Assessment Security Monitoring Survey

The Federal Peer Review process Critical Element 2: Assessment Systems Operation requires states to monitor test administration procedures for all State Accountability Assessments (SAA).

To ensure a fair and accurate administration and the security of SAA's and their test items, all educational and support staff who handle test materials are expected to read, understand and comply with the Test Security documents produced and distributed by ISBE for the various assessment programs. This survey collects information at the district level regarding training procedures and an affirmation from the superintendent (or designee) to comply with the information contained in the Test Security Agreement.

ISA Data

- Please DO NOT use the 2022 state, district, and school data that is shown on the recently mailed Individual Student Reports. There was a data error which caused the state, district, and school sections of the report to read incorrectly.
- The data error has been corrected and the new ISRs will begin mailing to districts later this month.
- 2022 ISA State/District/School reports are being posted to the ISA webpage later this month.

ISA Data

- ISA student scale scores and proficiency levels are being updated this month in IWAS for 2019, 2021, & 2022.
- The data from your 2021 ISA and 2022 ISA will NOT be comparable. The 2022 data will be comparable to future years.

EPS Update for 2023 Testing

- ISA 2023 Test Window March 1 – April 28.
- Make sure to update the contact information for your ISA coordinator in EPS.

All Illinois School Districts...

...are now **beyond the mandated data entry date** (the 40th day of student attendance) for the FALL SY23 KIDS data collection.

The **Fall SY23 Rating Period has ended and all district data entry windows** in KIDStech are **closed for FALL** student ratings.

Student Exemption Process

In the next few weeks, ISBE will be releasing the KIDS Fall SY23 Student Exemption guidance, process, and documentation for:

- any students not rated, not fully rated, or
- with an “unable to rate” rating for one or more of the state-required 14 measures.

Student Exemption Process Cont.

As in past years, school districts will need to submit a KIDS Student Exemptions and Reason Code for **each student rated on FEWER than the 14 state-required measures.**

Please begin the process of gathering information on students that will need an exemption, along with documentation (if appropriate) to support your submitted exemption for each student.

KIDS Data Use

REMEMBER:

- The 14 State-Required measures provide **population-based** information about the overall readiness of a **group** of children at the beginning of kindergarten. This subset of 14 measures provides a **PROXY** of **GROUP-LEVEL** readiness at the beginning of kindergarten.
- The 14 State-Required measures should **NOT** be used for school accountability, teacher evaluation or performance, or to determine student placement.

KIDS Data - Local Utility

Schools and districts ALWAYS have the option to collect more than current mandate of the 14 measures, once, at the beginning of kindergarten for state purposes:

- 14 ratings two or three times per year,
- Full developmental domains,
- Additional domains, such as ELD or SPAN for specific populations,
- 29 measures in the Five Domains of Readiness,
- 55 measures in the 11 Domains of Readiness.

Accessing Local KIDS Data

There are two sources for KIDS data:

- **KIDStech:** Immediate; Local; Raw Data (no "readiness" psychometrics)
 - Useful for: tailoring **current** district/school/class/student instruction, practice, curriculum
- **ISBE Statewide Data/Reports:** Typically released spring/summer **AFTER** fall data collection; district and state-level results; "readiness" psychometrics applied
 - Useful for: identifying areas for PD, potential differences in collection methods, areas for support, big picture info

KIDStech Data

- Based on access level (district admin/school admin/teacher), individuals can immediately acquire data through KIDStech.
 - Information available varies by number of measures collected;
 - At a minimum, KIDS Data:
 - Can identify general strengths and areas for additional support for a GROUP of students;
 - Can assist in identifying PD opportunities for teachers/administrators.

Approaches to Learning - Self-Regulation

The Approaches to Learning skills include attention maintenance, engagement and persistence, and curiosity and initiative. The Self-Regulation skills include self-comforting, self-control of feelings and behavior, imitation, and shared use of space and materials.

5 yrs 4 mths
Fall 2022

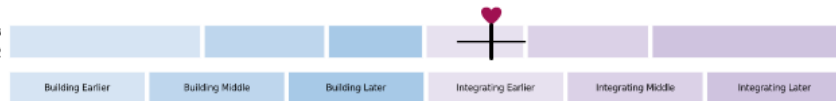

At the Building Middle level, your child often seeks adult support when facing challenges, such as managing feelings or when doing complex activities, and is learning how to observe, test, and ask specific questions about how things work. You can support learning and development by encouraging your child's natural sense of curiosity and asking questions such as "What would happen if?" when your child discovers a new idea. Be available to provide support when your child is trying to manage feelings such as anger or sadness or is doing a complex activity.

Social and Emotional Development

The knowledge or skill areas in this domain include identity of self in relation to others, social and emotional understanding, relationships and social interactions with familiar adults, relationships and interactions with peers, and symbolic and sociodramatic play.

