# ISBE's Entity Profile System (EPS)

- ISBE's Entity Profile System (EPS) serves as the directory for Illinois schools and districts.
- Most IWAS systems are populated with information from EPS and used for important notifications, updates, due dates, etc. Therefore, it is essential that your district/school information stay updated for key personnel like superintendents, principals, assessment coordinators, addresses, phone numbers, etc.

# ISBE's Entity Profile System (EPS)

- As the 2025-26 school year begins, please make sure all data stored in ISBE's EPS are accurate and up to date. This includes grade levels served and testing coordinators.

# WIDA Data Dashboard

## Data Dashboard Home

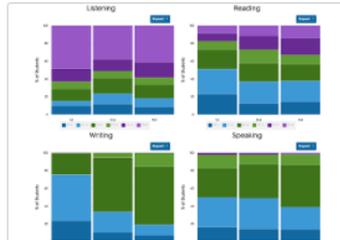

Help

WIDA Consortium members can use the Data Dashboard to generate reports based on aggregated ACCESS for ELLs data.

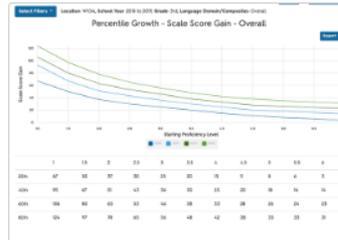

### ACCESS Demographics

Current and historical student distribution according to multiple demographics.

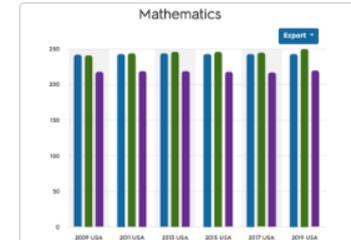

### ACCESS Proficiency Level

Proficiency level distributions by grade level and domain.

### ACCESS Percentile Growth

Reported by domain, grade, and school year.

### NAEP Performance

Mean scale scores on the NAEP assessment in Reading, Writing, Math and Science for non-ELLs, former ELLs, and current ELLs.

The [WIDA Data Dashboard](#) now includes ACCESS for ELLs testing data from the 2024-2025 school year. The data in the dashboard is taken from the WIDA Data Warehouse, which serves as the primary data source for all research and technical assistance projects at WIDA. If you need assistance using the Data Dashboard, use the **Report Help** button on the report page.

# Return Grades 1-3 Writing Materials

WIDA asks that you return your ACCESS Online grades 1-3 Writing test booklets **as early as possible**. Do not hold them until the end of the testing window.

Returning Writing Test booklets to DRC earlier helps support the quality of WIDA ACCESS scoring and ensures that score reports are not delayed.

Return Materials	<b>2/16/2026 - 5/7/2026</b>
Deadline to Transcribe Science Paper Tests	<b>4/30/2026</b>

# 2026 ISA General Information

- You do not need to set up a testing window in ADAM for the ISA. You can administer the 3 sections of the exam any time during the testing window on consecutive class days or in a single school day.
- **There will be a 90-minute time-limit for each section of the exam.**

(This 90-minute time-limit is controlled by the test proctor and is per section not for the entire exam)

- Please update any needed administration or test coordinator information in EPS as soon as possible.
- [Guide for Updating EPS Information](#)

# 2026 ISA General Information

- **Google is discontinuing support for native, legacy Chrome Apps. In response to this change, TestNav will retire the legacy TestNav Chrome App.**
- Schools will be required to use the new TestNav Web App for ChromeOS. The old TestNav app must be **uninstalled** and the new app installed prior to Spring 2026 testing.
- [UPDATED: TestNav - Review and Prepare for 2025-26 School Year](#)
- [TestNav - NEW Chromebook Support for SY 2025-26](#)

# 2026 ISA Practice Items

- Test-Nav practice items and The Student Readiness Tool are now available on the Pearson support page. [Test-Nav interaction practice items](#) help students become familiar with the several types of question interactions used on the Test Nav 8 platform.

[The Student Readiness Tool](#) allows students to practice interacting with the Test-Nav platform including moving from question to question, reviewing and bookmarking questions, and submitting test answers.

