

Dear Kindergarten Teachers and Administrators:

The KIDS Winter 2017-18 Rating Window is now opening in KIDStech!

**Please note this rating period is optional!** If your district has made the decision to enter KIDS ratings for the 105<sup>th</sup> day of district attendance, kindergarten teachers can now gain access to the Winter Rating Period. Michelle Escapa, KIDS Coordinator, will be sending out district-specific emails. If your district needs to adjust the data entry window for the 105th day of enrollment, please let Michelle know and she can make those adjustments.

Please note, your KIDStech usernames and passwords remain the same each year.