5 yrs 4 mths
Fall 2022

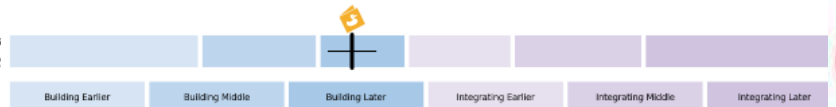

At the Integrating Earlier level, your child is learning how to work with familiar adults and other children to plan play and problem-solving activities, to discuss and decide on roles and rules for pretend play, and to communicate about how people's personalities affect their feelings and behaviors. You can support learning and development by helping your child generate ideas for solving problems encountered with materials during play, expressing enthusiasm for your child's new ideas, and encouraging your child to come up with and try different solutions. Wonder together with your child about how about people's personalities might affect their feelings and behaviors.

Language and Literacy Development

The LLD domain assesses the progress of all children in developing foundational language and literacy skills. These skills can be demonstrated in any language and in any mode of communication.

ASSESSMENT
SAT WITH ESSAY, PSAT 10, PSAT 8/9

Beginning in spring 2017, ISBE began requiring all public-school students in grade 11 to take the SAT with Essay, unless the student takes the grade 11 DLM-AA instead. Additionally, some public-school students in grade 12 📅 may also be required to take the SAT with Essay or DLM-AA, as appropriate.

Beginning in spring 2019, ISBE began assessing all public-school students in grade 9 with the PSAT 8/9 and all public-school students in grade 10 with the PSAT 10, unless the student takes the grade 9 or 10 DLM-AA instead.

Grade 12: Who Must Test?

Students who transfer into an Illinois public school for the first time (e.g., from out of state, from a private school, or who were home schooled) who have sufficient credits to qualify for grade 12 status do not and may not participate in SAT with Essay or DLM-AA in spring 2023, as they were not considered part of the Illinois public school system during grade 11.

*For situations not addressed by this flow chart (e.g., errors in SIS enrollment records, exit codes that may communicate an exemption) or if your district believes a grade 12 student is erroneously identified as being required or not required to participate in the SAT with Essay or DLM-AA in spring 2023, please contact the Department of Assessment for direction by calling 866-317-6034 or writing to assessment@isbe.net.

Spring 2023 Pre-ID Report

- The final list of established test sites for spring 2023 was posted November 3 on www.isbe.net/Pages/sat-psat.aspx.
- If the "Testing School" in the Pre-ID report is not on the list of established test sites, ISBE will be adjust it to match the "Home School" before the Pre-ID file is transmitted to College Board in January.
- SIS is now programmed to check for this issue and displays "E" for error on the Pre-ID detail report.

ASSESSMENT

SAT WITH ESSAY, PSAT 10, PSAT 8/9

Beginning in spring 2017, ISBE began requiring all public-school students in grade 11 to take the SAT with Essay, unless the student takes the grade 11 DLM-AA instead. Additionally, some public-school students in grade 12 📄 may also be required to take the SAT with Essay or DLM-AA, as appropriate.

Beginning in spring 2019, ISBE began assessing all public-school students in grade 9 with the PSAT 8/9 and all public-school students in grade 10 with the PSAT 10, unless the student takes the grade 9 or 10 DLM-AA instead.

Spring 2023 English Learner Supports

- English learners (ELs) will be able to utilize EL supports for the ISBE-provided spring 2023 SAT with Essay, PSAT 10, and PSAT 8/9.
- Use of any EL support will allow for college- and scholarship-reportable scores.
- **These EL supports include:**
 - Use of an [approved](#) word-to-word bilingual glossary
 - Use of translated test directions
(Translated test directions will be available from the ISBE website in February 2023.)
 - Use of Time and One-half (+50%) extended time
(Extended time (+50%) must be requested in SSD Online.)
- Visit www.isbe.net/Pages/sat-psat.aspx for more detail.

NEW: Introducing The new Pearson Student Readiness Tool (PSRT)

This tool engages students in learning how to navigate TestNav, using elements that support visual, auditory, and kinesthetic learning. The PSRT ensures fairness and inclusion for all students by showing them how to use TestNav tools, item types, and features that will appear on their assessments and will therefore improve student readiness and confidence before test time. You can access the tool on the Pearson support site under Test Preparation.

[Student Readiness Tool](#)

PRST is not meant to familiarize students with the standards.

For content practice, please have students use the practice items on the IAR support page.

IMPORTANT: TECHNOLOGY UPDATE!

TestNav System Requirements for 2023

Pearson has updated TestNav system requirements for the 2022-23 school year. **Anyone using the 1.10 app will need to upgrade to the latest app for their platform in order to use TestNav.** ChromeOS 97 will no longer be supported for use with TestNav.

