing or breaks are being administered.

Planning for Test Materials Shipments

Test materials for spring testing will be addressed to the SAT, PSAT 10, or PSAT 8/9 test coordinator. Note that each shipment may have multiple boxes.

Preadministration Session

The answer sheets for SAT School Day and PSAT 10 allow students to provide information about themselves, their high school experiences, and their plans for college, as well as request their 4 free score sends (SAT only). In addition, students, with parental consent, may opt in to the free, voluntary Student Search Service™ and complete the optional student questionnaire.

A preadministration session should be scheduled ahead of the test day to complete the demographic portions of the answer sheet. This session is estimated to last approximately 45–60 minutes for the SAT with Essay and the PSAT 10 (if all information, including the optional questionnaire is being completed) and 30–40 minutes for the PSAT 8/9. More information about administering the preadministration session is included in the *SAT School Day Coordinator Manual*, the *PSAT 10 Coordinator Manual*, and the *PSAT 8/9 Coordinator Manual*.

Prior to the preadministration session, distribute an *SAT School Day Student Guide*, *PSAT 10 Student Guide*, or *PSAT 8/9 Student Guide* to each student. The student guides provide information to students about the features of the test, what the test measures, how the test is

scored, resources to help students prepare, sample questions, College Board programs, College Board terms and conditions, and details about Student Search.

School staff should collect consent from parents for students who wish to opt in to Student Search and complete the optional questionnaire.

- Consent is required only to opt in to Student Search and complete the optional questionnaire. Students can still take the SAT with Essay and PSAT 10 without completing the questionnaire.
- Follow your district or school policy for collecting consent. Schools and districts may opt to use the consent forms provided by College Board or may choose to use their own. Parental consent should be collected prior to the preadministration session. Consent form templates are posted at isbe.net/Pages/sat-psat.aspx.
- If a parent does not return a consent form, the school should assume the student/parent **did not** consent to opting in to Student Search or answering the optional student questionnaire.
- Consent forms should remain at the school until the student graduates and do not need to be returned to College Board.

Plan to schedule the preadministration session with students after the answer sheets and pre-ID labels arrive. Allow enough time for students to review the SAT School Day, PSAT 10, or PSAT 8/9 student guide with their parents. When planning for the SAT School Day and PSAT 10 preadministration sessions, we recommend dividing up students between those who have consent for Student Search and the optional questionnaire and those who do not. The SAT School Day and PSAT 10 preadministration scripts provide guidance on how to conduct the preadministration session based on parental consent.

In addition to using the preadministration session, students may also opt in to Student Search and complete the optional questionnaire online at studentsearch.collegeboard.org.
