The purpose of the Seamless Summer Option (SSO) is to encourage more school food authorities (SFAs) to provide meals in the summer and other times when school is not in session. The Seamless Summer Option (SSO) combines features of the National School Lunch Program (NSLP), the School Breakfast Program (SBP), and the Summer Food Service Program (SFSP). The SSO can reduce some paperwork and administrative burden, making it easier for SFAs to feed children in low-income areas during the summer months or during the extended breaks of a year-round school schedule.

This side-by-side comparison of the Programs serves to highlight the similarities between the SSO, the SFSP, and the NSLP/SBP.