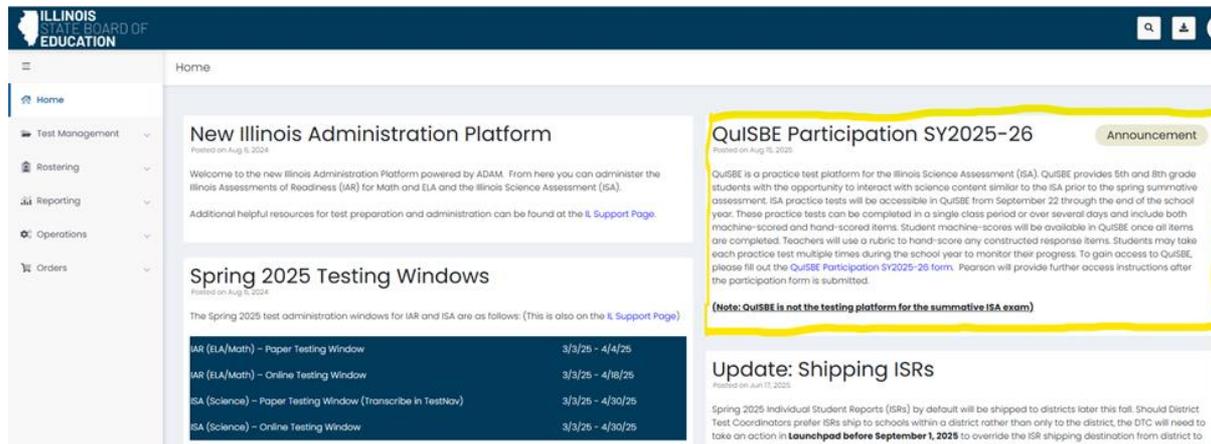

# QuISBE ISA Practice Exams

- QuISBE is a new practice exam platform for the ISA. It provides 5th and 8th grade students with practice-exams similar to the ISA summative assessment.
- The 30-item practice exams are approximately the same length as a single section of the ISA, so they are a good measure for how long your students may take to complete a single section of the exam.
- When using **TTS**, we suggest using the fast setting for grade 8 and the normal or fast setting for grade 5

# QuISBE - Practice Exam Platform

- To gain access to the QuISBE platform, you must first fill out the [QuISBE Participation SY2025-26 form](#) to register.
- Pearson will provide further access instructions after the participation form is submitted. This normally takes 24 hours.

Note: QuISBE is not the testing platform for the summative ISA exam

The screenshot shows the Illinois State Board of Education website. The main content area features three announcements. The first is titled "New Illinois Administration Platform" (dated August 6, 2024), which introduces the ADAM platform for administering the Illinois Assessments of Readiness (IAR) for Math and ELA and the Illinois Science Assessment (ISA). The second announcement, highlighted with a yellow border, is titled "QuISBE Participation SY2025-26" (dated August 16, 2024) and is labeled as an "Announcement". It describes QuISBE as a practice test platform for the ISA, providing 5th and 8th grade students with science content similar to the ISA. It states that practice tests will be available from September 22 through the end of the school year, can be completed in a single class period or over several days, and include both machine-scored and hand-scored items. It also mentions that teachers will use a rubric to hand-score any constructed response items and that students may take each practice test multiple times. The announcement concludes by stating that to gain access to QuISBE, users must fill out the QuISBE Participation SY2025-26 form and that Pearson will provide further access instructions after the form is submitted. A note below the announcement states: "(Note: QuISBE is not the testing platform for the summative ISA exam)". The third announcement is titled "Update: Shipping ISRs" (dated June 17, 2025) and states that Spring 2025 Individual Student Reports (ISRs) will be shipped to districts later this fall. It notes that District Test Coordinators prefer ISRs ship to schools within a district rather than only to the district, and that the DTC will need to take an action in Launchpad before September 1, 2025, to override the default shipping destination from district to school. Below the announcements is a table titled "Spring 2025 Testing Windows" (dated August 6, 2024) which lists the testing windows for IAR and ISA. The table is as follows:

Assessment	Testing Window
IAR (ELA/Math) – Paper Testing Window	3/3/25 – 4/4/25
IAR (ELA/Math) – Online Testing Window	3/3/25 – 4/18/25
ISA (Science) – Paper Testing Window (Transcribe in TestNav)	3/3/25 – 4/30/25
ISA (Science) – Online Testing Window	3/3/25 – 4/30/25

## FIELD TEST PARTICIPATION

Each year, a statewide sample of schools is identified to field test newly developed English Language Arts (ELA) passages and items for the Illinois Assessment of Readiness (IAR). This process helps replenish and expand the item pool for future operational assessments and ensures that new development is representative of students from across the state.

Please refer to the list of participating schools to view the school(s) and grade levels that have been selected for the 2026 administration. Students participating in the field test will take an additional section (for ELA), which will make a total of three sections. The instructions and timing for the third section will be the same as Sections 1 and 2. All sections should be administered in numerical order, except in cases of makeups for students.

## LOANER DEVICE PROGRAM

If you are a district that will need testing devices for the 2026 testing administration, please reach out to ISBE or Pearson for assistance.