<https://download.testnav.com>

Please review the technical bulletins and system requirements to ensure your school devices are ready for the spring administration. The updated TestNav application must be downloaded and installed prior to that time.

SCORE REPORTING

- **Hard copies of ISRs have been delivered to districts.**

This printed ISR includes the unique claim codes that parents/guardians can use to access their child's video version of their performance results in the IAR Parent Portal.

- **Parent Portal Now Open!**

The Illinois Assessment of Readiness Parent Portal is now available for parents/guardians. The IAR Parent Portal User Guide is available and has information on how to create an account and log in to access student scores. The portal will also allow parents/guardians to track their student's scores from year to year, beginning with the spring 2021 results.

[IAR Parent Portal User Guide](#)

The video score report communicates information from the ISR through animations and a voiceover in Illinois' seven most common languages:

English, Spanish, Polish, Arabic, French, Urdu, Gujarati.

Webinar for 2023 Assessment

- November 29, 2022
- Prepare for the upcoming assessment
- Opportunity to ask questions
- DTCs and BTCs attend from 10:00 A.M. - 12:00 P.M.
- Teachers attend from 3:00 P.M. - 5:00 P.M.
- Webinars will be posted for those who cannot attend
- Visit [DLM page](#) on ISBE site for links to register
 - Presentations and Webinars

DTCs and BTCs: What to Complete Now

- Active account in Kite Educator Portal (12/31/22)
 - If an account is needed, superintendent or building principal should send an email requesting access
- Completed security agreement (12/31/22)
- Verify all teachers have an active account in Kite Educator Portal (1/31/22)
- Review students in Kite for accuracy (2/15/22)
 - IEP indicates alternate assessment. **A student's disability should not be a specific learning disability or a speech/language impairment *only***
 - Pre-ID report from SIS
- Not too early to being rostering if students are in Kite

Teachers: What to Complete Now

- Active account
- Security agreement
- [Training](#)
- [Review test administration manual](#)

Student Portal 9.0

- Must be installed before teachers administer the DLM
- Chromebook and iPad apps should automatically update unless they are set not to by IT department.
 - Verify with IT department to ensure the apps update.
- The Mac and Windows installers and instructions have been posted to the [DLM site](#) for download and installation

Student Uploads

- SIS will complete another upload today.
- SIS will continue uploads for DLM-AA pre-ID students on a bi-weekly basis until January 6, 2023.
- Beginning on January 13th, 2023, DLM-AA pre-id uploads will be sent to the vendor on a weekly basis. If you have any questions, please feel free to reach out to assessments@isbe.net.

No Manual Uploads

- Manuals uploads not permitted
 - Creates issues with score data
 - The need to manually upload indicates a problem with the student's SIS record
 - Plenty of time remaining to update SIS records so students are captured in regular SIS uploads
 - For students already in Kite, contact [Pam Hartwig](#) for assistance with transferring students

Who Should Test?

- Students in grades 3-11 and [certain 12th graders](#)
- All students will be assessed in ELA and Math
- Students in grades 5, 8 and 11 will be assessed in Science
 - 12th graders will not be rostered for Science

Kite Portal Differences

- Kite Educator Portal – Teachers and administrators (DTCs & BTCs) have accounts here. This is the application through which student data is entered and managed. Access to reports is provided here.
- Kite Student Portal – Platform where the assessment is administered. Teachers and administrators do not have accounts. Students are logged in with a unique username and password.

Who Can Administer the DLM?

- For districts struggling with staffing issues, other employees besides a teacher can administer the DLM
 - Check out [this resource](#)
 - If a paraprofessional will be administering the DLM, they must be in constant-line-of sight supervision of a licensed educator
 - Licensed educator must input any student responses for teacher-administered testlets
- Before test administration can begin:
 - Ensure the test administrator has an active Kite Educator Portal account
 - Completed security agreement
 - Verify the test administrator has completed training

Which Essential Elements are Tested?

- DLM maintains a list of currently tested essential elements on its website
 - [ELA](#)
 - [Math](#)
 - [Science](#)
- Provides the nodes at each linkage level and a mini-map showing the pathways between the nodes

Required Training Ongoing

- Do you have teachers new to the required annual training?
 - Direct teachers to the [Guide to Required Test Administrator Training](#)
 - Steps teachers through the training process
 - Section for returning teachers who may need to brush up on the training process
 - See page 9
- Monitor completion of training using the "REPORT" function in Kite Educator Portal
 - See page 100 of the [Educator Portal User Guide](#)

Facilitated Training

- If you will be leading facilitated training for your organization, don't forget to send an email to [Pam Hartwig](#) requesting facilitated trainer access.
 - It may take DLM up to a week to grant necessary access
 - School improvement days have been used by districts to complete facilitated training
- Look at the [Facilitator Guide to Required Training](#) for details
