					• The Home RCDTS of the student's active enrollment matches the RCDTS of the IWAS user who is entering the data. Rostering is as follows: • Students enrolled in grade 9 will be rostered for the PreACT 9 Secure. • Students enrolled in grade 10 will be rostered for the PreACT Secure. • Students enrolled in grade 11 will be rostered for the ACT with Writing. • Students enrolled in grade 12 will be rostered for the ACT with Writing, only as required. Review Pre-ID rostering logic for Grade 12 Required to Test **here**. If a student will take DLM-AA instead, update the Program Indicators page to Alternate Assessment (DLM-AA)=Yes, under the IDEA Services indicator, which must also be Yes if the student will take DLM-AA.