# Illinois Assessment of Readiness

- ✓ **Accommodations Upload**—You are currently able to add student accommodations into the platform. Changes can continue to be made up until the student begins testing.
- ✓ **The AF&A Manual**—All of the sections of the manual are posted. The [AF&A Section 2](#) includes a list of the universal tools and supports that are included on a standard test form. **Note--Text-to-Speech for math is now a universal tool.**
- ✓ **Locally provided Accommodations**—ISBE no longer captures locally provided accommodations within the platform. You will still need to document and administer those accommodations at the local level, just as you do for daily instruction.
- ✓ **LaunchPad Clean-Up**—Please be sure to disable users from Launchpad who no longer need access to the platform.

# Illinois Assessment of Readiness

- ✓ **Dual Language Learners**—Please be sure confer with students in advance to make the selection for their preferred language. The test cannot be changed once students begin testing. Students can use the [practice tests](#) to help make their decision.
- ✓ **Support Site Reorganized**—Pearson is updating and reorganizing the summative resources and trainings.
- ✓ **Administration Cards**—The test administration cards will be visible in the platform on February 9th. You will then be enabled to create proctor groups.
- ✓ **Testing Exemptions**—All students attending an Illinois public school must participate in the state assessment. The only acceptable test exemptions are listed on the [RNVTA](#) guidance document. Parents do not have the option to refuse the state assessment.

## Dynamic Learning Maps Alternate Assessment (DLM-AA)

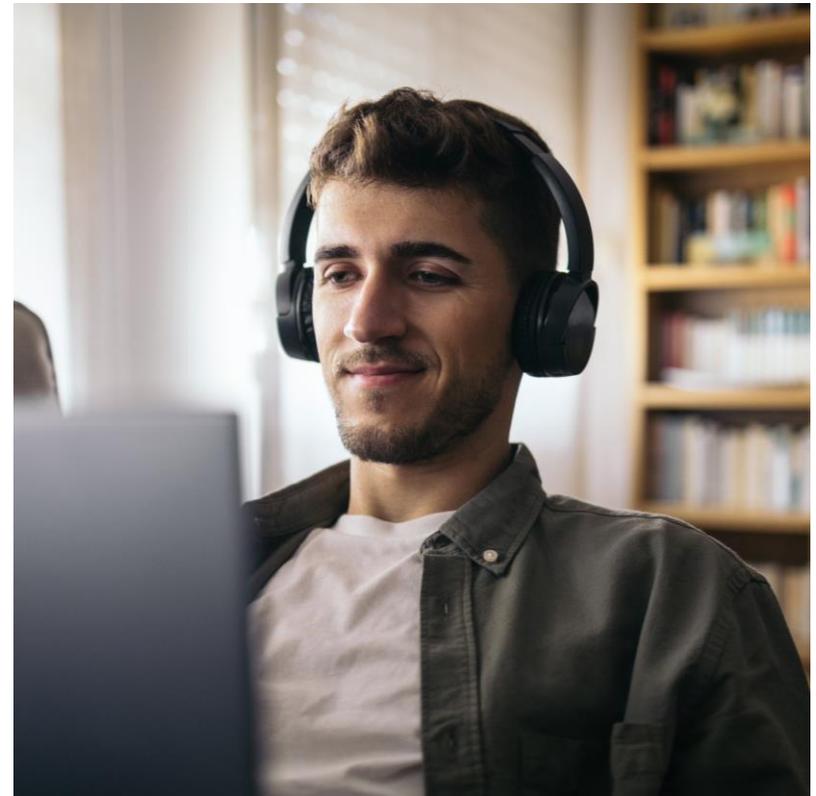

# Science Field Test Testlets

- Because DLM will be rolling out an updated Science assessment next year, all students taking science in 2026 will complete field test testlets
- A [materials collection list](#), specific to Spring 2026 Field Test Testlets, is available to teachers.
- Teachers are encouraged to use materials already available to them, particularly in their classrooms
- Teachers should use materials already familiar to their students
- Teachers should keep student safety in mind when selecting materials

# Did you know?

- DLM has several helpful videos available
  - Most are under 2 minutes
- Visit the DLM webpage, [District Staff Video Resources for YE States](#).
- Particularly helpful videos include:
  - Adding and editing rosters
  - Adding and editing users
  - Exiting students
  - Monitoring the assessment using extracts

# Missing a Student in Kite?

## Is the student served in your district?

### YES

1. Review student's SIS record
2. Ensure alternate assessment indicator is "YES"
3. Update the indicator as appropriate
4. Wait until the following Friday when the weekly enrollment upload is completed

