

Steps to Verify KIDS Training on Your ELIS account

KIDStech is moving to Single Sign On (SSO). Single sign-on is an authentication method that enables a user to securely authenticate a set of login credentials that allows the user to log in once and access KIDStech without re-entering authentication factors. **To ensure you are able to successfully login into KIDStech your KIDS Implementation Training must appear on your ELIS account.** Below are step-by-step instructions for you to verify your training date does appear in your account. If your training date does not appear, contact Michelle Escapa (mescapa@roe51.org), with your training date, location of training and copy of the evidence of completion form you received the day of your training.