### NO

1. Consult with the serving school because home schools are unable to see these students in Kite
2. Confirm accuracy of student's data, ensuring student's accountability school and grade level in Kite matches the student's SIS record

# Spring 2026 Required Content Areas

**ACT with Writing (grade 11 and 12 as required):**  
**English, Mathematics, Reading, Science, and Writing**

*Note: The science and writing components of the ISBE-provided ACT are required for students in Illinois. Due to changes to national test date options, you may see the ACT referred to as **ACT + Science** and/or **ACT + Science + Writing**. Regardless of the naming conventions, the ISBE-provided ACT administration does include both science and writing.*

**PreACT Secure (grade 10):**  
**English, Mathematics, Reading, and Science**

**PreACT 9 Secure (grade 9):**  
**English, Mathematics, Reading, and Science**

# Enhanced ACT

- Standard time is shown in the [chart below](#) (3 hours, 25 minutes of testing time).
- The college-reportable ACT Composite score includes only English, Mathematics, and Reading. This is referred to as the "Core ACT Administration."
- ISBE requires all five sections: English, Mathematics Reading, Science, and Writing.

**Table 1. Summary of the Number of Items and Testing Time on the Legacy and Enhanced ACT by Section**

The following table shows a comparison of the total number of items and testing time by section for the legacy and enhanced ACT test.

	ACT - Legacy		ACT - Enhanced	
	Items	Total Time (Min)	Items	Total Time (Min)
English	75	45	50*	35
Math	60	60	45*	50
Reading	40	35	36*	40
Science	40	35	40*	40
Writing	1	40	1	40
Core ACT Administration**	215	175	131*	125
<b>ISBE-Provided Administration***</b>			<b>172***</b>	<b>205***</b>

\*Number includes embedded field-test items that do not contribute to score points.

\*\*The core administration is the shortest administration of the test and results in a college-reportable Composite Score. The core administration for the legacy ACT is English, Math, Reading, and Science. The core administration for the enhanced ACT is English, Math, and Reading.

# Who Must Test?

- Unless they are rostered to take DLM-AA instead, students in grade 11 and [grade 12 as required](#) will participate in the ACT with Writing.
- Unless they are rostered to take DLM-AA instead, students in grades 9 and 10 will participate in the PreACT 9 Secure and the PreACT Secure, respectively.
- Students repeating grade 11 who have tested previously must test for accountability but have met the separate but related diploma requirement.
- Students who are completely or partially homeschooled **do not participate unless** they are receiving instruction from the public school in a tested content area.
  - ❖ *Note: These students will be included on the Pre-ID file and loaded into ACT Now. Apply [RNVTA 16](#) during the correction window for those not required to test. For students who test, they will take the **entire test**, and staff must contact ISBE after scores are posted to suppress data for subjects in which they are not receiving instruction.*
- All **English learners**, including those for whom it is their first year in a U.S. school, must participate in all parts of the assessment, assigned based on their grade level in SIS.
- All **foreign exchange students** whom your school has classified as being in grade 9, 10, or 11, must participate.

# Diploma Requirement and Exemption Requests

- Taking the state's final accountability test, currently ACT with Writing or DLM-AA in grade 11 or 12) is a requirement for students to receive a regular diploma. A self-funded national administration of SAT or SAT with Essay or ACT/ACT with Writing does not meet this requirement. See these links to the [Illinois School Code](#) and [ISBE Rule](#) and search for the word "diploma" to find the references.
- School staff are required to attempt to test all students enrolled during the spring test administration window, and exemption paperwork may be submitted only after all attempts to test the student have been exhausted and unsuccessful.
- For students who may be scheduled to receive a regular diploma before the school's next ISBE-provided administration **or** for those who do not test and are not exempt, districts **may choose to submit** exemption documents.

# Diploma Requirement and Exemption Requests

**Do not test students who are no longer enrolled in SIS.  
Exit early grads from SIS and submit exemption paperwork  
if your district plans to award a regular diploma.**

From <https://www.isbe.net/Pages/HS-Assessment.aspx>

## Overview and General Information

- **Diploma Exemption Documents**

Submit a diploma exemption only for a student who will be scheduled to receive a regular high school diploma before the next administration of the state's final accountability assessment (i.e., ACT with Writing or grade 11 DLM-AA) and hasn't tested or been identified in SIS as being exempt or for a student whose exemption was not identified through ISBE SIS programming according to the [flowchart document](#). If your district believes there is evidence in SIS of an exemption, please write to [assessment@isbe.net](mailto:assessment@isbe.net) for verification before completing any of the diploma exemption paperwork.
